

Mission Statement

Student's views and rights are central to the ethos of Valence School.

Its mission is to provide a learning community where there is quality education, care, access and therapy in order to promote each student's intellectual, physical, social, emotional and spiritual wellbeing.

Our work is about enabling children and young people who have special physical, medical and sensory needs to develop the knowledge, skills and understanding together with the confidence, self-esteem and self-dependence necessary for them to participate in and contribute to society in the way each chooses.

The School's aims are to:

1. Meet the individual needs of each student as documented in their individual Statements of Special Educational Needs.
2. Maintain and develop in students lively enquiring minds; to promote the ability to question and argue rationally; to encourage students to apply themselves to a range of tasks and skills.
3. Provide a multidisciplinary approach to a broad, balanced and relevant curriculum that meets individual needs with full access and accreditation.
4. Raise students' self-esteem and self-confidence and create in them a sense of personal excellence enabling them to acquire knowledge and skills relevant to life in a fast-changing world.
5. Help students to develop self-knowledge, spiritual and moral awareness and understanding and respect for other people's feelings, values and beliefs.
6. Help students to understand the multicultural world in which they live as citizens and the inter-dependence of individuals, groups and nations and the rights and responsibilities of living in today's Britain.
