

SCHOOL IMPROVEMENT PRIORITIES

The overall priority is to move from good to great. The school needs to be modern in its approach, outward facing and embrace change. The key to this is to develop the staff body (both teachers and support staff) to deliver this vision. For students, Calday Grange Grammar School will be a vibrant, dynamic place to study and no matter what their individual talent is, it will be realised in this school.

The school environment will be uplifting and promote excellence in all that we do and inspire young people to follow in the footsteps of the many successful people who have walked the corridors of this esteemed institution.

PRIORITY 3 - TO IMPROVE STUDENT PROVISION AND OUTCOMES

Reasoning: Successful implementation of the priorities above will lead to improved provision and outcomes for students.

PRIORITY 4 - TO REMOVE BARRIERS TO ACHIEVEMENT AND DEVELOP THE WHOLE CHILD
