Full-time Courses

www.nescot.ac.uk

 **Nescot**

Welcome to Nescot

I am very pleased that you are considering Nescot for your post-16 education. Nescot is a great place to learn and develop. Every year most of our students progress to university, further training, apprenticeships or enter employment with good prospects. Quite a few students stay at Nescot for their university-level education, as we offer a number of degree-level courses. We are also developing higher-level apprenticeships to support the priority for more people trained to levels 4 and 5 in professional and technical qualifications.

Nescot is a caring and inclusive college. We support our students well and we have a team of dedicated professionals who ensure that our students with additional needs succeed. We are very focused on bringing the best out of you and helping you to develop the skills employers are looking for. We invest a lot in helping you prepare for the transition to employment.

The teaching at Nescot is very good, and often students tell me how inspirational they find their tutors. Don't take my word for it. Come and see us at our Open Evenings and talk to students and staff. It is often the Open Evening experience that convinces students to apply and enrol.

Best wishes,
Cliff Hall
Principal

About us

OUR MISSION

To inspire our students to be the best that they can be

OUR VALUES

- ▶ We put students' success and wellbeing at the heart of everything we do
- ▶ We have high expectations and aim for excellence
- ▶ We are collaborative, striving to positively engage our students, staff and partners
- ▶ We are committed to sharing good practice, entrepreneurship and innovation
- ▶ We celebrate diversity and challenge bigotry
- ▶ We are ethical and inclusive

TEN GOOD REASONS TO STUDY AT NESCOL

- ▶ £42 million invested in our campus since 2014
- ▶ Take part in regional, national and international competitions. Our students have won ten gold, five silver and two bronze medals at WorldSkills UK in the last six years.
- ▶ Highest point score in Surrey for 16-to-18-year-olds at Further Education colleges
- ▶ Ofsted rated us as Good in 2016
- ▶ Personalised teaching and specialist learning support
- ▶ Practical experience, not just theory learnt in a classroom
- ▶ Lecturers with specialist industry knowledge
- ▶ Safe, green campus, large free car park, and good transport links
- ▶ Starbucks on campus
- ▶ More than 130 Nescot students were offered places at universities last year

DID YOU KNOW?

You don't have to stay at school. Nescot offers a different route to university. Our courses prepare you for employment. We provide you with practical experience, not just theory learnt in a classroom.

Our approach

SAFEGUARDING

We take our duty to protect and promote the welfare of vulnerable adults and people aged under 18 seriously. The college has a designated Safeguarding Officer, and our Safeguarding Policy is available from Advice and Guidance or by visiting: www.nescot.ac.uk/policies

WE RESPECT EVERYONE AND CELEBRATE OUR DIVERSITY

Nescot is an inclusive college and welcomes all students.

We are committed to providing support so that all students have an equal opportunity to access learning and reach their goals.

More details are available in our 'Supporting You' leaflet, and our 'Single Equality Scheme' statement is available at: www.nescot.ac.uk/policies

STUDENT CODE OF CONDUCT

As a member of the college, you have rights and responsibilities. When you sign your learning agreement at enrolment you are signing up to our code of conduct. Full details of this are available from Advice and Guidance, and your tutor.

COMMENTS, COMPLIMENTS AND COMPLAINTS

If you wish to inform us of a comment, compliment or complaint, please ask at reception for a form. Complaints and compliments are monitored to support you and to help us improve our services.

All complaints are investigated in accordance with our complaints policy, which is available from our website.

All compliments are celebrated!

LIFE AS A STUDENT AT NESCOL

Once you start your course at Nescot you'll have the opportunity to get involved in lots of different activities. Most of our students go on trips and do work experience placements as part of their course. You could also compete in regional, national or international competitions like Young Enterprise or WorldSkills, fundraise for charity or mentor other students. You could also represent your class in our college forum and get involved in helping us continue to improve Nescot. All these things will help you to improve your grades, as well as helping you develop skills that we know employers love.

FACILITIES AT COLLEGE

Another great thing about studying at Nescot is all the facilities you'll have access to. You'll obviously get to use great equipment as part of your course, from huge open studios for Art and Design to brand-new state-of-the-art kitchens for Catering. But whatever you study you'll be able to take advantage of:

- ▶ Treatments in sports therapy clinic
- ▶ Starbucks
- ▶ Our brand-new professional hair and beauty salon
- ▶ Our on-site gym
- ▶ Our Employer Hub, to help you find a job
- ▶ Treatments in our on-site Osteopathy clinic
- ▶ Our large library
- ▶ Our new on-site restaurant, The Le Raj Academy, and our canteen

You can also try out for our college football academy. You'll be able to represent Nescot in league and cup competitions and you'll be coached by Jack Johnson, Academy coach and scout at Championship side Fulham FC. Former Academy players have moved on to professional and semi-professional football clubs, won scholarships to play in the USA and started careers in coaching roles.

Helping you succeed

During your first few weeks, you and your tutor will set challenging but achievable targets tailored to your progress and career aspirations. Your progress towards your targets will be shared with your parents or carers.

You must attend classes, including maths and English and work experience placements, or provide a valid reason for your absence. Any absence will be followed up and your attendance and punctuality will be discussed at reviews with your parents or carers.

WHAT IF I NEED EXTRA HELP?

We strongly encourage you to tell us about any additional learning or physical needs you have when you apply. That way we can make sure that any help you need is in place for when you start your course. We also have a counsellor and a nurse available during term time.

If you are in care or have recently left care, we will ensure you have a strong support network at college. We can work with other agencies to help you in a range of ways, from giving you emotional support to practical advice and, in some cases, financial support. For example, we've helped our students deal with housing issues and change accommodation, buy emergency food, pay for trips and help with purchasing safety equipment for the course.

Adele Stewart, our welfare officer, has special responsibility for looked-after students. She can be contacted by emailing astewart@nescot.ac.uk or calling **020 8394 3393**. You can also contact the Student Finance team to find out more about bursaries available for students who are in care or have recently left care.

Financial support

We strongly believe that all students should have access to learning, regardless of their financial circumstances. Nescot's specialist financial support team are on hand to answer any questions you have, and they will support you in every way possible.

We have a range of financial schemes you may be eligible for. These include free meals at college, support with childcare, help towards your tuition fees or a grant to help you pay for your books, equipment or travel.

STUDENT FINANCE OPENING HOURS

Monday to Thursday: 8.30am - 5pm,
Friday: 8.30am - 4.45pm

Resources and facilities

At Nescot you will find specialist facilities for every subject – including trade workshops, salons, theatres, studios, networking rooms and even a sensory room. Our facilities include:

- ▶ Brand-new hair and beauty salon, and refurbished training salons
- ▶ Gym, sports hall and outdoor pitches
- ▶ Osteopathy clinic
- ▶ Student canteen and Starbucks
- ▶ Copying and printing services
- ▶ Nursery for babies and children aged up to five. Nestots was rated Good by Ofsted in 2015
- ▶ Restaurant due to open in 2016

HIRING FACILITIES AT NESCOL

Many of our facilities are available for hire, including:

- ▶ Adrian Mann Theatre
- ▶ Edwina Porter Theatre
- ▶ Sports facilities and outdoor pitches
- ▶ Dance studio
- ▶ Recording studios
- ▶ Board room and meeting rooms

Find out more on our website.

CAR PARKING & BIKE STORAGE

Nescot has a large, free car park, as well as free secure cycle storage for students and staff.

LEARNING RESOURCES CENTRE

The Learning Resources Centre (LRC) which was recently refurbished and upgraded offers a wide range of printed books and journals, DVDs, e-books, e-journals and other online resources including video streaming, in bright, colourful and open surroundings. The LRC is well used and highly valued. The experienced and friendly staff will help you make the most of the resources and facilities available. There are 100 PCs and laptops available with access to black and white and colour printers and photocopiers. Students can work in small groups as well as studying quietly on their own. The LRC also includes a classroom which is used for information study skills workshops and a separate study zone for Higher Education and adult students.

E-LEARNING

Not all learning takes place in the classroom, and Nescot is respected for its commitment to providing and using technology in learning.

As a Nescot student your learning in the classroom will be supported by interactive technologies. We have been praised by Ofsted for our use of e-learning throughout the college.

Your teachers will provide you with an online course using our virtual learning environment, Weblearn. Your online area will contain course materials that you can access 24/7 from any computer, and discussion forums and quizzes to support what you learn in the classroom.

Our teachers use interactive whiteboards in the classroom to provide a lively and engaging learning experience.

LRC OPENING HOURS TERM-TIME:

Mon, Tues, Wed and Thurs:

8:30am – 7.00pm

Fri: 8:30am – 5.00pm

HOLIDAYS:

Mon – Fri: 9:00am – 4.00pm

LRC PHONE NUMBERS HELPDESK:

020 8394 3055

WELCOME DESK/RENEWALS:

020 8394 3175

The Employer Hub

Nescot students have the advantage of a dedicated employer hub right at the heart of the college. The centre is open year-round, with staff focussed on helping you, whether you're looking for an apprenticeship, a work placement as part of your course, a part-time job to fit around your studies or a full-time position once you've finished studying at Nescot.

The staff can support you in a number of ways, from helping you with your CV to getting you ready for an interview.

HOW CAN STAFF HELP STUDENTS?

- ▶ Preparation for the world of work
- ▶ Expert help with finding full and part-time jobs
- ▶ Interview preparation
- ▶ Help preparing a winning CV
- ▶ Finding an apprenticeship with a local employer
- ▶ Work placements to help you get the skills employers want

CAREERS INFORMATION AND ADVICE AT NESCOT

Making sure that your course choice matches your career choice and your ultimate goals can be daunting, but at Nescot we have lots of ways of helping you to make a really informed decision.

We have a number of online systems, such as Career Coach and U-Explore, which aim to help you find out more about your options, from getting a job or apprenticeship or doing further study at college or university.

For free and impartial careers advice, book a one-to-one session with a member of the Advice and Guidance team by calling 020 8394 3038.

USING CAREER COACH TO HELP YOU GET IT RIGHT!

Career Coach is an online tool that can help you plan your career by providing local, accurate and up-to-date information for your chosen area. You can see what kind of training you'd need for a career path you're interested in, and look at how much you would earn.

One of the first things you should do is to think about the career or job you want.

ASK YOURSELF:

- ▶ Once I've done this course will I be able to get a job?
- ▶ Will I have skills that are in demand?
- ▶ Will I earn enough?

Career Coach shows live data on employment trends, job opportunities and wages for the job or career you are interested in. It's also a great way to check that your course will take you where you want to go.

HERE'S HOW IT WORKS

(using Games Design as an example):

- ▶ Find the course you are interested in on our website.
- ▶ Click on the Career Coach link at the bottom of the page to see live information.
- ▶ If you want to do some more research use the 'Home' button on Career Coach. You can also explore by searching for courses or careers – you'll be surprised at what you can find out.

Choosing your study programme

CHOOSING YOUR STUDY PROGRAMME

Each full-time student will have their own study programme designed. We'll start with your full-time course, and we'll talk to you about what you've already achieved and what we think will help you progress towards your future career.

If you don't already have a grade C or above at GCSE English and maths then these subjects or Functional Skills will be added to your study programme. Your study programme may also include a work experience placement, an extended project, and workshops to help you search and apply for jobs.

Study programmes include at least 540 hours spread across the academic year. All parts of it are compulsory.

CHOOSING YOUR COURSE

The pages in this prospectus will give you an overview of the courses we offer. You can find out more online, but if you have any questions you're very welcome to call our friendly Advice and Guidance team for a chat. The team are Matrix-accredited, which means they give expert and impartial information on your career. They will also be happy to answer any questions you have about choosing the appropriate level course, and whether to study full-time or to do an apprenticeship.

ADVICE & GUIDANCE IS OPEN:

TERM TIME:

Monday, Tuesday and Thursday:
8.30am-6pm

Wednesday: 8.30am-5pm

Friday: 8.30am-4pm

COLLEGE HOLIDAYS:

Monday to Thursday: 9.00am-5pm

Friday: 9.00am-4pm

How to apply

EXPLORE YOUR OPTIONS

Find out more about our courses on our website. Come to an Open Evening and chat to staff and current students, to find out more about what studying at Nescot is like.

APPLY ONLINE

Search for your course on our website and click 'apply online'. Fill out the form on-screen. Once we've received your application we'll send you a confirmation email.

BOOK YOUR INTERVIEW

We'll email you an invitation to book your interview in our applicant portal.

THE INTERVIEW

You'll be asked why you want to study the subjects you've chosen. We'll make sure the course and level are right for you. Remember: We're all here to help you. We want you to start your course at Nescot confident that you've chosen the right subject for you.

THE OFFER

We'll consider your application and interview carefully, and hope to be able to offer you a place. Your offer may be conditional on you getting particular GCSE grades.

ACCEPTING THE OFFER

The Advice & Guidance team will ask you to accept your offer of a place through the applicant portal. You will need to do this within three weeks, or we cannot guarantee your place.

WELCOME AND INDUCTION DAY

We will invite you to a Welcome and Induction Day, usually in late June. This will give you the opportunity to do fun activities and meet the people on your course.

JOIN AND ENROL AT NESCOL

In July we will send you a time and date to come into college to finalise your place by enrolling. Enrolment begins on GCSE results day. Make sure you come to enrol no matter what you get in your GCSEs. We may be able to move you to a different level if this would be more suitable.

AUTUMN – PRIORITY BOARDING

Every year we get more applications than we have places available, so we advise you to apply early. If you apply by January 16 2017 we will guarantee you an interview.

SPRING – LAST CALL

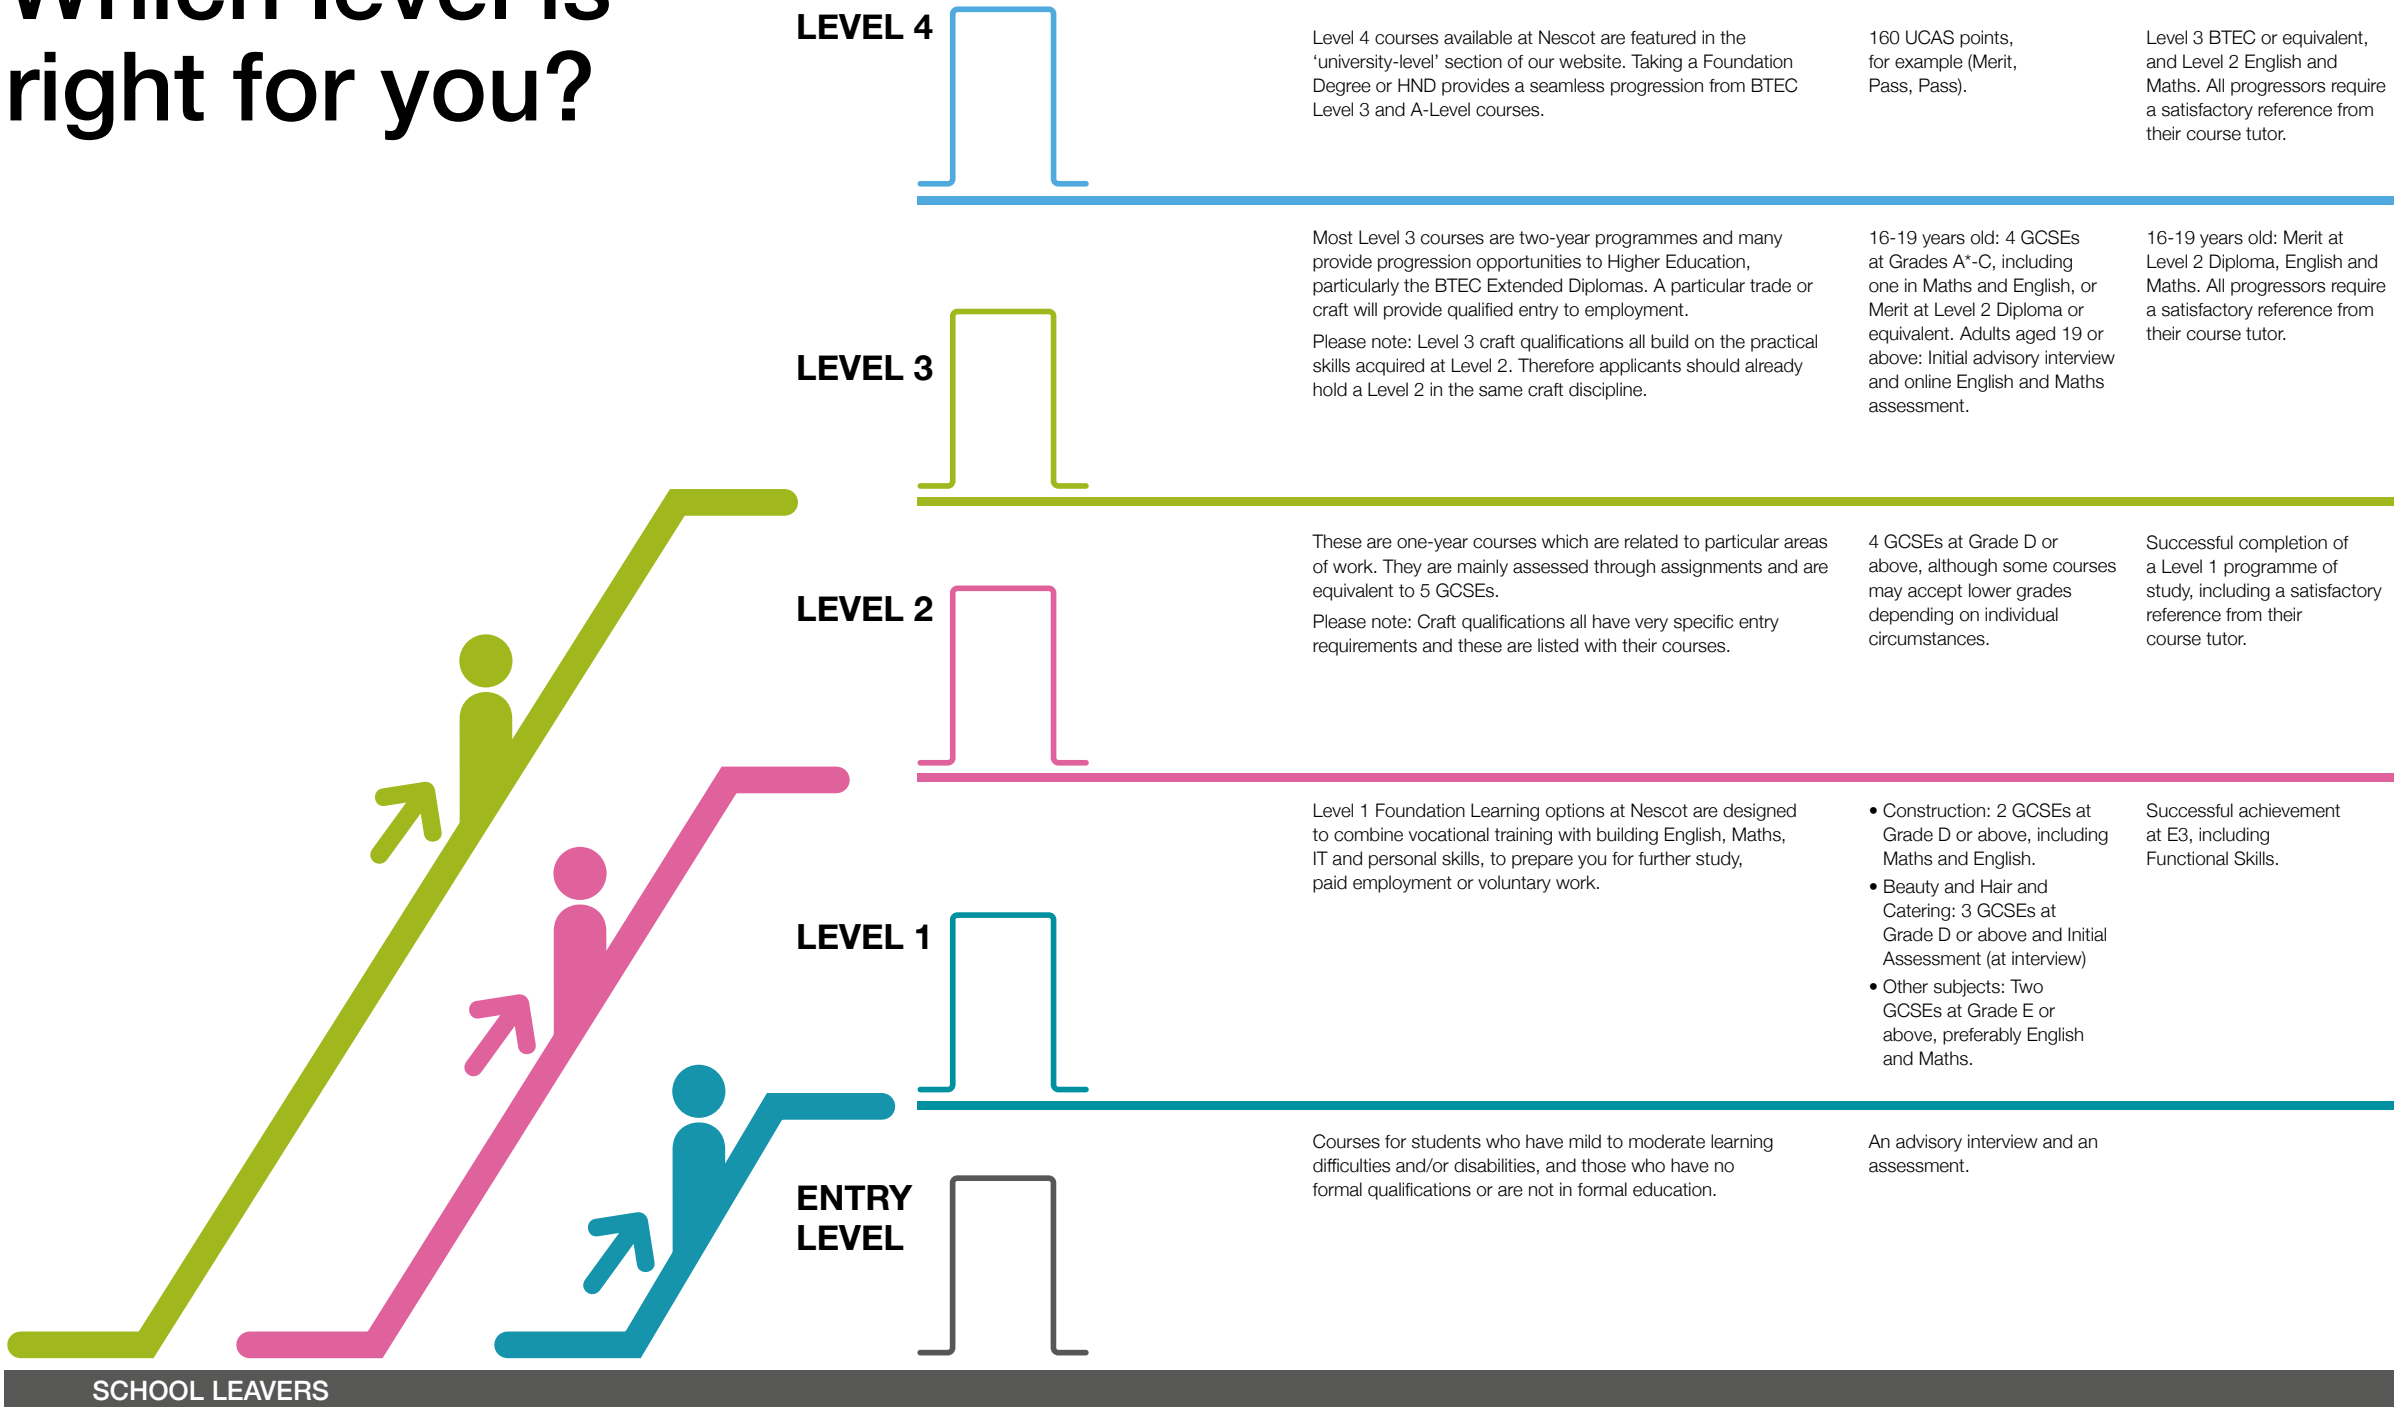

Applications after the January deadline will still be accepted but we cannot guarantee an interview if your chosen course is full.

SUMMER – GATE CLOSING

Even after all the places on a course have been accepted we may still be able to offer you a place on a waiting list. If you accept a place on a waiting list it is important that you have an alternative backup plan as well, because we cannot guarantee that everyone on the list will get a place.

You can get help with choosing your course at any time – our Advice and Guidance team can be contacted at www.nescot.ac.uk or by phone on 020 8394 3038

Which level is right for you?

The table above shows the typical entry requirements, but please check individual course listings on our website for detailed information.

Apprenticeships

Doing an apprenticeship is a way of learning a profession by combining studying the knowledge and skills at college with getting real work experience in a paid job.

WHAT ARE THE BENEFITS OF DOING AN APPRENTICESHIP?

- ▶ **You get the best of both worlds.** Earn money and get experience working, while getting the experience, skills and qualifications that employers want you to have.
- ▶ **Great support.** Again, you'll get the best of both worlds, with all the support you need from both Nescot and your employer.
- ▶ **Learn at your own pace.** As an apprentice, you're encouraged to take the time you need to understand something, and ask for help if you don't.
- ▶ **Do a real job.** All apprentices do 'real' jobs, usually alongside full-time colleagues, so you can get a sense of what your career will be like day-to-day once you finish your training.
- ▶ **Practical experience.** By the time you finish your training you'll not only be qualified to work in the industry you're training in, you'll have an understanding of your role and sector that you can't find in a book.
- ▶ **Transferrable skills.** Although your training will be specific to your profession, you'll also gain skills like time management and teamwork, and improve your numeracy and literacy skills.

- ▶ **Great prospects.** You could progress to the next apprenticeship level, go into Higher Education, stay with your company or look for a new job elsewhere. Our apprentices tell us their experience helps them stand out, and makes them feel more self-confident.

WHY NESCOL?

- ▶ We've been running apprenticeships for more than 60 years
- ▶ We have more than 30 apprenticeships for you to choose from, ranging from Accounting, Business and Computing to Childcare, Motor Vehicle Maintenance and Construction
- ▶ Our specialist staff have knowledge spanning nine different industries

“Doing an apprenticeship is a really good balance between working and studying. I'm at college one day a week, and then I can take what I've learnt and put it into practice at work the very next day.”

Elliott (Plumbing)

Hear more from our students by searching '**Nescot**' on YouTube.

WHO IS ELIGIBLE FOR AN APPRENTICESHIP?

Anyone who is living in England, aged 16 or older, not in full-time education, and doesn't already possess a qualification at Level 4 or above.

WHAT ARE THE ENTRY REQUIREMENTS?

Entry requirements vary between courses, but they are flexible. You will need to show that you are interested in and committed to the course you've chosen.

HOW CAN I FIND A JOB?

To do an apprenticeship you need a contract of employment in a relevant job. If you don't have a job, Nescot can help. Call the Employer Hub to find out more.

020 8394 3051

HOW MUCH WILL I EARN AS AN APPRENTICE?

As an apprentice you're guaranteed to earn at least the National Minimum Wage for Apprentices. This is currently £3.30 per hour. There is no upper limit to what apprentices can be paid, and many are paid much more than the minimum wage.

HOW WILL I BE TAUGHT?

Most apprentices spend one day a week at Nescot, and the rest working for their employer. At college you'll be taught in a variety of ways, including:

- Practical and theory classes
- One-to-one tutorials, guidance and support
- Practical and written assessments, with feedback
- Being observed at work by a qualified assessor.

HOW LONG DO APPRENTICESHIPS TAKE?

Apprenticeships are flexible. Your end date will be agreed at the start of your apprenticeship by you, your employer and your assessor. A Level 2 apprenticeship usually takes 12-24 months, a Level 3 is usually 12-36 months, and a Level 4 qualification takes 24 months on average.

WHAT QUALIFICATIONS WILL I GET?

You will gain a National Vocational Qualification, otherwise known as an NVQ. For example:

- Level 2 (Intermediate) NVQ in Hairdressing, equivalent to five GCSEs at grades A-C;
- Level 3 NVQ in Plumbing, equivalent to two A-Levels; or
- Level 4 NVQ in IT, roughly equivalent to a Foundation Degree.

WHAT CAN I DO AFTER MY APPRENTICESHIP?

Depending on your level, you could progress to the next level apprenticeship or to Higher Education. You could look for a full-time job at your company or elsewhere. Apprentices tell us their real-life work experience helps them stand out, and improves their confidence too.

WHAT KIND OF SUPPORT WILL NESCOL GIVE ME?

At Nescot we pride ourselves on making sure you have all the support you need to excel. We have a team of advisors available to support you through your time at Nescot and to answer any questions you have. You'll be taught by highly-qualified tutors and assessors, who are experts in their profession. If you're doing functional skills you'll be taught by a team of English, ICT and maths tutors who are experienced not just in getting you through your exams but in teaching you the skills you'll use every day in your career.

Animal and Landbased Studies

With purpose-built facilities surrounding the main campus buildings, more than two-thirds of the college's available space is dedicated to this department.

WHAT TO EXPECT

- ▶ Theory sessions are reinforced by practical classes on Nescot's Animal Care Unit, to ensure that you are well equipped with the skills and knowledge to begin a career in the landbased industry.
- ▶ Nescot's 20-acre plot is home to a wide range of exotic, agricultural and domestic animals, which you will be responsible for.
- ▶ Our courses attract people aiming for careers across the landbased industries, from zoo keepers and animal trainers to veterinary nurses and farmers.
- ▶ You will be taught by highly-qualified and experienced staff, who are experts in their fields.
- ▶ The department has links with Chessington Zoo & Sea Life Centre, the Blue Cross, Surrey Wildlife Trust and Surrey and Kingston universities.

3 GOOD REASONS

- 1 80% high grades at Level 3, more than 20% above the national average (all ages, 2015) and 65% high grades at Level 2, more than 30% above the national average (all ages, 2015).
- 2 100% of students achieve their qualification.
- 3 All students complete a work placement with an animal organisation, such as Battersea Dogs and Cats Home, Deen City Farm, London Zoo or the Royal Veterinary College.

Previous students, including TV wildlife presenter David Bellamy, have gone on to Higher Education, while others work in zoos, veterinary surgeries, wildlife sanctuaries, conservation projects, animal charities, kennels, and the pet industry.

“We work with a huge range of animals, from farm to exotic to domestic. We learn a lot about how to take care of them and handle them, and a lot about working in the industry. There's a lot of focus on our careers.”

Lee (Level 1)

COURSE CODE: TBC

Our students have progressed on to university-level qualifications including:

- ▶ Veterinary Biosciences and Veterinary Medicine at University of Surrey
- ▶ Veterinary Nursing at Royal Veterinary College
- ▶ Zoology at University of Roehampton
- ▶ Animal Behaviour at University of Lincoln

Art and Design

Our enthusiastic and knowledgeable staff trained at internationally-renowned art schools and are practising artists and designers commercially active in the art and design community.

WHAT TO EXPECT

- ▶ Staff specialities include textiles, fashion, print, drawing, painting, history of art, sculpture, animation, photography & film, illustration, graphic design.
- ▶ Purpose-built, naturally-lit studios and specialist workshops for printmaking, sculpture, digital work, photography studios, photographic darkrooms and a green screen film studio.
- ▶ Students can borrow photography and film and video equipment.
- ▶ Tutor demonstrators and technicians are available to help you get the most from our equipment and facilities.
- ▶ An open studio policy - students often work on their portfolios and projects outside class hours.
- ▶ Collaboration on multi-disciplinary projects for public view.
- ▶ Exciting programme of visiting artists and designers.
- ▶ Public exhibition at the end of each year.
- ▶ Opportunities to work on live design briefs and exhibit work outside of the college.

- ▶ Trips relevant to the areas covered in the curriculum, including to galleries and museums in London.
- ▶ Students progress to university and careers within the creative industries, such as fine art, fashion, textiles, footwear design, graphic design, illustration, interior design, animation and 3D design.

3 GOOD REASONS

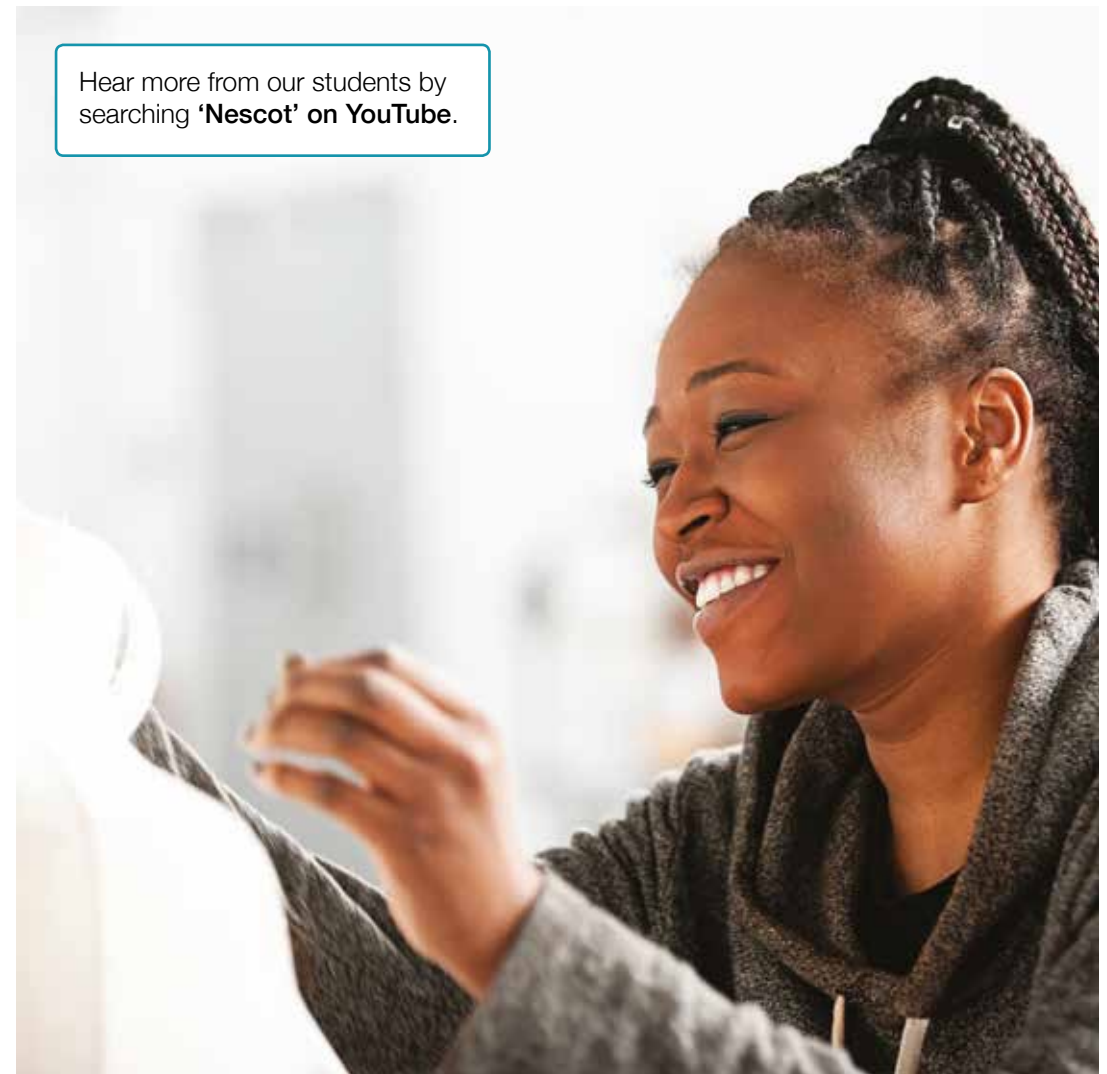

- 1 100% of Art students said the teaching on their course was good or better (Student Survey 2015 - 2016).
- 2 100% pass rate for Level 3 Art and Design (2015).
- 3 73% of Level 3 Art & Design students entered Higher Education in 2015.

“The best thing about the course is the teachers. Every time I talk to my tutor I feel inspired. They push you to do your best, but they’re also really supportive as long as you’re willing to work hard.”

Jodie (Level 3)

- ▶ University of Brighton – Textiles
- ▶ Arts University Bournemouth – Animation
- ▶ Arts University Bournemouth – Fashion, Womenswear

ual: university
of the arts
london
awarding body

“We are selective about who we work with, and seek to identify institutions that are innovative, creative and committed to arts education.

UAL Awarding Body is proud to work in partnership with Nescot. The college has been through a rigorous approval process that ensures that their qualifications are delivered and assessed against challenging national standards.”

**Ross Anderson, Deputy Director
of UAL Awarding Body**

Business

We are committed to not only teaching you the theory of business, but about how to have a successful business career.

WHAT TO EXPECT

- ▶ We treat our students as adults and encourage them to take responsibility and pride in their assignments, behaviour, professional conduct and appearance.
- ▶ The department is one of the longest-established in the area, with close links in the business community.
- ▶ You will not only learn the rules and skills you need for the business world, but will be given the tools to turn from a student into a business professional.
- ▶ You will be taught how to breathe life into a company by people who have worked in a number of different business organisations. We come from a variety of backgrounds but have one thing in common: we're committed to turning you into the business professionals of the future.
- ▶ We also regularly have guest speakers in to talk to students about their experiences in the business world. Every one of our students will research, target, apply for, and spend at least a week doing meaningful work experience in an area they find exciting and relevant. You will also take part in organising events for some of your units.

This year the Level 3 students organised and ran Nescot's Got Talent as part of their course, raising a lot of money for Teenage Cancer Trust.

- ▶ The department has excellent teaching rooms and IT suites, where you will learn to use the latest software and presentation techniques.
- ▶ UK and International residential trips and educational excursions including, The Body Shop Factory, Cadburys – Birmingham investigating marketing, Merlin Entertainments – marketing and sales, and the Bank of England.

3 GOOD REASONS

- 1 Business has 97% overall positive destination known: 38% HE, 63% Intended Progression to FE (inc Apps) and 17% Intended Progression to Employment (2015).
- 2 Exciting and real-life events support the curriculum, such as working with local charities.
- 3 Students enter competitions such as Young Enterprise's Tenner Challenge, winning the LEAP award in 2016.

“We've studied units from marketing and finance to product promotion. It's a practical course, so you get to put what you've learnt into practice. I love that we're treated like adults and we get more responsibility than at school.”

Katie (Level 3)

Childcare

The whole department is deeply committed to helping you become the best care professional you can be. We will give you a thorough understanding of the theory of your chosen area and provide you with innovative, exciting opportunities to put it into practice.

WHAT TO EXPECT

- ▶ Targeted work experience in an organisation relevant to your area of study, so that you can see for yourself how your skills could fit in different sectors. We even run our own careers fair where you can meet employers.
- ▶ Childcare employers frequently send us their vacancies because they want someone who is 'Nescot qualified'.
- ▶ Tutors are excellent teachers and mentors with a wide breadth of industry experience, ranging from social workers and nurses, to nursery managers and special needs experts.
- ▶ The quality of teaching in the department has been recognised as being consistently good.
- ▶ Work experience at our on-site nursery, Nestots, or within our Entry Level department.

- ▶ Helping community children's organisations with trips, visits and events.
- ▶ Childcare students from Nescot have gone on to study at universities such as King's College London and the University of Chester, as well as finding work straight after finishing at Nescot.

3 GOOD REASONS

- 1 100% of students successfully achieved, many with high grades (2015).
- 2 Success rates 3.4% above national average (2015).
- 3 96% of leavers went into sector-related employment (2015).

"I loved doing my work experience placement, because I learnt so much about what it's like working as a childcare practitioner. I love the variety of what we're taught on the course, too – from what children should be eating to stay healthy and develop well, to a research project that gets you ready for university."

Careers Fair organised for Nescot's Childcare students

Childcare students benefit from an annual careers fair, with local and national employers visiting the college and talking to students about job opportunities at their firms. The event, which is usually held in May, hosts employers including day nurseries, councils and holiday companies.

Our students have progressed on to university-level qualifications at:

- ▶ St Mary's University
- ▶ University of Roehampton
- ▶ University of Greenwich
- ▶ Kingston University

Computing

Nescot's Computing Department is one of the longest established in the area and among the most successful Further Education Computing Departments in the country. Tutors have excellent experience within the industry and have forged strong links with the business community.

WHAT TO EXPECT

- ▶ You'll be taught by people with experience including: setting up and running their own successful businesses, working for prestigious City firms, research and publishing, and presenting at and chairing national seminars on the future of computing education in the UK.
- ▶ We have close links with the top players in software, hardware and networking. Microsoft worked with us on programming and games development for the Xbox, and gives our students access to top-of-the-range software for free, whilst Oracle is our partner organisation for Database Programming. The Department also has a 16-year relationship with Cisco and was the first institution to be granted Cisco Academy status. Nescot also has Microsoft, Oracle, Cyberoam Network Security, Linux, Citrix, SAP, EMC, CIW, VMware, and Juniper Academy status.
- ▶ We work closely with Birmingham City University and Kingston University, and our students get work experience with organisations including Secutel, Mercedes, BAE Systems, Cisco, Gamma, and Opus.

- ▶ We run activities with cutting-edge companies like Jisc and Cisilion, while key industry figures from organisations like BAE Systems, Cisco, E-Resourcing Ltd, Eidos Interactive, Linux, Agilistix, Framestore, Jelly and Infuse IT regularly visit our students to give industry updates and scout for talent.
- ▶ You can expect to be able to shine at competitions like WorldSkills UK, in which the Department has won one bronze, four silver and six gold medals since 2010, as well as events including employer forums, business breakfasts and industry forums to inform our curriculum delivery.

3 GOOD REASONS

- 1 Nescot student won National BTEC Student of the Year and National BTEC Computing Student of the Year in 2013.
- 2 100% success rate, which is 17.5% above the national average (Level 3, 2015).
- 3 England's most successful computing department at WorldSkills UK competitions in 2014 and 2015.

“I chose to do a BTEC rather than A-Levels because I really wanted a practical course, where you're doing things yourself rather than just learning the theory. I also did a work experience placement in my first year, where I learnt a lot and also gained a lot of confidence.”

We can help you find your
apprenticeship work placement.
See pages 18 to 21 for details.

There are two main types of carpentry. Construction carpenters work outside on construction sites, erecting the supporting frames for bridges, roads, dams and buildings. Finishing carpenters work inside commercial and residential buildings, installing final touches such as doors, ceilings, staircases and cabinets.

3 GOOD REASONS

- 1 97% of students said assessment tasks are clearly explained (Student Survey 2015).
- 2 100% achievement for Carpentry Level 3 Course (2015).
- 3 98% of students would recommend Nescot to a friend (Student Survey 2015).

CARPENTRY AND JOINERY - YOUR CAREER OPTIONS...

- ▶ Cabinet making
- ▶ Finishing carpentry
- ▶ Joinery shop
- ▶ Maintenance carpentry
- ▶ Roofing
- ▶ Site carpentry
- ▶ Start your own business
- ▶ Timber yard worker
- ▶ Work for a small or large construction business

Creative Media (Film and TV)

Courses for filmmakers, producers, editors and designers. If you want to work in the film or TV industries, this is the place for you.

WHAT TO EXPECT

- ▶ Enthusiastic and knowledgeable staff, who are experienced and highly-regarded feature film and television producers, directors, designers, graphics and arts professionals. We won't pass you until we'd be happy to work with you.
- ▶ Staff design assignments to mirror industry tasks – you will be sent out in teams recreating jobs and roles and using kit you will find in the media industry.
- ▶ Varied assessment, including portfolios, observations, essays, discussions, presentations, films, pitches and exhibitions. You'll use industry software and equipment to create and edit films, produce visual effects and design graphics, typography and indents.
- ▶ Hone your abilities while building a showreel or portfolio to really sell your work.
- ▶ Excellent equipment, including lights and HD cameras, and industry-standard editing suites, with broadcast-standard software like Adobe Premiere, After Effects, NUKE and Maya.

- ▶ Latest innovations in lighting, tracking and sound hardware, and more than 100 Adobe-equipped networked Macs.
- ▶ Constantly-developing programme of trips, speakers and workshops. Last year we went to New York, visited film sets and TV studios as well as trade shows like Eurogamer and Comic-Con.
- ▶ You will plan and produce a film on location around the UK.

3 GOOD REASONS

- 1 96% of students say they are happy with the course and college (2015).
- 2 Our students have won national competitions, including winning four gold, one silver and one bronze medal at WorldSkills UK in the last five years.
- 3 Excellent facilities, with newly-refurbished media labs and classrooms, and a TV studio.

Watch our films on Vimeo by searching '3rd Floor Films'.

“You spend time at the start of the course learning the basics of production, like camera work and editing, and then you work on projects so you can practice what you've learnt. This year we worked on a short film called Sanctuary, which we filmed on location. Everyone had their own roles and we treated it like a real film.”

Foundation Learning

The Foundation Learning department supports young people with learning difficulties and disabilities to reach their full potential. Our experienced, innovative team will help prepare you to progress into work, or further education, or prepare to live independently.

WHAT TO EXPECT

- ▶ Courses for students who have mild to moderate learning difficulties and/or disabilities, and those who have no formal qualifications.
- ▶ Excellent transition arrangements with many local schools, which helps to reduce the anxiety caused by moving and starting college.
- ▶ Work experience with one of our social enterprises, including the student-run café and shop at Nescot, weekly cafés organised by students in St John's and St Mary's Church halls in Ewell and our partnership with National Trust property Polesden Lacey.
- ▶ Every programme leads to an externally-accredited qualification – real evidence of your success that you can take to any employer or college in the country.
- ▶ Students have gained employment at various local employers, including Chessington World of Adventures, Screwfix, The Longmead Centre and Woodruffe Stables.

3 GOOD REASONS

- 1 Brand new, purpose-built facilities opened in September 2013, with a further new build in October 2015.
- 2 99% of students succeed in their qualification against a national average of 86% (all courses, all ages, 2015).
- 3 100% of students rate teaching and learning highly (Student Survey, 2015).

“Every Tuesday we make food and take it to the café. It’s my favourite day of the week, because I like making the food and I like serving it at the café.”

Ashley

Games, Animation and VFX

If you love games, animation and VFX and enjoy using your imagination, this could be the course for you. A qualification designed by industry to ensure that you gain the necessary skills for employment.

WHAT TO EXPECT

- ▶ A course for designers, artists and animators looking to develop skills in the competitive field of computer games and visual effects.
- ▶ Industry-experienced and knowledgeable staff on-hand to teach development using industry-standard software such as Maya, Mudbox, Unreal, Photoshop, Construct 2 and NUKE.
- ▶ The highest-specification networked PCs and Macs in the college.
- ▶ To develop an assessment portfolio of design including concept art, 3D Modelling, 2D and 3D animation, level design and texture design and game development, which is essential for progression into Higher Education or the games industry.
- ▶ Assignments designed to mirror industry tasks, including pitching ideas, creating and testing game levels, building 3D models, animation and sound design, and working alone and as part of a team.
- ▶ Annual trips to a range of subject specific events such as Eurogamer at Birmingham NEC, and visits, talks and workshops from industry figures.

- ▶ Selected students can work as games testers while on the course and can take their education to the highest levels or enter the industry or apprenticeships.
- ▶ Extensive industry links that are embedded into your programme of study.

3 GOOD REASONS

- 1 98% of students said they would recommend their course to a friend (Student Survey 2015).
- 2 We are one of four colleges in the UK to be offering the NextGen qualification.
- 3 Extensive industry links (eg. Framestore and Microsoft).

“You get taught the very basics of things like modelling, and then you build on your skills to work on games or films. My favourite project was doing special effects for a film the Creative Media students made, which was set in a post-apocalyptic world. My career goal is to create special effects for big-budget films.”

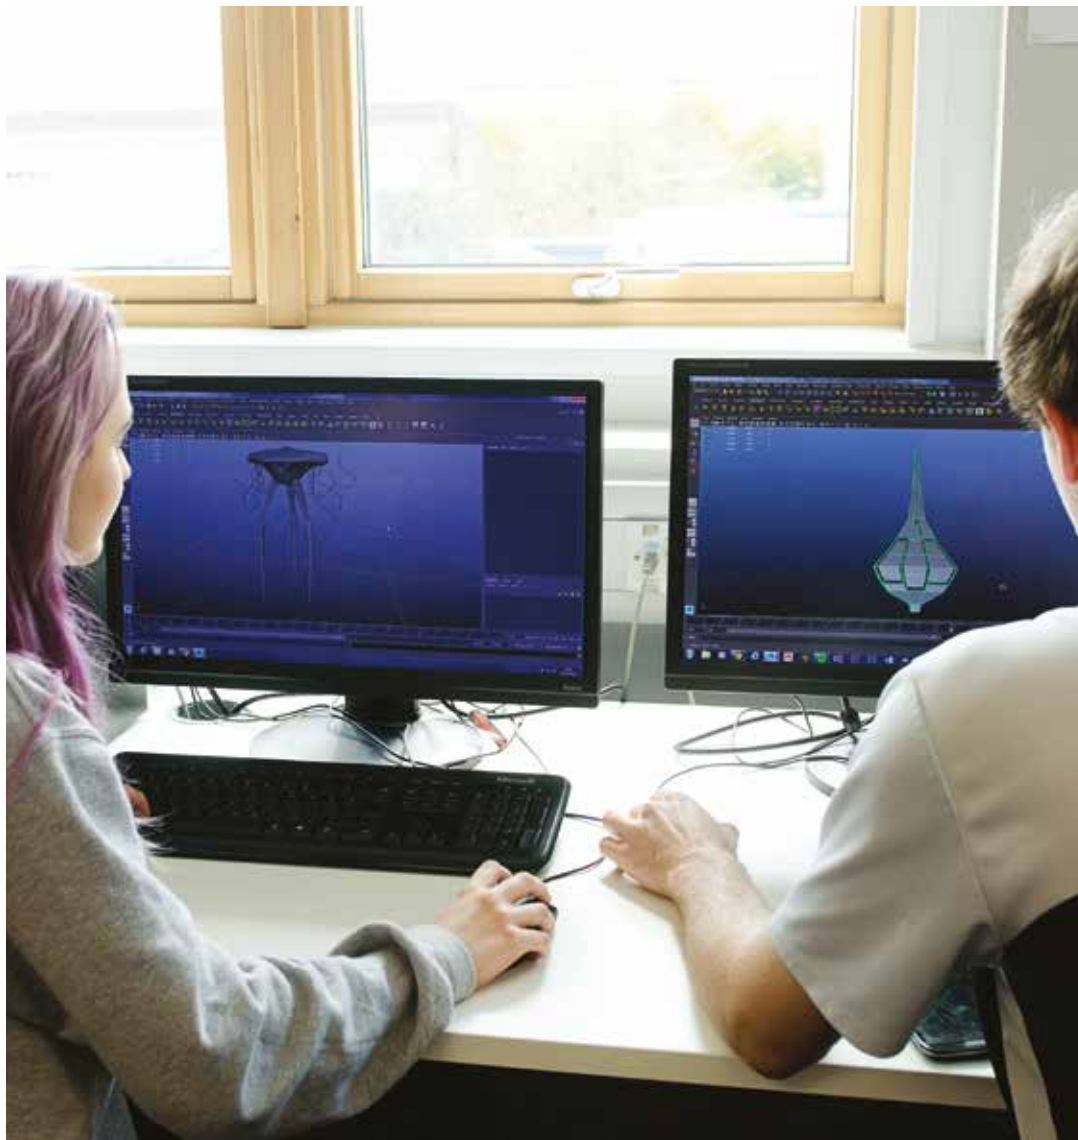

Connor (Level 3)

Hair and Beauty

Staff have experience ranging from therapists on first-class airlines and cruise ships to salon owners and senior-level practitioners in the country's top salons.

WHAT TO EXPECT

- ▶ Train in our newly-refurbished salons, where clients pay for treatments with you. Work with staff to develop the highest levels of expertise.
- ▶ Two new hair salons, fitted out with 20 styling stations each, and the latest professional equipment.
- ▶ Three new professional beauty therapy salons where you will use industry-standard facial, body and electrical equipment to treat members of the public, plus a new hair and media make-up room.
- ▶ A brand new Skills Park incorporating a new commercial hair salon in partnership with the Francesco Group.
- ▶ Strong links with companies you want to work with. You will meet organisations such as global spa leaders Steiner and Environ here at the college, and top celebrity stylists such as Adam Reed.

- ▶ The opportunity to obtain additional qualifications such as spray tanning, gellux gel nails, and Marvel-Lash permanent lashes. You'll also be able to take part in demonstrations and workshops by top hair stylists such as Adam Reed, Yesmin O'Brien, and the creative team from Francescos, as well as top companies such as Wella and Balmain Hair Extensions.
- ▶ Take part in internal and national competitions to display your professionalism and skills.

3 GOOD REASONS

- 1 99% of students thought their teaching and learning experience was good or better (Student Survey 2015 - 2016).
- 2 100% achievement in all Hair & Beauty courses in 2015.
- 3 Hairdressing students have the opportunity to train in our new 'Innovations' Commercial Salon in partnership with the Francesco group. Beauty students train with the commercial brand 'Environ'.

“You learn a huge amount, starting with basics like manicures and waxing in Level 2, and building up to things like electrical facials in Level 3. There's a lot of focus on your future career options, and we also learn a lot about business so that we have the option of setting up our own salon one day.”

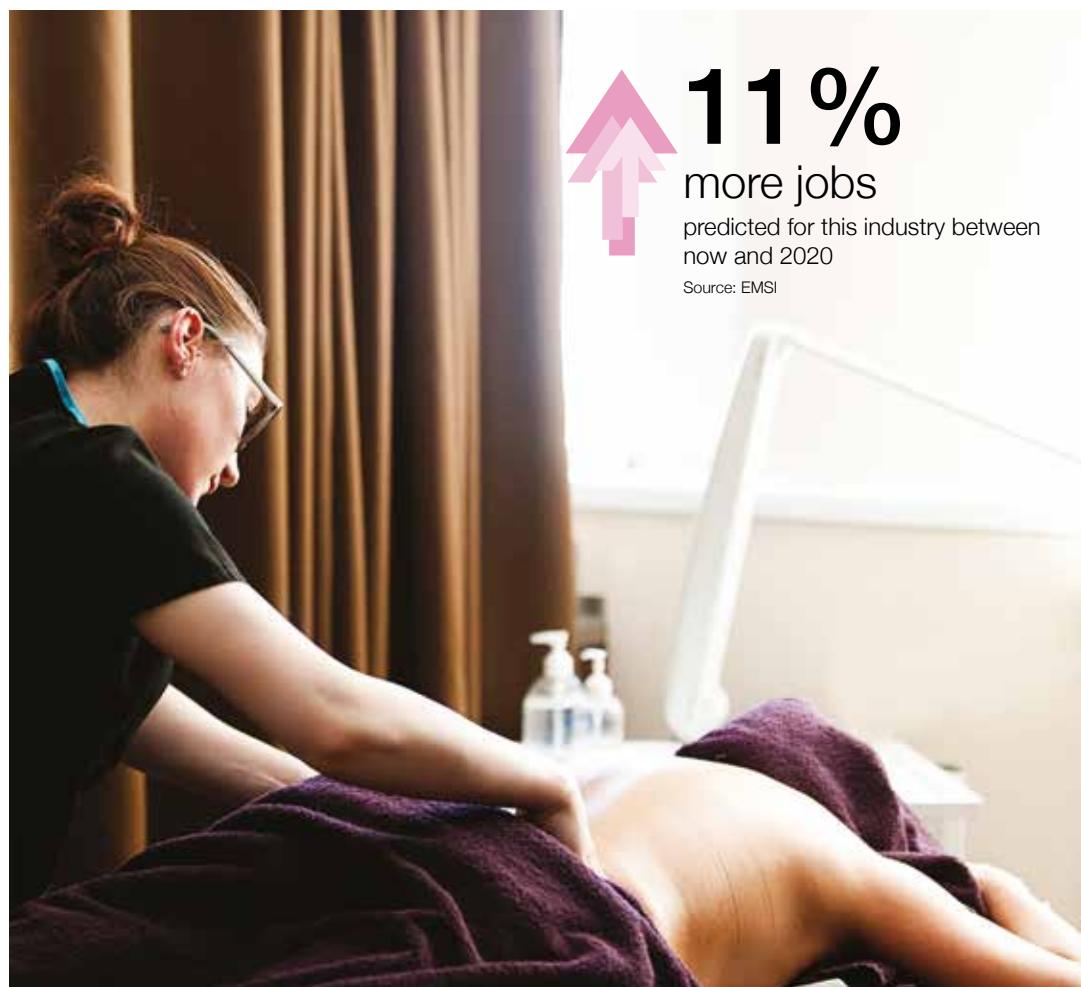

Jayde (Level 3)

ENTRY REQUIREMENTS: You will need a Level 2 qualification in Hair and Media Make-Up. A Level 2 qualification in Hair and Beauty may be considered depending on interview.

BEAUTY LEVEL 3 ADVANCED APPRENTICESHIP

COURSE CODE: N8691

Our students have progressed on to:

- ▶ run their own businesses
- ▶ work as therapists with prestigious international companies like Aveda Spa, Steiner, Clarins, Sean Hanna and Headmasters, as well as many independent salons.

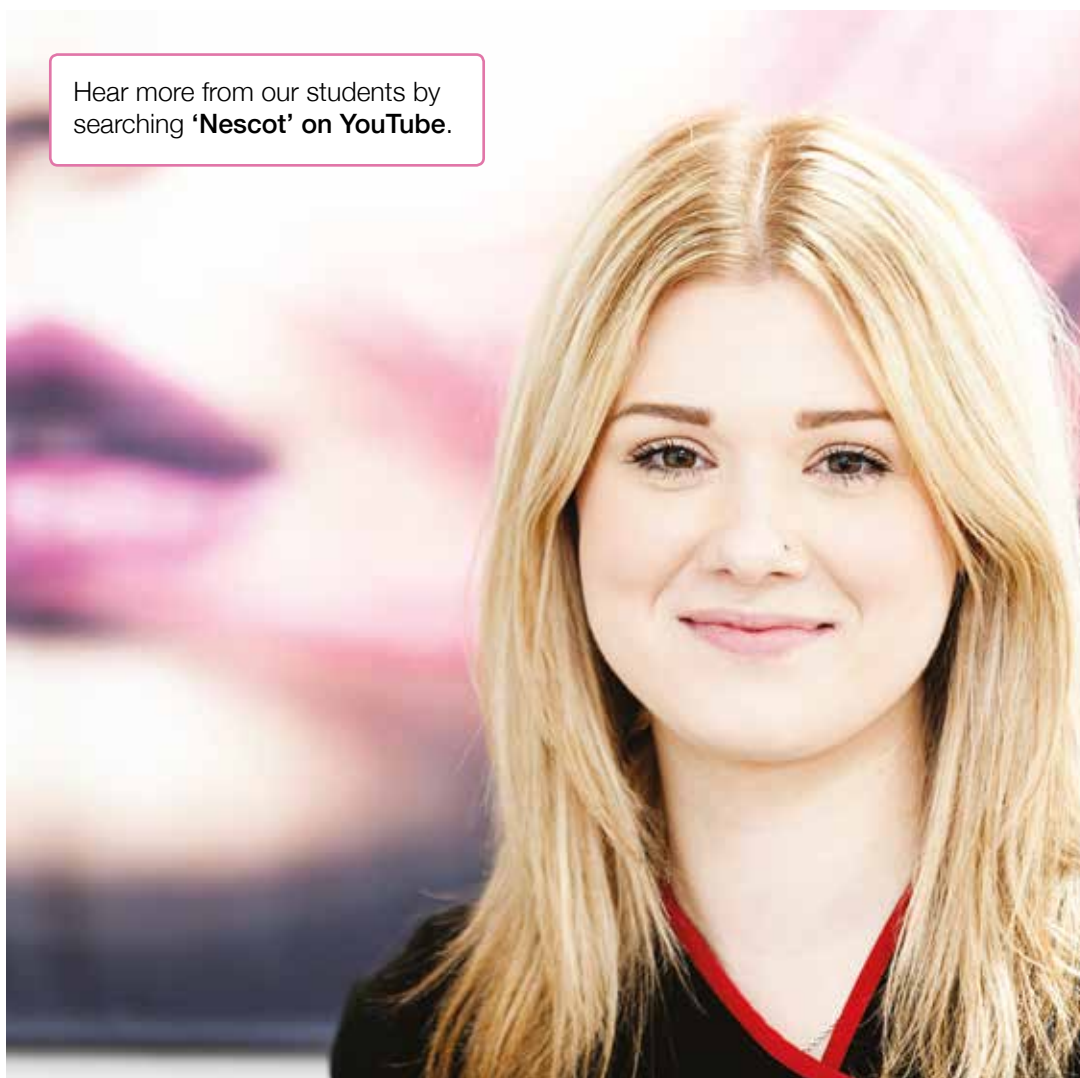

We can help you find your apprenticeship work placement.
See pages 18 to 21 for details.

“Once we’re competent we start working on real, paying clients. It helps you improve your technique and you get used to working with different types and textures of hair, and it really builds your confidence.”

Amy (Level 2)

Hear more from our students by searching ‘Nescot’ on YouTube.

HAIRDRESSING LEVEL 1

COURSE CODE: N4361

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

Three GCSEs at least grade D. If students do not possess a D grade in English then a minimum of E3 must be achieved in English at initial assessment.

HAIRDRESSING LEVEL 2

COURSE CODE: N4362

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

A minimum of four GCSEs at grade D or above including English, and a successful trade test, or successful completion of the Level 1 programme in Hair with the majority of grades at Merit or above plus English, together with a satisfactory reference from your tutor.

HAIRDRESSING LEVEL 3

COURSE CODE: N4362

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

Level 2 Diploma in Hairdressing with the majority of grades at Merit or above, plus English and maths and a satisfactory reference from your tutor.

HAIRDRESSING LEVEL 2 INTERMEDIATE APPRENTICESHIP

COURSE CODE: N8528

HAIRDRESSING LEVEL 3 ADVANCED APPRENTICESHIP

COURSE CODE: N8556

We can help you find your apprenticeship work placement. See pages 18 to 21 for details.

Our students have progressed on to:

- ▶ run their own businesses
- ▶ work as therapists with prestigious international companies like Aveda Spa, Steiner, Clarins, Sean Hanna, Francesco Group, Headmasters as well as many independent salons.

We also offer part-time Hair & Beauty courses for adults. Please see our website for details.

Health and Social Care

Whether it's children, young people, older people or families, if you're interested in working with people, the health and social care sector could be a good choice. It can be challenging, but many find it hugely rewarding.

WHAT TO EXPECT

- ▶ Nescot's Health & Social Care students are so well-regarded that employers send us their vacancies because they want someone 'Nescot qualified'.
- ▶ Tutors are excellent teachers and mentors, with industry experience ranging from social workers and nurses to nursery managers and special needs experts.
- ▶ The quality of teaching in this department has been recognised as being consistently good.
- ▶ Become the care professional you want to be. You will gain a thorough understanding of the theory of your chosen area and we will provide you with innovative, exciting opportunities to put that understanding into practice.
- ▶ You will be given the opportunity to experience working in an organisation relevant to your area of study due to our excellent links with the public sector and private care. We understand that the subjects we teach attract students with a real desire to make a difference, and we are extremely active in the wider community.

- ▶ Get involved with other departments at Nescot to give you a real feel for your chosen career. Experience in the campus nursery, Nestots, and working with some of our students with learning disabilities will help put classroom theory into practice to change lives.

3 GOOD REASONS

- 1 Many of our Level 3 students go on to higher education.
- 2 The number of students getting high grades at Level 3 is 73% (all ages, 2015).
- 3 We have excellent links for work placements with the public sector and private care providers.

“The course is really practical, and I love being able to focus on one subject. The teachers are really helpful, and they've given me a lot of confidence in my abilities. Studying at Nescot has helped me get closer to my dream career of being a children's nurse.”

Robert (Level 3)

Hear more from our students by searching '**Nescot**' on YouTube.

HEALTH AND SOCIAL CARE - YOUR CAREER OPTIONS...

- ▶ Ambulance staff
- ▶ Care, teaching, pharmacy or nursery assistant
- ▶ Community project worker
- ▶ Environmental health
- ▶ Health care practice worker
- ▶ Health psychology
- ▶ Home carer
- ▶ Key worker
- ▶ Midwife
- ▶ Nutritionist
- ▶ Nursing
- ▶ Nursing home practitioner
- ▶ Occupational therapist
- ▶ Public health
- ▶ Residential warden
- ▶ Social worker
- ▶ Speech therapist
- ▶ Teaching assistant
- ▶ Welfare professional
- ▶ Youth worker

There are many advantages to working in health and social care, including excellent opportunities to specialise, varied working environments and great prospects. Employers put a huge emphasis on ensuring that their workers get the right training.

A large proportion of our students have progressed on to university. These institutions include:

- ▶ King's College London – Midwifery
- ▶ Kingston University – Social Work
- ▶ University of Roehampton – Early Years, Teaching
- ▶ University of Surrey – Adult Nursing.

BTEC HEALTH & SOCIAL CARE LEVEL 2

COURSE CODE: 4641

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

Four GCSEs at grade D or above including English and maths, or Level 1 Diploma at Merit plus English and maths. We will also require a satisfactory reference from your school. Please note, all applicants will be asked to apply for an Enhanced DBS check before starting the course.

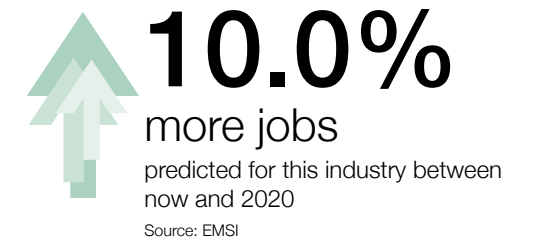

BTEC HEALTH & SOCIAL CARE LEVEL 3

COURSE CODE: N4640

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

Four GCSEs at grade C or above including English and maths and preferably science, or Level 2 Diploma at Merit plus English and maths. We will also require a satisfactory reference from your school. Please note, all applicants will be asked to apply for an Enhanced DBS check before starting the course. Successful completion allows progression to BTEC Level 3 Extended Diploma in Health and Social Care.

Hospitality and Catering

If you have a passion for cookery and excellent customer service, Hospitality and Catering could be the career for you. We have brand-new, state-of-the-art facilities. The industry offers a variety of job opportunities and career pathways, including:

- ▶ **HOTELS** - There are more than 12,000 hotels in the UK with a workforce of 262,000 people, providing accommodation for millions of guests each year.
- ▶ **RESTAURANTS** - The UK's restaurant industry is extremely diverse and employs about 709,700 people.
- ▶ **FOOD SERVICE MANAGEMENT** - also known as contract catering, this is the outsourcing of food services to organisations such as schools, banks and museums.

▶ **EVENTS** - The events industry is one of the most exciting in the hospitality industry, employing about 19,500 people. With a career in events, you could find yourself working anywhere, from Reading Festival to the BAFTAs.

▶ **VISITOR ATTRACTIONS** - Millions of visitors flock to theme parks and visitor attractions in the UK each year, and as an employee it's your job to make sure they have fun! The industry also includes theme parks, zoos, exhibition centres and seaside attractions.

▶ **PUBS, BARS AND NIGHTCLUBS** - You'll meet many people in a fast-paced, busy environment, meaning no two days are ever the same. Many pubs also function as a restaurant, so this industry offers a diverse environment with plenty of career paths, ranging from chefs, bar managers and waiters.

CITY & GUILDS CATERING AND PROFESSIONAL CHEFS (PROFESSIONAL COOKERY) LEVEL 3 ADVANCED APPRENTICESHIP

COURSE CODE: TBC

We can help you find your apprenticeship work placement. See pages 18 to 21 for details.

Music

Want to work in the music industry? Would you like to be a live performer, sound engineer, beats producer, superstar DJ or record label owner? Nescot has a selection of courses to help you achieve your dreams.

WHAT TO EXPECT

- ▶ Create – Learn how to produce, mix, sequence and capture live recordings, using our top-of-the range Apple Mac computers with programmes including Reason, Logic Pro and Sibelius.
- ▶ Perform – You will organise and set up events such as band nights with live musicians or club nights with DJs, and will have the opportunity to perform at diverse venues. Recently, students DJed and performed at a leading underground club in Berlin.
- ▶ Produce – We have a fully-equipped professional music studio with a live room, rehearsal space and dedicated vocal booth, with high-end synthesizers, drum machines and midi controllers, as well as acoustic and electric guitars, drum kits and keyboards.
- ▶ Relevant projects – All course projects are based on real-world scenarios, such as producing radio shows, engineering and recording live music, writing soundtracks for film, creating a professional four-track music promotional demo, and sound engineering for live events.

- ▶ Educational trips – We attend trade exhibitions, gigs and concerts as well as bespoke sessions with industry experts.
- ▶ Staff – Enthusiastic, highly-qualified and knowledgeable staff who have a wealth of experience. Many of our teachers are highly connected in the music industry and work or have worked as musicians, composers, DJs, recording artists, and music producers.

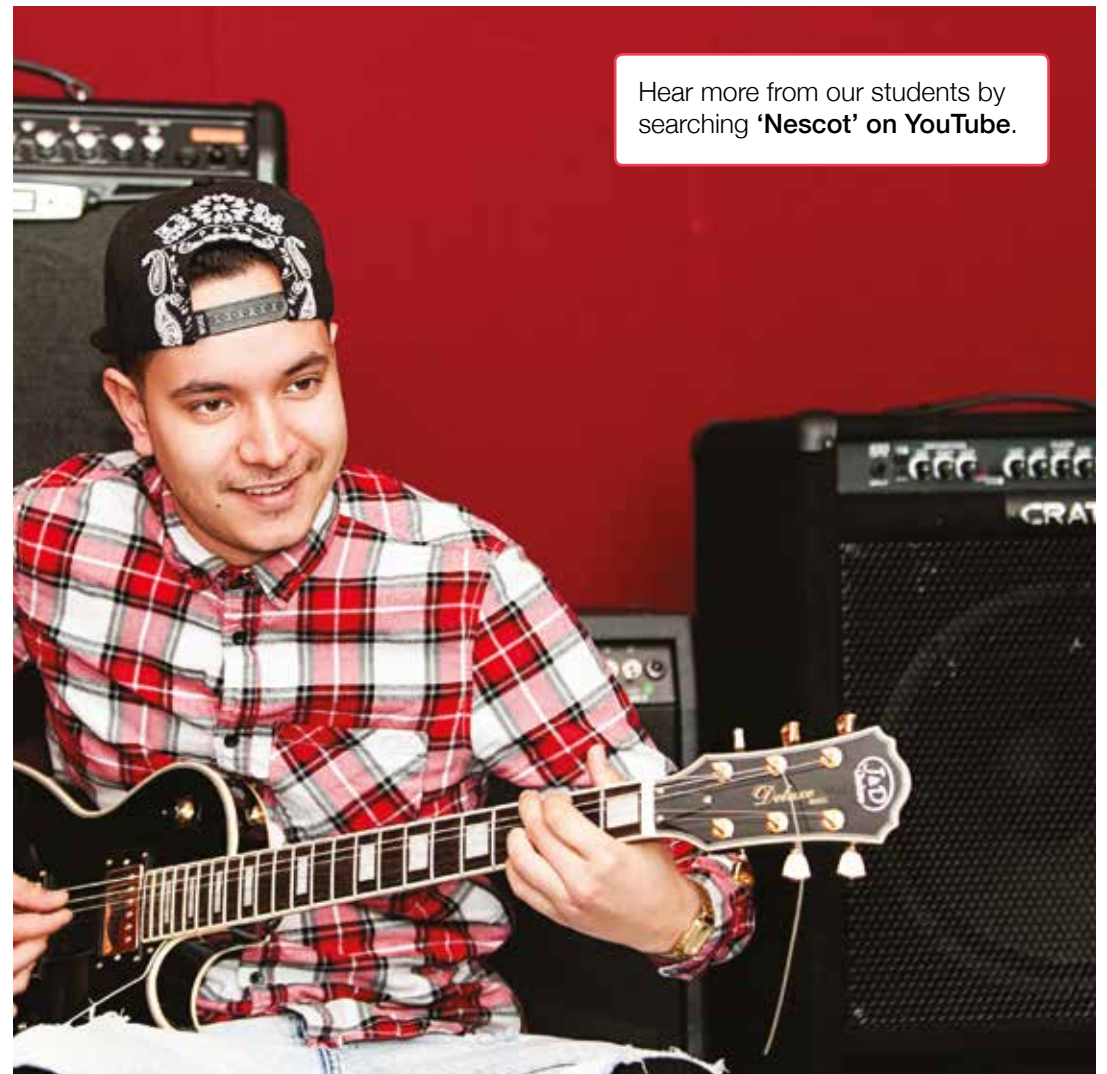

3 GOOD REASONS

- 1 96% of students say that their teaching is good or better (Student Survey 2015).
- 2 Music staff are experienced musicians, composers, DJs, recording artists and music producers.
- 3 93% of music students would recommend their course (Student Survey 2015).

“For me, the best thing about the course is the performing. We work really hard on our own instrumental skills and on performance techniques. We also learn about performance technology, which is really useful. I love doing a practical subject, rather than sitting in a classroom reading from a book.”

James (Music Practice)

Hear more from our students by searching ‘Nescot’ on YouTube.

MUSIC - YOUR CAREER OPTIONS...

- ▶ Agent
- ▶ Backstage crew
- ▶ Box office staff
- ▶ Composer
- ▶ DJ
- ▶ Entertainer

- ▶ Musician
- ▶ Performer, recording artist
- ▶ Producer (live events)
- ▶ Producer-engineer (music)
- ▶ Production manager
- ▶ Record label manager
- ▶ Record retail manager
- ▶ Recording industry producer
- ▶ Rigger
- ▶ Singing Coach
- ▶ Songwriter
- ▶ Sound engineer
- ▶ Sound technician
- ▶ Studio manager
- ▶ Tour manager

“You do a lot of different projects on the course, like making a four-track EP, doing music for adverts and planning and performing at a festival, and you also learn about how the industry works and about relevant law.”

Dan (Music Technology)

Hear more from our students by searching 'Nescot' on YouTube.

Performing Arts

Courses for singers, dancers, actors, directors and other performance professionals. If you want to work in film, TV or on stage, this course is for you.

WHAT TO EXPECT

- ▶ Our theatre company, Forge Theatre, is recognised in the local community for our innovative and high-quality productions.
- ▶ Challenge and develop your teamwork and creative, industry-related and technical knowledge, so that you can progress into the industry or on to Higher Education.
- ▶ Staff are industry-qualified and experienced practitioners, designers, directors, technicians and theatre professionals.
- ▶ Specialist workshops from industry professionals are held in elements such as scriptwriting, commedia dell'arte, stage combat and classical theatre.
- ▶ Excellent facilities including two full-scale theatres (Black Box and Proscenium Arch), an acting studio and fully-sprung dance studio.
- ▶ Good-quality teaching rooms with interactive white boards and networked computers.
- ▶ Varied and enjoyable assessments. You will be graded on performances, rehearsals, research, presentations, creative journals, videos, essays, blogs, observation and other creative methods.
- ▶ Extensive scenic workshop for set building, and fully-stocked costume and props stores.

- ▶ Perform as a company member in external projects and competitions such as National Theatre Connections and UK Rock Challenge – Be your Best.
- ▶ Work as a team in full-scale productions in both onstage and backstage roles.
- ▶ Enrich your education with theatre visits, both to watch performances and tour backstage.
- ▶ Stage schools such as Mountview, East 15 and Trinity Laban come to perform for us here at Nescot.
- ▶ Guest speakers and past pupils provide an insight into Higher Education, the industry and your career path.

3 GOOD REASONS

- 1 Students have opportunities to take part in extra curricular competitions such as Connections Project and Rock Challenge.
- 2 100% success rate for Level 3 year 1 students and 96% for Level 3 year 2 students (2015).
- 3 71% of Performing Arts Students progressed on to our HND programme (2015 – 2016).

“Everything is treated like a professional production, whether it’s a show being held at Nescot, or in London or in Portsmouth. I was especially proud to come second in the monologue slam competition, which was judged by people from the industry. I’ve also learnt loads about controlling my nerves and using staging and lighting.”

Bethany (Level 3)

Hear more from our students by searching **'Nescot'** on YouTube.

PERFORMING ARTS - YOUR CAREER OPTIONS...

- ▶ Acting performance
- ▶ Arts administration
- ▶ Box office and front of house in theatres
- ▶ Choreography
- ▶ Classical theatre
- ▶ Communications industry
- ▶ Costume and props technician
- ▶ Dance performance
- ▶ Entertainment at holiday camps
- ▶ Event management
- ▶ Film
- ▶ Journalist (arts)
- ▶ Marketing
- ▶ Performance on cruise ships
- ▶ Production
- ▶ Script writer
- ▶ Stagehand
- ▶ Stage and lighting technician
- ▶ Stage combat
- ▶ Theatre
- ▶ Vocal performance

PERFORMING ARTS LEVEL 2 UAL DIPLOMA

COURSE CODE: N5592

COURSE LENGTH: 1 YEAR

ENTRY REQUIREMENTS:

Four GCSEs at grade D or above including English, or Level 1 Diploma plus English. You will also be asked to attend an audition where you will be required to perform a rehearsed scripted monologue, dance or song.

PERFORMING ARTS LEVEL 3 UAL DIPLOMA

COURSE CODE: N5591

COURSE LENGTH: 2 YEARS

ENTRY REQUIREMENTS:

Four GCSEs at grade C or above including English or Level 2 Diploma at Merit plus English and maths. You will also be asked to attend an audition where you will be required to perform a rehearsed scripted monologue, dance or song.

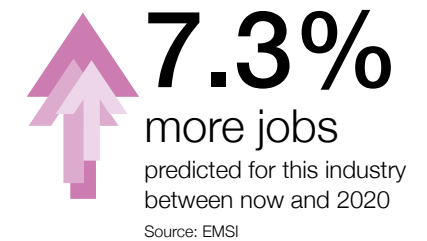

This year we:

- ▶ Performed in the Southern Premier Division of UK Be Your Best Rock Challenge.
- ▶ Performed 'It Snows' at the Lyric Theatre Hammersmith London, part of the National Theatre Connections Project.
- ▶ Staged a modern adaptation of George Orwell's literature classic 'Animal Farm'.

For information on next year's production please email performingarts@nescot.ac.uk. You can also keep up to date with news from Forge Theatre through Facebook.

Our students have progressed on to university-level qualifications at:

- ▶ Nescot (Performing Arts HND/C)
- ▶ Mountview
- ▶ GSA
- ▶ East 15
- ▶ University of Chichester
- ▶ Brunel University
- ▶ University of Surrey
- ▶ University of East London
- ▶ De Montfort University
- ▶ Fourth Monkey
- ▶ Central School of Speech and Drama
- ▶ University of Lincoln
- ▶ Aelfa Academy of Dramatic Arts

Sport

Our teaching team are sports professionals, having worked with high-level squads such as the premiership rugby team Exeter Chiefs, Surrey Scorchers, Surrey County Cricket Club, Sutton United FC, Sutton and Epsom RFC and GB track athletes.

WHAT TO EXPECT

- ▶ The courses we offer provide pathways to careers in sports and related industries such as teaching, therapies, coaching, fitness instructing and youth work.
- ▶ Extensive outdoor facilities, plus newly-refurbished Technogym-equipped fitness suite, sports hall, covered outdoor multi-use games pitch and sports therapy room.
- ▶ You will be involved in sports coaching and fitness classes for all age groups and abilities in your community, from working with primary schools to older people and people with learning difficulties.
- ▶ We actively encourage all our students to get involved in sport as athletes and coaches and we provide the support to ensure you fulfil your potential.
- ▶ We make arrangements to work with your training and competition schedules. This means that you do not have to sacrifice your education for a promising sporting career.
- ▶ The department runs a Football Development Squad, which plays in the higher level college league and Ryman Youth League for a local non-league team.
- ▶ Nescot Sports students have free access to the Sports Injury Clinic.

- ▶ Nescot students were 3rd in the 2015/2016 season – ECFA Cat 2 league.
- ▶ Many of our students go on residential outdoor activities trips to Skern Lodge in Devon.
- ▶ Opportunities to train to become a fitness instructor through study of the CYQ Level 2 fitness instructing certificate.
- ▶ Gain additional qualifications including sport-specific First Aid and Level 1 coaching qualifications (dependent on numbers).
- ▶ Students can take a trip to the French Alps to ski or snowboard.
- ▶ Our students organise and run local primary schools 'sports day' events.

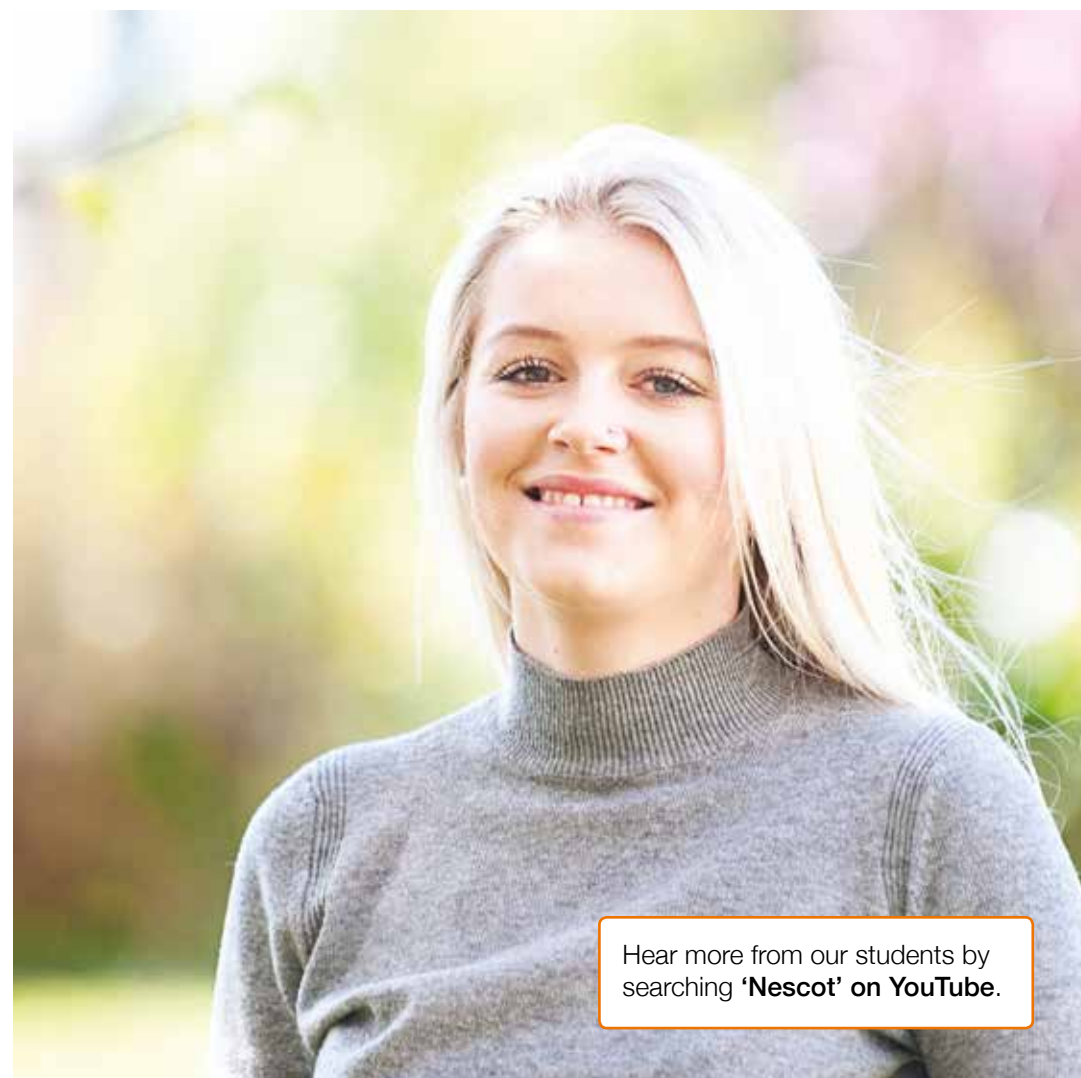

3 GOOD REASONS

- 1 100% success rate for Level 3 Extended Diploma in Sport, which is 12% above the national average (2015).
- 2 Some of our sport programmes include extra qualifications, such as Level 1 coaching qualifications, sport-specific first aid or YMCA Fitness Instructing Certificate.
- 3 96% of sport students rate the teaching on their course to be good (Student Survey 2015).

“It makes a big difference that we’re taught by people with direct experience of actually working in the sports and fitness industries. They’re passionate and enthusiastic about sport, and they know how to make your learning at college relevant to what you want to do in the future.”

Ellie (Level 3)

Travel and Tourism

Teaching staff have industry experience with companies including Virgin Atlantic, TUI, British Airways, First Choice, Thomson, Austravel and Educational Tours. In addition staff have worked in destinations from Australia to Egypt and Venezuela to Madagascar.

WHAT TO EXPECT

- ▶ Additional certificates give you recognised qualifications as Cabin Crew or Aviation Operations on the Ground and Resort Representatives.
- ▶ Teaching and assessment on our Resort Reps, Aviation and Cabin Crew courses have been awarded a grade 1 by the awarding body.
- ▶ A newly-refurbished fully-equipped cabin service room, which is set up like an aircraft so you can carry out cabin crew role-plays such as delivering services, dealing with emergencies and customer service scenarios.
- ▶ Industry-standard IT facilities and well-equipped classrooms.
- ▶ Field visits to develop your professional practice, including visits to British Airways or Virgin Atlantic, where you get the chance to take part in simulated safety and emergency procedures.

- ▶ Each year we organise trips to UK and European resorts, including Croatia, Tenerife, Barcelona, London, Madrid, Paris and Brighton.
- ▶ Guest speakers who work in the industry. Past speakers have included representatives from Virgin Atlantic, easyJet, STA Travel and independent tour operators.
- ▶ Work experience placements. In the last few years students have secured placements at The Ritz, easyJet, British Airways, Jersey Airport and The London Aquarium, with many offered permanent jobs.

3 GOOD REASONS

- 1 High success rate and excellent progress with 83.3% getting high grades (2014/15).
- 2 Travel students can take additional qualifications in NCFE Resort Reps, Cabin Crew and Aviation Operations on the Ground, which employers value highly.
- 3 100% said "Teaching on the course was good" (Lesson Observations, 2014/15).

“One really good thing about the course is that you do extra qualifications, like in Cabin Crew and Resort Reps. We do a lot of trips, so you can see what you’ve learnt in real life. There’s a lot of emphasis on employment, and I’ve got a job as a member of cabin crew with a major airline.”

Uniformed Public Services

Our award-winning staff have combined experience that includes serving as a police officer; working for the Air Force; acting as instructors for the Territorial Army and for outdoor activities; teaching first aid qualifications; and expertise in the law of armed conflict.

WHAT TO EXPECT

- ▶ Practical sessions on our new high and low ropes course to improve your teamwork, leadership skills and have fun!
- ▶ Expert training for the uniformed services entrance tests.
- ▶ Group expedition and adventure activities in places like Aqua Sports in Surrey and Dorset Adventure Centre to hone your problem-solving, teamwork, and cohesion skills.
- ▶ Community volunteering, leadership training and targeted fitness training to prepare you for a career in the uniformed public services.
- ▶ Visits to parliamentary buildings, the Royal Courts of Justice and the Old Bailey, and visits from MPs, to demystify the workings of government, law and order.
- ▶ Develop skills in bushcraft, wild camping, raft building, as well as a thorough grounding in cultural awareness and diversity to equip you to serve today's multicultural society.
- ▶ Opportunity to attend 24-hour military exercises and the Army Insight course.

- ▶ Previous students were winners of three categories in the Public Services National Competition.
- ▶ Fundraising for the Royal Marsden's teenage cancer campaign and sponsored activities to raise money for Help For Heroes.

3 GOOD REASONS

- 1 100% success rate at Level 3, which is 13% above the national average with 57% of students achieving higher grades than predicted, helping students gain employment and university places (2015).
- 2 Uniformed Public Services students can undertake additional qualifications in first aid, Outdoor First Aid additional qualifications and non-accredited drill inspection.
- 3 Students meet monthly guest speakers from Uniformed Public Services, including a police dog handler and firefighters, discussing their careers and job roles.

“I’ve loved the units and trips we’ve done this year. We also had a visit from the Metropolitan Police Service’s dog section, where the officers talked about the career and how to get there. It’s exactly what I want to do in the future, and the visit made me see I can get there if I work hard.”

- ▶ University of Surrey
- ▶ Bournemouth University
- ▶ Farnborough College of Technology
- ▶ University of Portsmouth

Where is Nescot?

The college is in north-east Surrey, in Transport for London's Zone 6 and served by Southern and South West trains. We're a ten-minute walk from Ewell East Station, and we have free secure bicycle storage and a large free car park.

Close to both the Epsom Downs and London, studying at Nescot offers you a choice of lifestyle. A 30-minute train journey into London gives you the opportunity to experience one of the liveliest cities in the world, whereas the local town of Epsom offers a quieter pace of life, but still a wide choice of recreational facilities.

The college has excellent road and rail services from London and all parts of Surrey. Mainline stations Ewell East and Ewell West are within easy walking distance from the campus. The college is easily reached by train from Sutton, Croydon, Dorking and Leatherhead, and by bus from Kingston and Chessington.

Many of our students qualify for council travel schemes or can apply for an Oyster card to help with travel costs.

A large, free car park is also available for students and staff, as well as free secure cycle storage.

Disclaimer

This prospectus describes our courses, services and facilities. It was compiled in August 2016 and relates to the programmes we intend to offer for the year starting in September 2017. Every care has been taken to ensure that the information contained is accurate at the time of printing, but the course programme is subject to continuing development and changing circumstances that may necessitate the cancellation of courses or alterations to the course content, or other related matters. Some courses described are still subject to external validation before they can be run. The college reserves the right to make any such changes with as much notice as possible. These rights shall be incorporated in any contract between the college and a student, safeguarding the college from any liability whatsoever in respect of any such changes. Please note the tuition fees quoted are for a single year of tuition. Some courses attract additional costs, including materials and protective clothing.
