

## ST GEORGE'S RC SCHOOL

### THE VISION

'Inspired by Gospel Values to Learn, Achieve and Excel'

A demonstrably Catholic and inclusive community where Gospel values underpin the ethos "serving others, tolerance, prayer, forgiveness".

Well resourced, efficiently and sustainably managed and providing first-class learning resources and facilities for an 11-19 roll.

Consistently the highest achieving non-selective school in Westminster, a model of good practice and graded by Ofsted as 'exceptional'.

An Academy School at the heart of the local community: linking with partner institutions and offering an appropriate range of courses and facilities.

An academic school with a wide extra-curricular provision, high expectations and a relentless focus on teaching and learning. A school where pedagogy is taken seriously. "Every lesson, at least a good lesson".

A rewarding institution in which to work and a good employer. An Investor in People providing excellent opportunities and facilities for Continuous Professional Development.

An oversubscribed school of first choice where pupils exhibit excellent standards of learning, behaviour, smartness, self reliance, punctuality and politeness.

A school with a high performing Sixth Form, achieving the highest value added grades thereby attracting the vast majority of our own students as well as external applicants.
