

# Simply Outstanding Yn Wirioneddol Rhagorol

I am delighted to take this opportunity to welcome you to St Julian's School. We are a vibrant, successful comprehensive school in the heart of Newport. There are almost 1700 young people and 150 adults working in our building, steeped in rich history.

Our aim is to guide each of our students on their individual route to success. As staff of this school our role is to inspire and encourage students to talk passionately about their learning. It is essential that we provide them with challenge and equip them with the skills necessary to achieve their ambitions.

Diversity is embraced throughout the school. Encouraging tolerance and respect for different views produces better learners and well-rounded individuals. We have a tremendous responsibility to our community and developing young people who will make a positive contribution to society is uppermost in our minds and efforts.

Qualifications are important, qualities are essential.

We are extremely proud of our school, the work carried out by our staff and of the progress made by our young people. St Julian's School continues to be a fundamental part of the "route to success."

# Learning & Teaching Dysgu ac Addysgu

Our aim is to provide a learning environment that engages, motivates and challenges all our students. Inspirational teachers and innovative ideas come together to support our students through their journey at school.

At St Julian's we prioritise the development of skills and encourage students to challenge themselves on a daily basis. We create independent learners as well as strong leaders who can contribute to learning within teams. We reward effort, achievement and positive outcomes to ensure our students aspire to work hard. We provide personalised pathways, encourage healthy and active lifestyles and provide continual support and guidance to promote lifelong learning and to show our students, the route to success.

# House System System Llys

Our goal is to ensure that every student achieves the best they can, both academically and socially, providing our community with people to be proud of.

This is based upon a varied and exciting tutorial programme delivered by enthusiastic and committed tutors. These tutors work with students on a daily basis and are the first point of contact for every student in the school, therefore a close relationship is developed which allows the tutors to mentor, advise and care for their students. Each tutor group is enveloped within the House system; four houses which are named after Welsh princes, Caradog, Glyndwr, Hywel Dda and Llywelyn. These houses are led by the Head of House and the Assistant Head of House who are responsible for the pastoral care of every student. The House system not only monitors progress and pastoral care but engenders a positive community spirit through competition and rewards.
