

## Our Mission

---

Our mission is to develop *thoughtful, adventurous* and *academically ambitious* young people who are life-long learners. We aim to prepare them with the character and skills to succeed in the ever-changing world after school. Our pupils have the freedom to experience, explore and enquire about the world around them. We aim to encourage independence and tolerance in a safe, caring community and magnificent natural environment.

To achieve this we will:

- Promote a growth mind-set, where abilities can be developed through dedication and hard-work;
- Provide a co-curriculum that will challenge and support character development, leadership and teamwork;
- Encourage individualism, creativity and contribution to a nurturing and collaborative community;
- Engender physical, spiritual and mental wellbeing through a strong pastoral system;
- Prepare pupils for a life beyond school;
- Develop an appreciation for and responsible attitude towards their environment and surroundings.

Rendcomb College is a vibrant and rewarding place to work with a strong family ethos. We are committed to recruiting, developing and retaining high calibre academic and Business Support staff for our wonderful school. All staff play an important part in the provision of our first-class education.

Our Business Support staff fill a wide variety of roles and work both part and full-time. They are very much part of our wider team and contribute to, and benefit from, the positive and family focused environment at Rendcomb College.
