

Welcome Message

Baylis Court School is an outstanding 11-19 secondary school for girls. Our tradition of outstanding academic results at Key Stage 4 and in our Sixth Form is a result of the dedication of staff and the stimulating learning environment which they create. We constantly explore ways in which we can improve. Our teachers are passionate about learning and continuously challenge students to achieve their very best. Academic learning is partnered with an inspiring breadth of extra-curricular activities.

At Baylis Court School we believe in preparing our students to be active participants in society. Students have many opportunities to take on and learn the responsibility of leadership and we encourage them to be ambitious, respectful and resilient. By the time students leave us they have developed into confident, independent and articulate young people.

Please take this opportunity to explore our website and contact us if you would like to experience firsthand Baylis Court School's friendly yet challenging learning environment.

Mr Ray Hinds, Principal
