

St Wystan's

Independent Preparatory School and Nursery
for Boys and Girls aged 2½ to 11 years

Headteacher: Ms Kara Lebihan

St Wystan's is a non-selective school that prides itself on its reputation for producing happy, successful children. Each individual in our school community is extremely special to us and we continually strive to create a varied and stimulating environment for boys and girls aged 2½ to 11, so they can develop, be happy and flourish. Small class sizes encourage independent learning, informed risk taking and thinking 'out of the box'. Ultimately, we strive to ensure that all our pupils develop a real thirst for learning.

Situated in the heart of Repton, St Wystan's School and Nursery prides itself in providing an outstanding all-round education, equipping pupils not only with strong academic standards but also the essential qualities and skills required beyond their time at our school.

We have an excellent reputation in securing first choice secondary schools for our children. The School is proud of the range of scholarships it secures annually. The area is rich in both high-performing senior schools for boys and girls. Parents are guided in next school options and have the opportunity to make informed choices at a time in which a child's true academic potential can be accurately predicted and talents in other areas identified. Indeed, each pupil's individual talents and strengths are recognised and utilised ensuring all achieve their full potential, in a vibrant, busy yet nurturing environment. Specialist teaching is introduced at an early age and we offer numerous extra-curricular activities each week.

Literature cannot replace the value of direct experience. Please do come and visit us, we will be delighted to welcome you.
