September 2023

Dear Candidate

The role of Principal is a critically important position within our Trust Schools and it will involve working closely with me to ensure that we meet the ambitions of our agile and beautifully formed organisation.

Our Trust is based on the acronym T.E.A.M. (Together Everyone Achieves More) and I really believe that working as a TEAM we can achieve great things to enable children and young adults to receive the very best education experience. Stubbin Wood is our lead school which caters for special needs pupils aged 2-19; you will be instrumental in continuing to develop the team and available resources.

I'm looking for a candidate who has strategic experience and has the ability to inspire children and young people in education. You will have outstanding classroom practice along with a desire to support a motivated and aspirational team.

If you would like to know more about this exciting opportunity or TEAM, please get in touch.

Yours Sincerely
