Windlesham House

There's no school like ours

“Our headmaster
wants all of us to
be the best that
we can be.”

Windlesham House is proud to
be different. We have a rich
and long history whilst being
progressive and innovative in our
culture and approach.

Our girls and boys are kind and
caring, full of curiosity and risk
takers. They leave the school
characteristically confident, well
rounded, and ready to embrace
the challenges ahead with
positivity and a sense of fun.

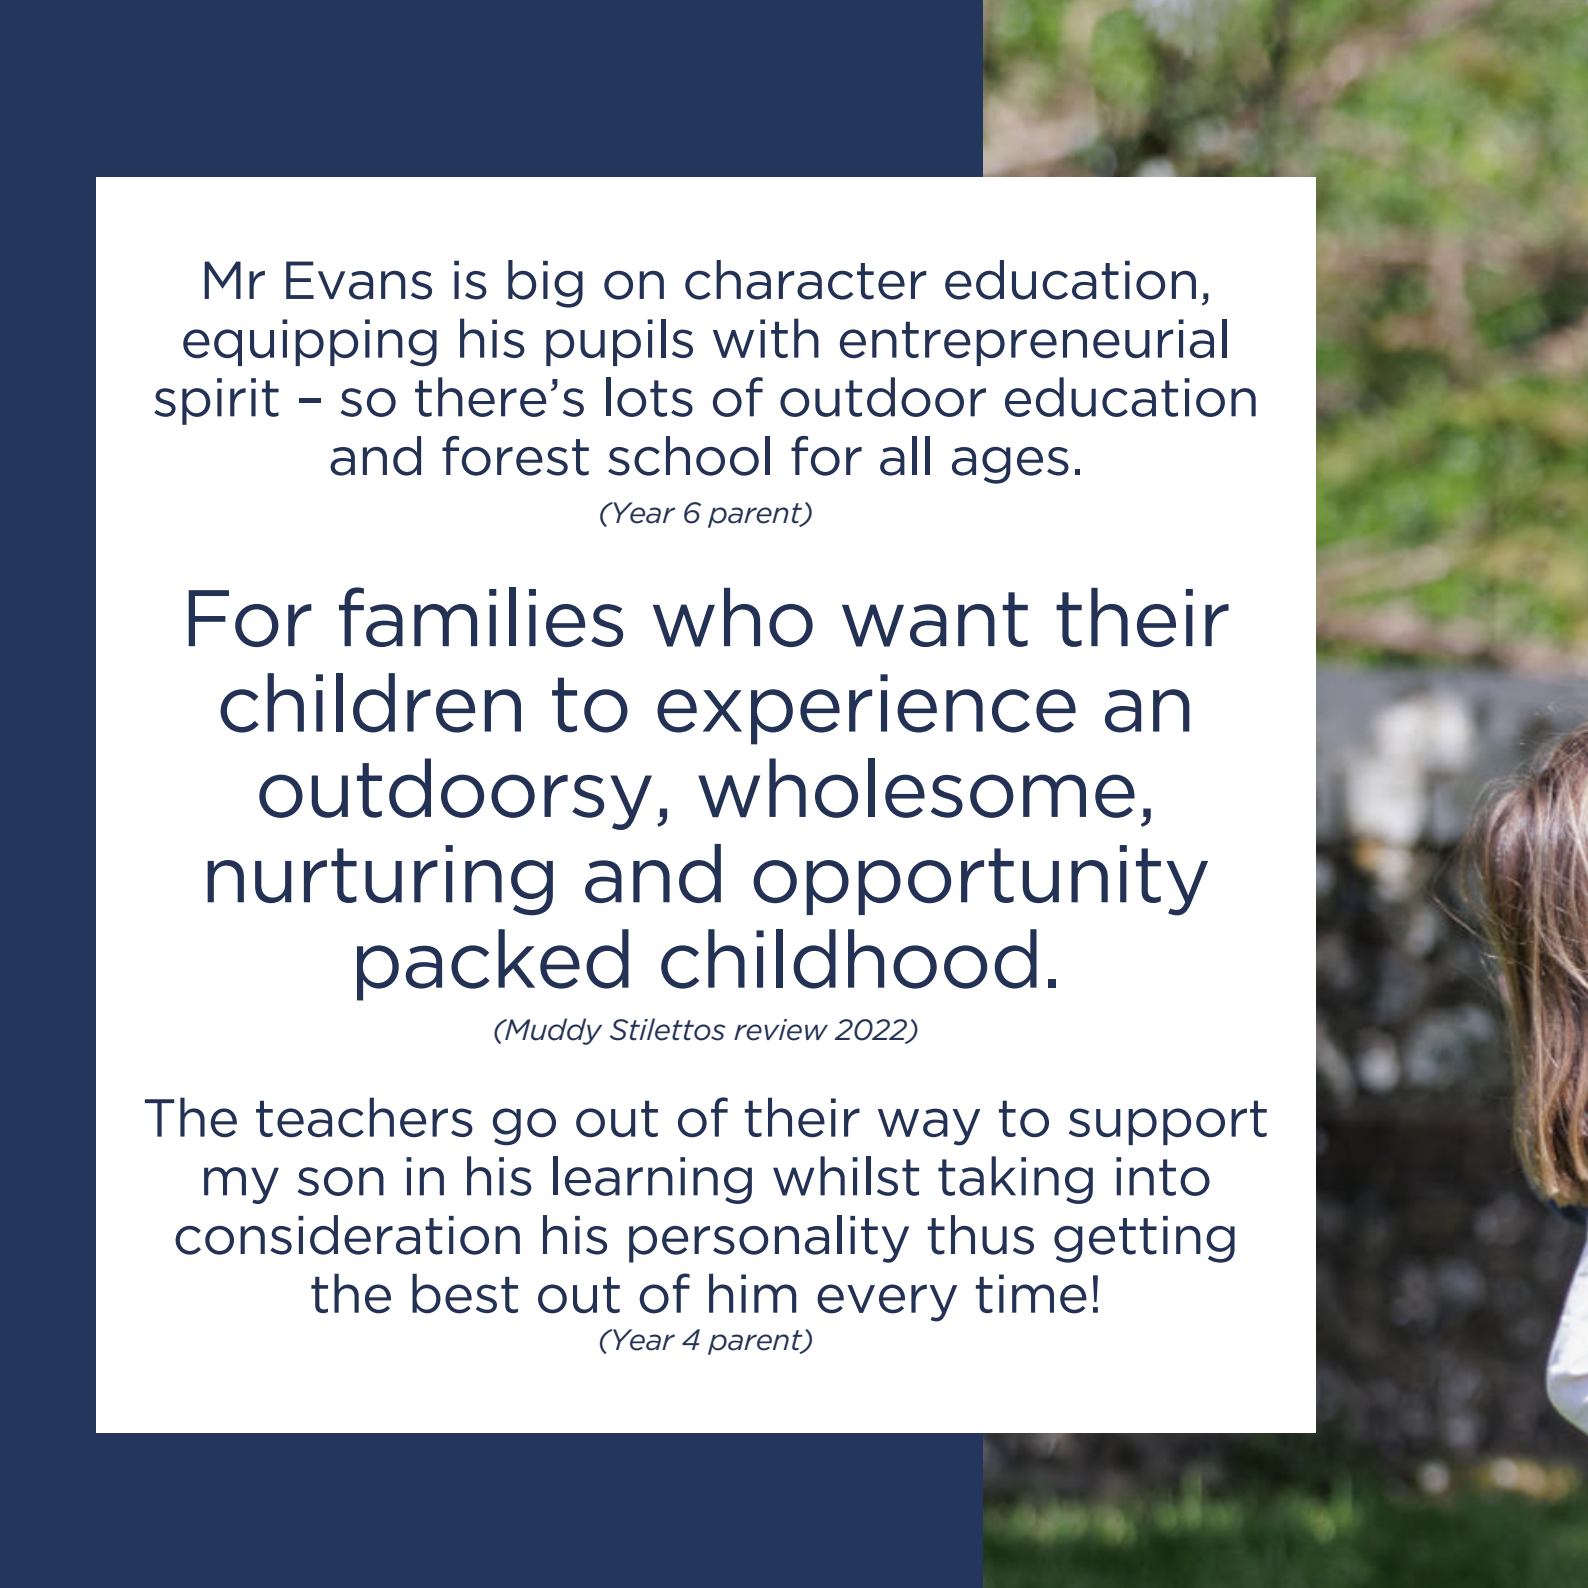

Windlesham House is
a unique and special
place. Everyone who is
and has been part of
our community, as well
as our many visitors,
all think the same.

Pastoral care is
off the flipping charts.

(A parent telling Tatler 2022)

The food is the best!

(Year 1 pupil)

Mr Evans is big on character education, equipping his pupils with entrepreneurial spirit – so there's lots of outdoor education and forest school for all ages.

(Year 6 parent)

For families who want their children to experience an outdoorsy, wholesome, nurturing and opportunity packed childhood.

(Muddy Stilettos review 2022)

The teachers go out of their way to support my son in his learning whilst taking into consideration his personality thus getting the best out of him every time!

(Year 4 parent)

There is a tangible
atmosphere of kindness.

(A parent telling Tatler 2022)

I love how much space there is at
Windlesham House. So much more
than my school in London.

(Year 4 pupil)

Windlesham House offers
families a refreshingly
modern take on traditional
prep school life and
we have no doubt that
Ben Evans will plant it very
firmly on the map.

(A parent telling Talk Education 2022)

Windlesham House
offers my children so
many opportunities to try
new things. They are
incredibly lucky.

(Year 7 parent)

The family feel and supportive atmosphere comes
up time and again with Windlesham pupils, who feel
nurtured and supported by everybody from the
head down. The food also gets a big thumbs up, as
does the range of activities and clubs on offer.

(Muddy Stilettos review 2022)

The teachers are very kind
and the lessons are exciting.

(Year 7 pupil)

I feel totally involved in my child's education.
They have been nothing but brilliant.

(A parent telling Talk Education 2022)

I know there is
always someone
I can talk to if I need to.

(Year 7 pupil)

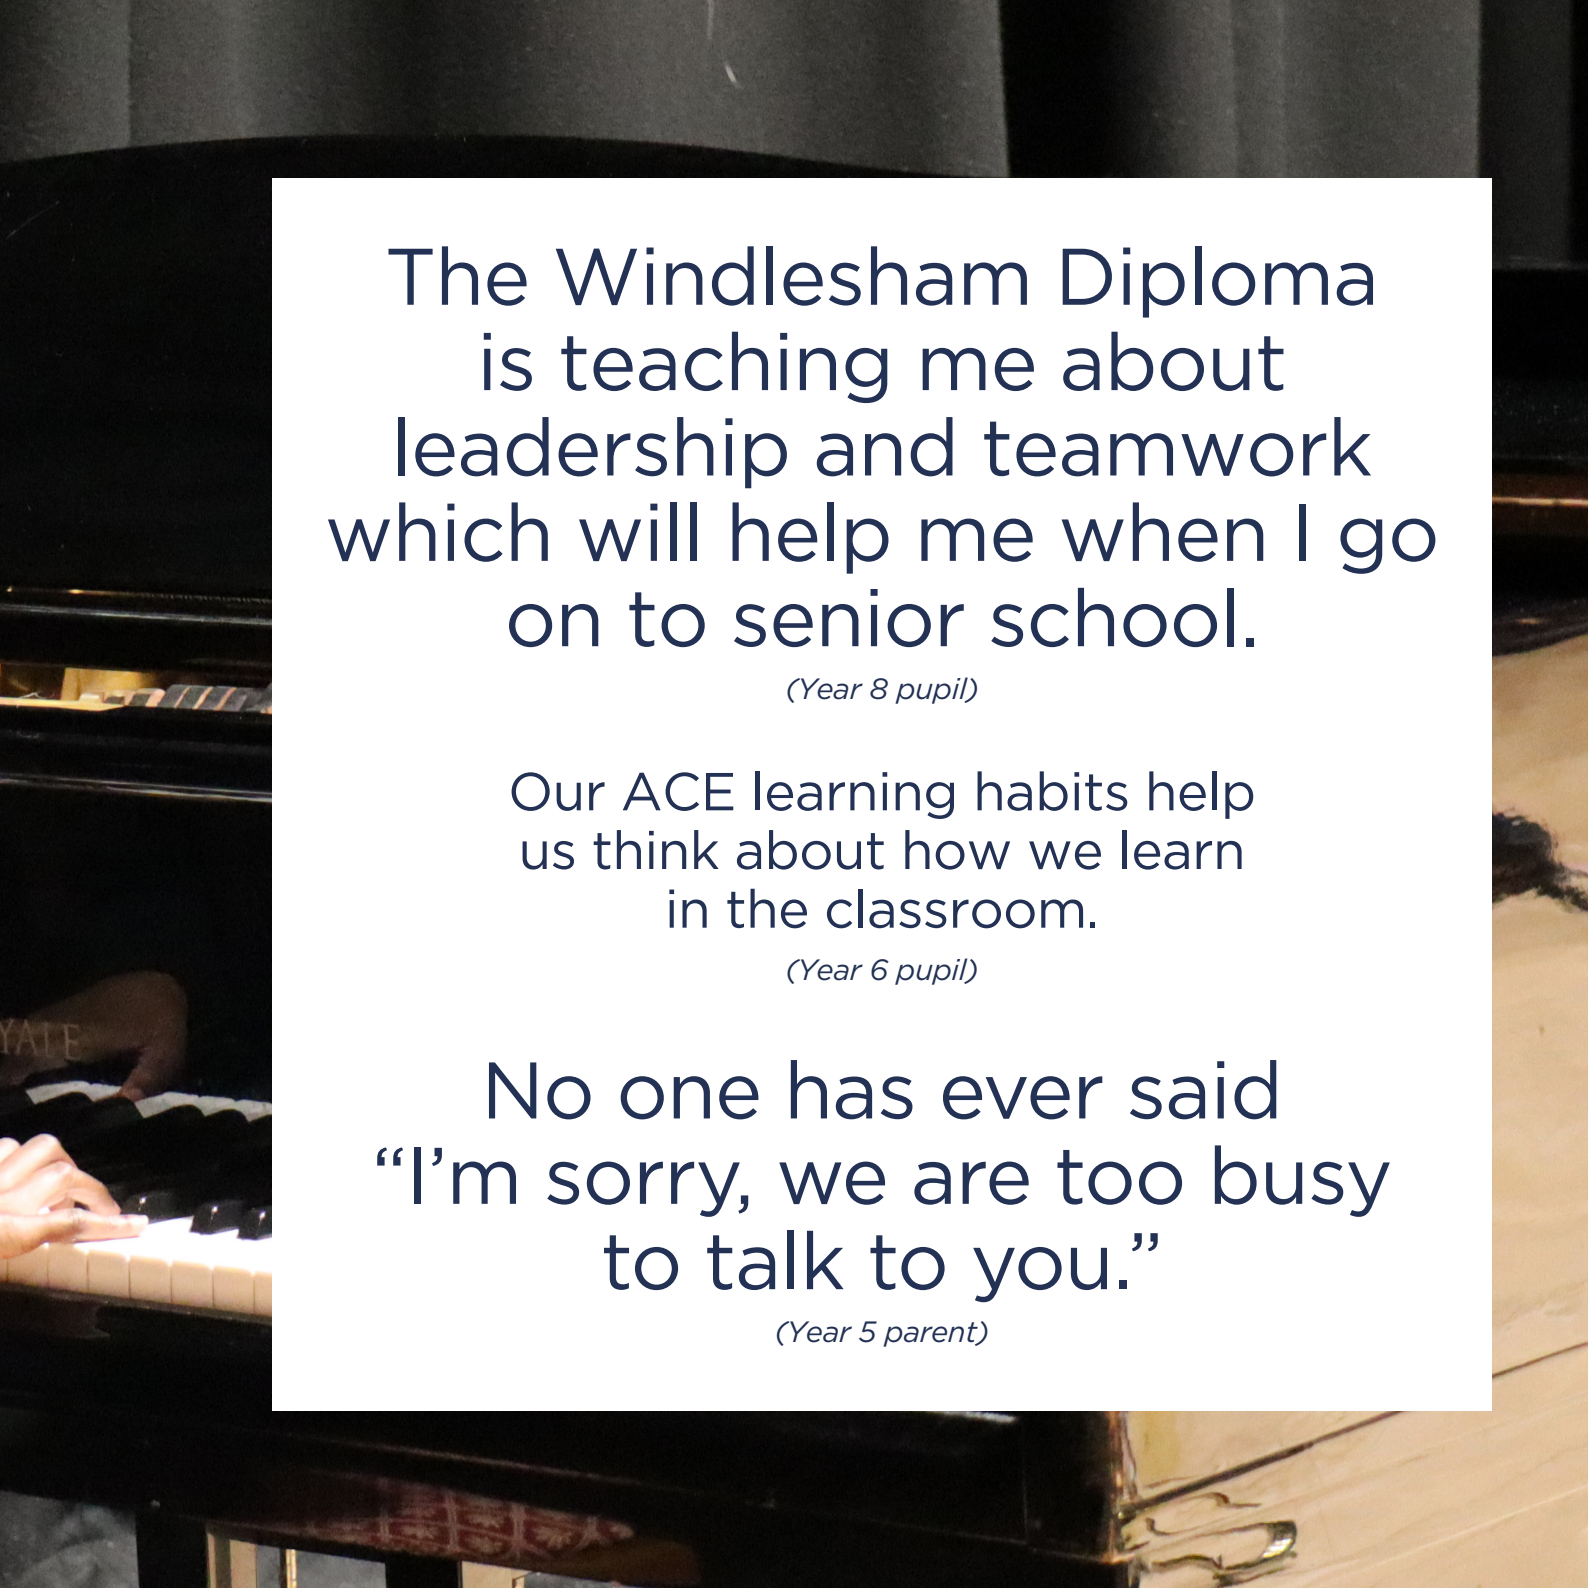

I feel very involved with my daughters'
education at Windlesham House.

(A parent telling Talk Education 2022)

The school trips are great,
we went out hunting
for dragons.

(Year 2 pupil)

The Windlesham Diploma
is teaching me about
leadership and teamwork
which will help me when I go
on to senior school.

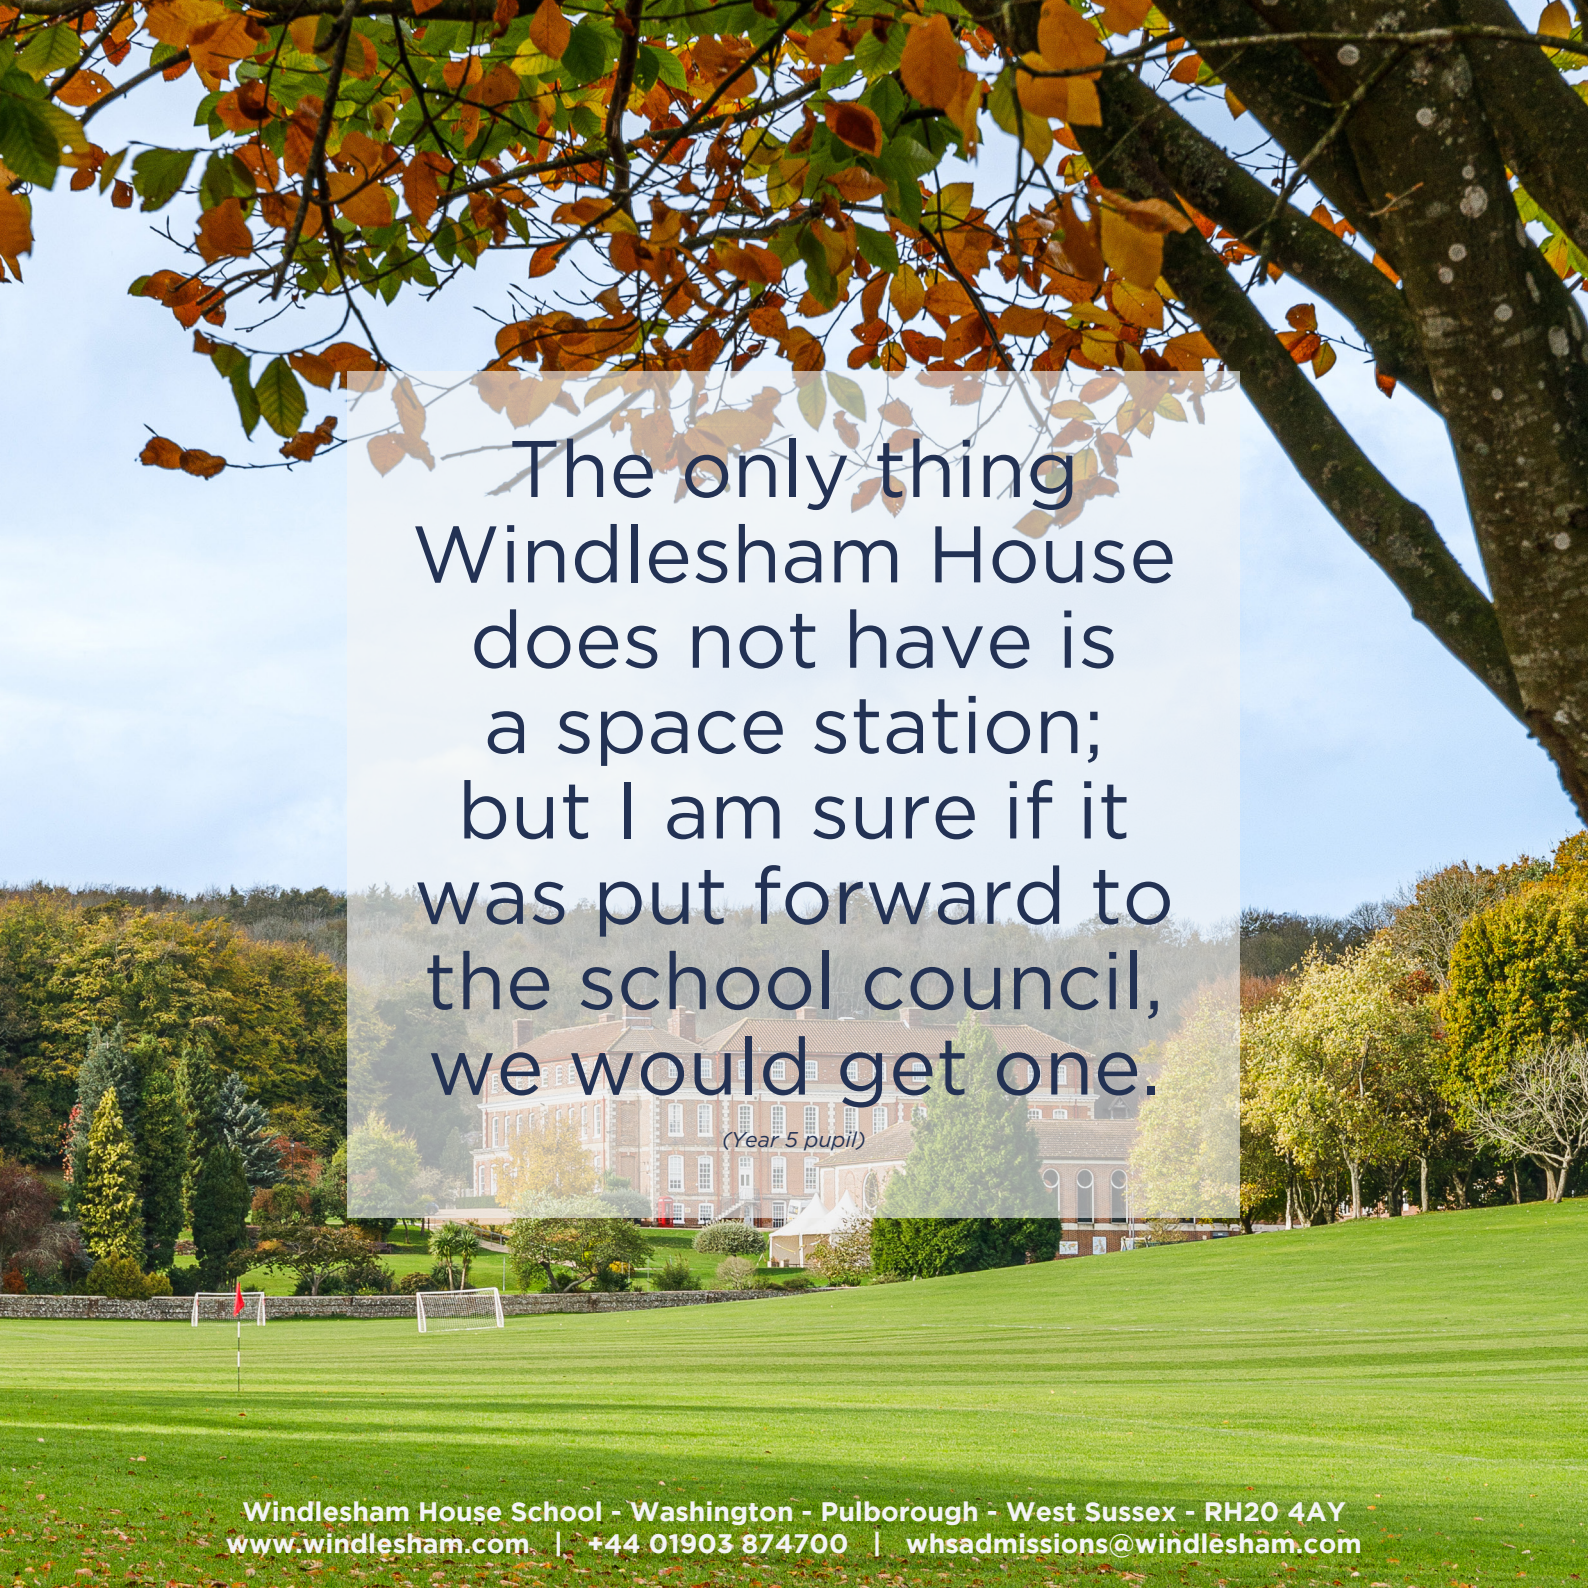

(Year 8 pupil)

Our ACE learning habits help
us think about how we learn
in the classroom.

(Year 6 pupil)

No one has ever said
“I’m sorry, we are too busy
to talk to you.”

(Year 5 parent)

The only thing
Windlesham House
does not have is
a space station;
but I am sure if it
was put forward to
the school council,
we would get one.

(Year 5 pupil)
