

St Simon Stock Catholic School

Dear Applicant,

Thank you for thinking of applying for the post advertised.

We are an excellent school in all areas of Teaching and Learning. Our outcomes as a non selective School in a selective County [Kent] are outstanding with well above average ratings for the past three years since we have surpassed +0.5 for progress. We are searching for staff to deliver excellence in their own teaching and assessment as well as leading others within their team towards that same goal.

The type of staff we would like to appoint would be a colleague who is

- Creative and full of enthusiasm, maintaining positivity at all times
- A practitioner who has excellent subject knowledge which has impact on students who have produced very good results
- A member of a team who is creative and collaborative
- Someone who is committed to regular and ongoing CPD
- A person who is comfortable with the Catholic Christian values of the School but who is not necessarily a Catholic
- Someone who is ambitious with the desire to progress in their career

If you feel you have what it takes to make a difference at our school, we would love to hear from you.

Please submit an application form to the Personnel Manager, Mrs Theisen, email address theisenc@ssscs.co.uk or visit our website or ring to speak to Mrs Theisen on 01622 689422 to find out more details.

Yours faithfully

Brendan J. Wall
