Thank you for your interest in working at Sunningdale.

Sunningdale is family owned and operated and I have been Headmaster since 2005. I live in the main school building with my wife and children and the strong sense of community and togetherness makes Sunningdale a very special place to live and work.

Sunningdale has a very strong reputation in the prep school world. We are known for having boys with good manners who do very well and go on to the best senior schools in the country. Our reputation for excellence in academics, sport and music is the envy of many much larger schools.

For me, the most important thing has always been that both staff and pupils enjoy being at school. School has to be fun. We work hard and we are very ambitious for our boys but they will only achieve what they are capable of if they are happy. The same is equally true of everybody who works here.

There is a real sense of camaraderie amongst all the staff. We all support each other; we celebrate each other's successes and we are there when things are more difficult. There are regular staff events, which are very well attended.

Many of our staff live on site or in accommodation that we have very close to the school. Staff have access to a very well equipped gym, a swimming pool, 25 acres of grounds and membership of a golf course two minutes from the school.

I very much hope that you will apply for a post that we have available. Please do not hesitate to contact me if you have any questions.

Yours,

Tom Dawson (Headmaster)
