

Dedicated to raising achievement for every child in our school

I offer you a warm welcome to Christ Church Primary School on behalf of our staff and children. I am fortunate to lead a wonderful school in the heart of Chelsea. Our Christian values are clear in all that we do. We aim to instil qualities of forgiveness, empathy and respect in all of our children. We believe in teaching that inspires children to love learning and life. Our school is relatively small, which means that it is a very safe and caring environment where everybody knows your name and something about you. We aim to create an inclusive environment where being different but belonging together is key to our ethos. We dedicate ourselves to raising achievement for every child in our school. All children have their own strengths, gifts and talents and we feel these should be capitalised on so that children have positive self-esteem and achieve the very best that they can. Creating and maintaining a close relationship between home and school is vital to a child being successful in their learning and we ask parents to be very supportive of our work as they are the primary educators.
