

Dear Candidate

At Mayfield, we are totally committed to the success of every child.

Learning is central to everything that we do and we strive always to ensure that every child receives the support and guidance they need to reach their full potential.

Mayfield School is a community built on shared values of respect, fairness and hard work.

We maintain a safe and secure environment where all can thrive and succeed. We have the highest possible expectations for all of our students and, through providing the appropriate amount of support and challenges, seek to ensure that every student meets them.

We believe that students have an absolute right to achievement and excitement in their education and also that it is a fundamental part of a school's role to give students and families a real voice in their school. We listen carefully to what students have to say and we are always looking for opportunities to involve families more in their children's school experience.

We want all of our students to aspire to be the best that they can be and to discover more in themselves than they thought possible. We offer a rich and increasingly varied curriculum to cater for the wide variety of interests and needs within the school and we are aware that school involves more than just academic study.

We are a school that is fully committed to continuous improvement in all aspects of our work. You can be confident that at Mayfield your child will be supported, encouraged, challenged and given every opportunity to be the best that they can be.

We welcome your allocation for consideration.

Yours faithfully

Allison Greenwood (Ms)
Co-Headteacher

Lynn Campbell (Ms)
Co-Headteacher
