Garden International School, Bangkok offers a premium international education, based on the British education model, in a friendly, family orientated environment. We have children represented by approximately 35 countries, immersing all students in a rich diversity of cultures, religions and backgrounds. The school is accredited by Edu Development Trust and has received the International Schools Quality Mark. We are also accredited by Cambridge International Examinations, Oxford AQA International Examinations and the Thai Ministry of Education (ONESQA). We are affiliated to the International Schools Association of Thailand (ISAT).

Garden International School, Bangkok is a coeducational school of around 400 students, with classes from Early Years to Year 13. The school has a wonderful sense of community and class sizes are generally small, with the students well behaved, engaged in their learning and supported by their families.

Bangkok is a vibrant and modern capital city, which has all the international standard amenities you would expect to find, but it also retains wonderful historical districts that allow residents of Bangkok to immerse themselves in Thailand's history. Thailand is an exciting country with rich cultural experiences; it is a beautiful part of the world with year round sun and is a safe place to work overseas. The cost of living is very reasonable and teachers tend to avail themselves of high quality holiday experiences around the region.

We are looking for an energetic, innovative and experienced Primary teacher to join our growing Primary School and specialise in the teaching of the Primary Music and PE programme. This is a great opportunity for a teacher to come and take our specialist programme to the next level.

Appointed teachers from the United Kingdom are to provide, at their own cost (at about GBP 60), an **International Child Protection Certificate (UK)** before travel arrangements are confirmed (refer: http://www.acro.police.uk/ICPC/).
