

The journey to outstanding...

- Our School will be a place of **innovation**, with **high expectations**, **high challenge**, **high support** and a **shared vision**.
- We will be **innovative** in our approach when creating the very best opportunities for all pupils and equally we will expect our children to be innovative – confident to learn by their mistakes, try new things and be resilient.
- Our school will consist of a **team of highly motivated, positive and enthusiastic adults who are relentless in their pursuit of excellence for all**. All adults will have a **thirst for knowledge** – keen to learn and embrace new ways of teaching, new directions and initiatives and **always thinking** of ways for **self-improvement** as well as school improvement.
- We will all **deepen our relationship with God and with each other**, with prayer and worship at the core of all we do.

'St. Austin's is a school embarking on an exciting new chapter: the journey to outstanding.'
