

Marymount LONDON

Where girls love to learn!

A top IB day and boarding school for girls aged 11-18.

Where girls love to learn!

Founded in 1955, Marymount London is part of an international network of schools established by the Religious of the Sacred Heart of Mary.

When Mother Butler founded the first Marymount school in New York, she had a forward-thinking vision to:

“educate the heart and mind, and to provide for each student’s total growth, intellectually, spiritually, socially, and physically”.

This philosophy remains at the core of what we do.

As the first all-girls’ school in the UK to adopt the International Baccalaureate (IB) curriculum in 1979, Marymount London is a pioneer of what is recognised as ‘the gold standard in education’. This, coupled with the Middle Years Programme on offer at our school, promotes genuine intellectual curiosity with independent and creative thought across a broad range of subject disciplines. The IB Programme enables our students to embrace a comprehensive set of skills and attributes providing an excellent foundation for higher education and beyond!

At Marymount London we are committed to the holistic development of your daughter and see it as our privilege to work in partnership with you to help her realise her true potential. We pride ourselves on taking an approach that allows students to discover their unique gifts and talents and be empowered to engage with the world they will enter; unafraid to challenge and take risks when necessary.

Whether innovating in our STEAM Hub, debating in class, dancing on the stage, or learning a new world language, Marymount girls are encouraged to sharpen their critical thinking skills, collaborate with others, and celebrate our wonderfully diverse community of over 40 nationalities. Our graduates are truly global citizens who are internationally-minded. They leave us well prepared for the world they will enter and eager to make a positive contribution in whatever path they choose.

Our garden campus is located just twelve miles from central London. We warmly invite you for a tour of our school, to see for yourself what makes Marymount London such a marvellous place for girls and young women to learn and grow into their very best selves.

Warmest regards,

Mrs Margaret Giblin
Headmistress

“I have really enjoyed my years as a boarding student, mostly because of the interesting people I have met who have become my second family. I have learned from each experience which has made me a better person.”

– Grade 9 student

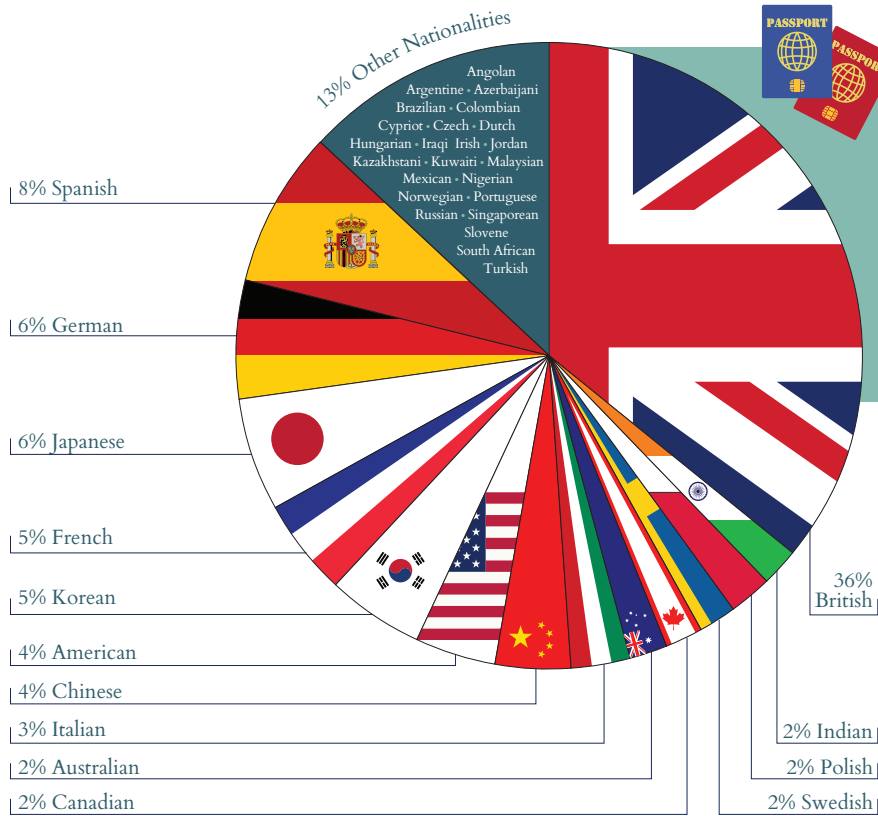

“The facilities are state of the art, the teaching methods are creative, collaborative, and often employ technology as tools in a variety of subjects. The campus is lovely, the entire staff is accessible, and the motives/ethos are genuine. Marymount does not misrepresent itself; it is as warm and embracing as it appears.”

– Marymount parent

“I joined Marymount after being in an all UK curriculum for the past 8 years of my life... Transitioning to an IB school has given me the opportunity to flourish in every aspect of school life, and I believe it has truly given me a life-long love of learning.”

– Grade 8 student

Our Diverse Student Family

33% of the students hold two or more passports. Their primary passports build a student body representing 39 nationalities with a wide range of religious backgrounds.

57% CHRISTIAN

CATHOLIC
25%

43% OTHER WORLD FAITHS

36% of our students earned a bilingual diploma, 13 mother tongue languages are supported.

Proudly All-Girls

One of the most important things you can give your daughter is self-confidence and self-belief – qualities that girls' schools deliver in abundance.

PROVEN BENEFITS OF GIRLS' SCHOOLS:

Freedom From Stereotypes

There is no such thing as a girls' subject or a boys' subject, girls are free to follow their inclinations without pressure.

Leadership Opportunities

In girls' schools all leadership positions are filled by girls. Sports captains, student presidents. Girls don't just believe they can lead, they actively see themselves leading in every field.

Academic Excellence

Girls at all-girls schools achieve a disproportionately large share of top grades.

Proudly IB

*IB students develop strong academic, social and emotional characteristics.
They are also likely to perform well academically – often better than students on other curricula.*

The Middle Years Programme

GRADES 6 TO 10

Middle Years Programme (MYP) students learn *how* to learn. Students gain deeper understanding in a creative, collaborative environment which fosters critical thinking, resilience, and independence.

The MYP encourages students to draw meaningful connections between eight broad and varied subject groups: Language & Literature, Language Acquisition, Individuals & Societies, Science, Mathematics, Arts, Design, and Physical & Health Education. With a central focus on the development of conceptual understanding and effective approaches to learning skills, the MYP is a student-centered, inquiry-based program rooted in interdisciplinary learning.

Students are challenged and supported to become effective communicators, open-minded inquirers, and reflective practitioners, thus acquiring the foundational skills needed to experience success in the Diploma Programme.

The IB Diploma

GRADES 11 AND 12

The IB Diploma Programme (DP) is recognized and highly respected by the world's leading universities. Marymount Diploma candidates study one course from six subject groups, three at Standard Level and three at Higher Level. These must include two languages, one subject relating to social studies, one laboratory science, one mathematics, and a sixth subject, which may be music, theatre arts, visual arts, or another in the first four categories mentioned.

In addition, all Diploma candidates follow a critical-thinking course entitled Theory of Knowledge, submit an extended essay (normally related to one of the examination subjects) and participate in the Creativity, Action and Service (CAS) programme.

Students and teachers collaborate closely in preparation for IB exams in May, through internal assessments, class presentations, projects, and extensive independent research.

FOR 40 YEARS, MARYMOUNT HAS BEEN PROUDLY IB.

Reimagining the Admissions Process

At Marymount London we offer an alternative to traditional 'entrance exams'. We believe that a high-stakes and stressful test environment is not the best measure of any child's future potential. Our admissions approach is truly personal and holistic. Whether it be through a private tour of the school or a Q&A session over Zoom, our experienced Admissions Team look to build meaningful connections with families from the very first meeting.

Throughout our innovative assessment process, that includes one to one meetings with senior faculty members, baseline assesment and problem-solving observations, we look to uncover the unique gifts and talents of our potential students. We will only offer places where we are confident that we can provide a student with the perfect environment to flourish.

Scholarships and bursaries are available, please contact our Admissions Team for more details.

Boarding

Boarding at Marymount London means living in a vibrant community with girls from around the world, discovering new experiences, and managing a balanced and challenging academic programme in an environment that provides structure, support, and plenty of fun. We are an inclusive school community that prides itself on giving each girl a place where she will feel at home.

The lines between the experiences of our day and boarding students are intentionally blurred in order to form a unified student body. The girls share a full academic day, enriching activities, and opportunities to grow in their understanding of themselves and others.

Marymount students experience the best of both worlds: an opportunity to live/study in the beautiful Surrey countryside and easy access to one of the greatest cities in the world. London is only 20 minutes away and easily accessible by public transport. Museums, shows, historic sites, international cuisine, parks/gardens, and shopping are all within easy reach.

Options include Full, Weekly and Flexi-Boarding

Top University Placements

Just as prospective Marymount families look to place their daughters in an environment where they will thrive and make a seamless transition, our College Counsellor will be there every step of the way when it is time for your daughter to look for a new home upon graduation.

Personal and strategic guidance is offered throughout the entire university research and application process. IB Diploma students (Grades 11 and 12) participate in group and individual lessons with the College Counsellor; they are encouraged to reflect on their identity and values as well as to celebrate their unique gifts and talents. Workshops highlight myriad options available to our students and demystify the process for the entire family.

Additionally, the comprehensive support offered with each student's Personal Statement, College Essays, and university interview preparation enables her to find her voice and to shine as she embarks on this exciting new chapter.

Marymount is recognized as a top performing IB school which consistently produces both outstanding results and accomplished graduates who experience success throughout their university careers. There is no doubt that an IB education is highly valued by the best UK and international universities. Admissions representatives from exceptional schools seek to visit our campus throughout the year to meet and engage with our Diploma students.

"I am eternally grateful to Marymount for the guidance, mentorship, and constant support that allowed me to develop into a confident young woman. Without the support of the teachers and the community, I would have not reached my dream school."

PART OF A GLOBAL NETWORK OF RSHM SCHOOLS

GOALS of an RSHM SCHOOL

1. To foster a personal relationship with God.
2. To create unity through diversity.
3. To instil a lifelong love of learning.
4. To encourage and affirm personal growth.
5. To awaken a consciousness of social justice.
6. To fulfil the RSHM mission
“That all may have life.”

MISSION STATEMENT

Marymount International School London is an independent, Catholic, all-girls', IB world school that empowers young women to be “firm in faith, vibrant in hope, rooted in love and one in service.” Marymount students question, challenge and contribute meaningfully as intellectual and compassionate global citizens.

“Marymount has given me the opportunity to try new things that I never thought I would have done before; Model UN, a performing arts festival, and a leadership conference. Not only were these fun experiences, but I was able to meet students from other Marymount schools. I now have friends from Rome, Paris and Portugal.”
