

HABERDASHERS' ASKE'S

CRAYFORD
ACADEMY

Curriculum Director of Science

Full Time, Permanent

We wish to appoint an exceptional science practitioner who will use their experience, extensive subject knowledge and vision to deliver ambitious and high quality learning and teaching opportunities.

This is a truly exciting opportunity for an existing or aspiring head of science to take on a new role taking the delivery of science one step further in the Academy and, as part of a Curriculum Directors' leadership team, across the Federation.

In this role, you will lead the Science department to make a real impact, developing innovative learning opportunities for students to enable them to achieve outstanding outcomes.

The value and status we give to the role of Curriculum Director is reflected in:

- an enhanced curriculum directors' pay scale;
- a timetable commitment of 50%;
- an opportunity to contribute to curriculum development across the Federation as part of the Curriculum Directors' Group;
- an enhanced professional development programme.

Our goal is that through this role and the associated development opportunities, a successful Curriculum Director will ultimately be equipped to move directly into a vice principal position.

If you feel that this position is of interest and you have the right experience, skills and are ready for fresh challenges, with the ambition to make a real impact then we'd like to hear from you.

To apply please complete the application form and supporting documents found on our website at www.haaf.org.uk/vacancies. Applications should be returned to Lauren Exford, HR Administrator (crayfordhr@haaf.org.uk) quoting reference number 047/CD Science/2017-18/CALE
