"I am absolutely delighted with the Shiplake College A level results – the second best in the history of the school. After such a challenging academic year, they are testament to the hard work and motivation of our pupils and also the commitment and professionalism displayed on a daily basis by our staff. What gives me most pleasure is that not only are we delivering top grades for our most able pupils, with increased numbers of A\*s and As, we are also looking after the whole cohort, evidenced by over 90% of the year group achieving A\*-C, the first time we have hit that milestone."

### Sixth Form Results

"Congratulations to the Year 11s on their results this morning. It's been the most interesting and slightly unique and chaotic lead up to exam results, but the main thing is that the grades the pupils have received are the grades that their teachers believe they deserve, based on two years of attainment and work ethic. So if you're sitting there with a smile on your face it means that rightly you can give yourself a pat on the back. We wish all the very best of luck to those pupils going on to pastures new and who will not be with us next year. We are also welcoming lots of new pupils into Year 12, as well as those returning from Year 11, and it is our responsibility to make them feel welcome. They will have the new Sixth Form Centre to enjoy, to socialise with each other and get to know one another for their new Sixth Form experience. Today has been a good day for Shiplake College but what's really important is that in 10 days' time when you return to school that we make the strongest possible start right from day one, embarking on their Sixth Form subjects. We all look forward to seeing you at the start of September."
