11 March 2019

Dear Prospective Candidate

Beaumont is a truly outstanding school which achieves the very highest levels of academic success across a broad and balanced curriculum, supported by excellent pastoral care. We are an 11-18, mixed, community school with Academy status, located on the east side of St Albans, with specialisms in Languages, Mathematics and Computing. The school provides an outstanding education where all students are encouraged to succeed and are given a wide range of learning and enrichment opportunities in which to 'enjoy and excel'.

The school has recently been enhanced by the construction of new, state-of-the-art facilities for Sport, Mathematics and Computing and we continue to strive to improve our students' experiences in all areas. A new Science block, due to open in September 2019, is currently under construction, alongside the refurbishment of some of our older buildings.

I am immensely proud to be the Headteacher of such a fantastic School, with over 1200 students and 150 highly qualified staff who are committed to giving of their best throughout their time with us. We are strongly supported in this by our Governing Body and parents

I hope that you will visit our website: www.beaumontschool.com to gain an insight into life at Beaumont and it will help you to decide whether Beaumont is the right school for you and that, if you join us, you too will 'enjoy and excel'.

Martin Atkinson
Headteacher
