

## Teacher of Computer Science and Digital Learning Lead From August 2025

### JOB OVERVIEW

We are seeking to appoint an enthusiastic and inspiring teacher of **Computer Science and Digital Learning Lead** to join our team from **August 2025**. This exciting role combines **teaching Computer Science up to the IBDP level** with **leading the school's digital learning strategy**.

As **Digital Learning Lead**, you will collaborate with staff to integrate technology into teaching, enrich student learning experiences, and ensure the effective use of digital tools and platforms across the curriculum.

### LE RÉGENT INTERNATIONAL SCHOOL

**In the heart of the Swiss Alps** at 1,500 metres in an exceptional mountain environment, Le Régent students experience h<sup>3</sup>, a multi-dimensional education that engages the head, heart and hands. Empowered to discover their talents and passion for life, they are challenged with demanding academic and outdoor education curricula that develop their intellect, nurture character development, and equip them with practical skills.

**Our educational approach** is rooted in intercultural understanding, with student well-being at the core of everything we do. In a highly international, close-knit community with a family-like atmosphere, our students have countless opportunities to take on leadership roles and grow into responsible global citizens eager to shape the future with confidence. By the time they leave Le Régent, they are more knowledgeable about themselves and the world at large, as well as responsible, resilient, caring, and prepared for life beyond school.

**Pastoral care** is at the heart of everything we do. Our dedicated academic and pastoral teams work hand in hand to create a nurturing, welcoming environment where every student feels valued, supported, and empowered to flourish. For our boarders, this means a true home away from home—where they are encouraged to explore their passions, develop their talents, and build meaningful, lifelong connections with both peers and educators.

**Our 2024 IB results** continued to surpass the global average and our graduates continue to earn places at prestigious universities worldwide.

### Facts & Figures

- Boarding & Day School
- 260 students / 100 staff members
- 54 nationalities

- 4 to 18 years of age
- IB Diploma or Régent Diploma

Le Régent is an Eco-School, a CIS member, and an official examination centre for the IB Diploma Programme, DELF, SATs and IELTS.

## JOB SUMMARY

The **Computer Science Teacher & Digital Learning Lead** is responsible for delivering high-quality Computer Science education at the **pre-IB** and **IBDP level** while also leading the school's **digital learning strategy from August 2025**. This role involves curriculum development, fostering innovation in teaching through technology, and supporting staff in integrating digital tools to enhance student learning. The successful candidate will play a key role in ensuring students develop strong computational and critical thinking skills while also driving the school's vision for effective and meaningful use of technology in education.

## Key Responsibilities

### Computer Science Teacher

- Plan and deliver engaging and challenging Computer Science lessons, ensuring alignment with the IBDP curriculum.
- Foster critical thinking, problem-solving, and computational skills among students.
- Assess and monitor student progress, providing effective feedback to support their academic development.
- Contribute to the wider Science department, sharing best practices and supporting cross-disciplinary projects.

### Digital Learning Lead

- Develop and implement the school's digital learning strategy, ensuring technology is effectively integrated into teaching and learning.
- Provide training and support to staff on the use of digital tools and platforms.
- Enhance student learning experiences by identifying and promoting innovative digital methodologies.
- Collaborate with various Faculties to ensure a cohesive approach to digital education.
- Stay updated with advancements in educational technology and recommend best practices.

## Qualifications and Experience

- A qualified teacher with a strong background in Computer Science.
- Experience teaching IBDP Computer Science (preferred).
- Experience in designing and implementing digital learning strategies
- Strong leadership and collaboration skills, with the ability to support and guide colleagues in integrating digital tools.
- Excellent communication and problem-solving abilities.

This is an exciting opportunity for a dedicated educator who is eager to shape the future of digital learning while inspiring students in Computer Science.

## RECRUITMENT PROCEDURES

We reserve the right to appoint the right candidate ahead of the closing date. Appointment to take effect from the 26 of August 2025.

Applications should be through the [TES website](#).

Le Régent is committed to safeguarding and promoting the welfare of children. Applicants will therefore need to undergo child protection screening appropriate to the post.

## Third-Country Nationals' Applications (non EU/EFTA)

Third-country nationals should be aware that obtaining a work permit is a lengthy process with stricter regulations for third-country nationals (such as those from the UK) compared to EU/EFTA nationals. While we may consider appointing a third-country national, preference will be given to candidates who hold a Swiss residence permit or an EU/EFTA passport.
