Introduction

Welcome to The Bishop of Llandaff

Thank you for your interest in the role currently advertised at our school. I felt helpful if I provided you with a personal perspective of the school so that you may decide whether this is an environment where you feel you would be happy, thrive and be able to contribute.

Located in picturesque Llandaff, our school offers a faith-based education to students across the city of Cardiff and beyond. We are a co-educational 11-18 school with more than 1300 students, which includes around 300 within our sixth form. We also have a specialist resource base, called The Marion Centre, which supports up to 66 students with complex autism spectrum disorder.

Standards of achievement at all levels are exceptionally high. We consistently perform amongst the best in the UK. While we are proud of our academic achievements, the school is much more than the outcomes students achieve. A great deal of emphasis is placed on extra-curricular life at The Bishop of Llandaff and beyond the formal curriculum there are numerous opportunities for students to develop their skills in creative and expressive arts, languages, and sport. A considerable number of our students achieve the Duke of Edinburgh award, while there are a wealth of educational visits and trips, both nationally and internationally which cater for all.

Students and staff enjoy very good working relationships, which helps make the school a great place to work and learn. Our students, as you will see for yourself should you visit, are happy, articulate, hard-working and positive about the school. They are a genuine asset to our community and are, on the whole, an absolute delight! In addition, we have an exceptionally talented group of teaching and support staff who work tirelessly to ensure students have the best possible start in life.

Our families are unstinting in their support of the school, while our governors provide highly effective support to help strengthen the opportunities and experiences available to all our students.

A culture of extremely high expectations permeates all aspects of school life

Estyn

As a school, we work tirelessly to ensure that everyone is well cared for. I encourage you to look at the section in this pack that outlines only a few of our staff benefits. As a result, while we all work hard, we are able to laugh a lot and enjoy coming to work/school.

At our last inspection by Estyn and the Diocesan Authorities, we were judged to be “excellent” in every category. Both praised the school for its work. While we were obviously delighted with this recognition, as a school committed to continuous improvement... we don't think we have cracked it! The school has used this experience as a platform for further development and we will leave no stone unturned in our pursuit of delivering an exceptional education for the students in our care.

We have the highest expectations of/for all who work and learn at the school. Therefore, we are only looking to appoint the finest staff to work with our students. This is what they deserve! The ideal candidate for the role will be energetic, enthusiastic, ambitious and an excellent practitioner. We are committed to growing tomorrow's leaders we will expose you to the highest quality of professional development which will enable you to progress to the next step in your career.

If you would like to have an informal conversation with me about the role then please contact Leah Pucknell, PA to Headteacher, who will arrange a mutually convenient time, either by telephone or Microsoft Teams.

The very best of luck with your application and I very much hope to meet you soon!

About Us

Vision, Ethos and Values

The Bishop of Llandaff was founded in the 1960s to provide a faith-based experience to families within Llandaff, the wider areas of Cardiff and beyond. Our aim is to ensure our students have the best start in life by providing them with an outstanding education! We believe this is achieved by ensuring our students succeed academically; develop the broad range of skills necessary to prepare them for adult life; and by nurturing a core set of moral values which enable each individual to become outstanding citizens of our ever-changing world. As a community rooted in faith and values, we believe school is a place where students, and staff, can find and develop their God-given talents.

Our school is heavily oversubscribed with around four applicants for each place available. Each year group is made up of at least 180 students, with 150 of these places reserved for 'foundation' places. These are predominantly made up of students from a Christian background. However, there are students who attend the school from all world faiths. In addition, the school reserves up to 30 places for those who live within the community but do not necessarily have a faith background.

We seek to prepare each student to develop the skills, attributes, and character to be a successful member of God's Kingdom on earth. Our mission and core purpose clearly shape our behaviours and actions in supporting each person to become the "best version of themselves", as called by God.

Our mission is to be a Christian school which welcomes students of all faiths and those with no faith background. We fully celebrate all forms of diversity as we firmly believe this enriches our school and strengthens the bonds between us. We believe that each member of our community is on a path of self-discovery, growing to know themselves "as they are fully known" in the image and likeness of God. We provide a forgiving and loving environment for all our students, where everyone is respected and treated equally.

Our core purpose is to enable all our students to know themselves and to do good in our world by living out our gospel values of LOVE, ACCEPTANCE, RESPONSIBILITY and FORGIVENESS. This environment encourages each student to reach their full potential and nurture God-given talents.

Collective worship acts as the heartbeat of the school, offering students engaging and inspiring experiences

School Performance

A culture of high expectations in all that we do

The Bishop of Llandaff is a happy and thriving school. Results are consistently well above modelled expectations across all key stages. As a result, each year students achieve outcomes which places the school amongst the very best in the country, both in raw and value-added terms.

We are very proud of the efforts of our students and staff. However, our staff work tirelessly to build on our successes and to help raise performance where this may be needed so that students achieve their full potential.

In 2023, 98% of students achieved 5 or more A*-C grades at GCSE, with 92% including English and mathematics. Impressively, more than a half of students achieved 5 or more A*-A grades, with a capped points score (across the best 9 subjects, which include a mixture of core and non-core subjects) of 448. This is the equivalent to, on average, every child achieving at least 9 B grades. These results, which include our autistic resource base, place the school well above the average performance within the city of Cardiff, nationally and against schools of a similar profile.

The school is excellent at developing person qualities and achievements

Section 50

At A level, outcomes were also very strong, with 37% of students achieving 3 or more A*-A grades and 84% of students achieving 3 or more A*-C grades. Many of these students left us to continue their studies at university throughout the country (and some abroad on full scholarships). However, we are most proud that every one of our students had a progression route to the next stage of their lives, regardless of pathway.

During the spring of 2018, the school was inspected by Estyn and later, in the summer term, by the Church in Wales. For each visit, the school received “excellent” judgements in every category of the inspection frameworks. To access the inspection reports click on the highlighted links: **Estyn Report**; **Diocesan Report**.

In December 2019, the school was awarded “World-Class School Quality Mark”, the first and, to date, the only education provider in Wales to achieve this accreditation. In 2022, this was re-designated as a ‘World-Class School’ and will now retain this status indefinitely.

We are pleased that the efforts of everyone connected with the school community is recognised. However, the culture at The Bishop of Llandaff is one of continuous improvement and these accolades are part of our school ‘journey’ rather than being viewed as the ‘destination’.

The Bishop of Llandaff is an amazing school. I firmly believe the staff put the children first and encourage them to be mature and develop without using a “big stick”. The results the school achieves speak for themselves

Advice to applicants

'Top tips' when applying for the post

We recognise that applying for a new role can be quite demanding and, for many positions, very competitive. The selection process is designed to ensure the school appoints the best person for the role. However, it is not intended to be a negative process and this section is designed to support all applicants.

Pre-Application

Prior to applying, we recommend that you **do your research** beforehand. Visit the school website, read the latest inspection reports and the candidate pack in detail. Reflect on whether you believe you meet the **requirements of the person specification**. If you think the role suits you and your skills, then apply. If it doesn't then, it is probably not a good match in the first place.

Informal conversation/visits

We encourage applicants to **visit the school** and 'see us in action'. This can be challenging for applicants, especially with existing work commitments and, at times, limitations because of distance. However, in the absence of visiting, we recommend you **make contact for an informal and confidential discussion** about the role. You can contact Marc Belli, Headteacher by email bellim@bishopofllandaff.org and can then arrange a discussion by telephone. This will offer you the chance to ask questions you may have about the school and/or role.

Application Form

The application form can be time consuming, but it is an important part of the process. Make sure you **complete all sections**, including qualifications and employment history. These should be in chronological order, and it is important that you **avoid leaving any gaps or information**, such as grades/classifications of qualifications, which is not explained. For example, your employment history. Even if the work is not related to education, the skillsets acquired may help demonstrate your suitability against the person specification.

Supporting Statement

The supporting statement is a **key piece of evidence** used to demonstrate applicants **meet the person specification** for the role. We do not have an 'essential' and 'desirable' section. Therefore, the selection panel will choose candidates who best meet the criteria.

We recognise that applicants may be writing applications for a number of schools at the same time. However, specific advice to help include

- Take a look at the person specification and the next steps section of the candidate pack. This carefully explains what the statement should focus on. **Write your statement against the criteria;**
- **Demonstrate successes and measure these with 'impact'**. In other words, explain the result of your actions on student achievement, progress and wellbeing;
- As best as possible, **try to personalise the statement to the school;**
- The statement is not a letter so there is **no need to include addresses** etc. These are included in your application; and
- Aim to keep the statement to **no more than two sides of A4.**

Before you click send

- Get someone you trust you **check over your application to check for spelling mistakes and grammatical errors;**
- Ensure you have followed the instructions set out in the application details;
- Make sure your statement is addressed to the right school. Occasionally this mistake happens.

Students make outstanding progress in their subject knowledge and skills. Outcomes in key stage 4 are substantially higher than those in similar schools in nearly all indicators
