

OUR VISION

As we celebrate 150 years of Cranleigh education, we reflect both on our achievements and on our aspirations.

In the following pages we share our ethos and a strategy for the future that will enable us to provide the highest quality of education and opportunity for our pupils and our community.

Our outlined development programme will support this strategy, ensuring that Cranleigh School is at the forefront of educational thinking and practice for the next 150 years.

OUR HERITAGE

Cranleigh is proud of its heritage. From its roots as a community School for the sons of local farmers through to the international family of co-educational Schools it has become today.

We have retained our 280 acres of beautiful Surrey countryside and remain a friendly boarding School; it is still true that each individual in our community knows each other.

Our ethos continues to celebrate co-curricular success alongside academic excellence with remarkable results for every pupil, year on year. Above all, it seeks to fulfil the aims of its founders in encouraging Cranleighans to look beyond themselves to make a difference to the society in which they live and work.

Old Cranleighans maintain strong links to the School through our Network and Society and in this way will contribute as much to the School's future as they have to its past.

OUR FAMILY

CRANLEIGH
PREPARATORY SCHOOL

Through our strong bond with Cranleigh Preparatory School, itself now more than 100 years old, we are able to provide a continuity of co-curricular education from 7 to 18 and a nurturing educational environment.

CRANLEIGH
EX CULTU ROBUR

Through our global partnerships we take steps to ensure that our students are connected to thinking and experiences beyond our South East location. Our new sister school in Abu Dhabi brings many opportunities for cultural and physical exchange. Kawama, our partner school in Kitwe, Zambia, welcomes students and staff every year through our Beyond Cranleigh initiative, which is expanding to enable us to provide community employment.

CRANLEIGH
ABU DHABI

Students and staff involved in exchanges gain powerful new perspectives that bring life and ideas to our family of Schools.

EX CULTU ROBUR

CRANLEIGH

EX CULTU ROBUR

The Cranleigh family shares our original motto, the phrase at the heart of the School when it was founded in 1865. Ex Cultu Robur (from culture comes strength) informs a robust education ethic and a heartfelt belief in the holistic development of young people.

Our day is built around a strong academic timetable that also prioritises time for sports, music, drama and the creative arts, enabling every child's talent to flourish. Old Cranleighans – our celebrated academics, politicians and business leaders, our national standard athletes, our musicians, artists and actors – are testament to its success.

OUR ETHOS

Cranleigh aims to provide young people with: the strength to succeed; the wisdom to make informed choices; resilience in the face of failure or difficulty; and the insight to recognise their privilege and to shape the future culture of the world through lives of service and leadership.

Arising from the School's Christian heritage and cultural background, at the heart of a Cranleigh education are four central values of **Service**, **Relationships**, **Leadership** and **Excellence**.

OUR ETHOS

Service: All in the community are encouraged to adopt an attitude of service to each other and the wider community.

Relationships: Strong relationships are fostered as a priority in a predominantly boarding community. Children flourish within safe, supportive environments.

Leadership: Openness, integrity and thoroughness are characteristic of everything we do. Cranleigh aspires to lead thinking and practice in holistic, boarding education. Cranleighans will be equipped with the knowledge and skills to shape future culture.

Excellence: Cranleigh will strive for excellence in everything it does and aspires to be recognised both for its educational vision and for the personal qualities of Cranleighans.
