Ethos and Values

Teaching, Learning and
Assessment is personalised
for every individual to ensure
progress for all.

Create a culture of collaboration and information sharing between staff

Provide students with a curriculum that is broad and balanced, meets student needs, builds on prior learning and challenges all students.

Staff professional development and well-being needs are met and sustained over time.

our
vision is to
be an outstanding
academy in every aspect of
what we do. Every student will
be equipped to be a resourceful,
resilient and independent
individual, fully prepared to
take the next steps in
their life.

All staff establish excellent working relationships with students that lead to high levels of trust, creating a climate for learning that is challenging and inspirational.
