ROCHESTER INDEPENDENT COLLEGE

Prospectus

“Rochester Independent College’s use of testing and reflection mirrors a lot of what I used at medical school.”

Conor, Rochester Alumni  
Now at Newcastle Medical School

“It would be hard to find better provision for an artist.”

Good Schools Guide

## A Warm Welcome to Rochester Independent College

Rochester Independent College is a school like no other. Our unique campus and friendly staff make the college feel more like a home than a school. There is no uniform, no bells ring, and everybody is on first-name terms.

However, that doesn't stop Rochester from being one of the top schools in the UK for student progress at A-level. And it doesn't stop us preparing our students for success: their hard work and first-class results mean they go on to win places at a wide range of top universities.

Most students at Rochester Independent College join us from Kent, London, and other areas around the UK.

We also welcome international students from over 40 countries every year, who contribute diversity and global perspectives to the college. No matter where our students are from, they find Rochester to be a place that lets them search for their own answers, voice their opinions, and think critically, creatively and independently.

We warmly welcome you to see for yourself what Rochester can offer.

# Alistair Brownlow

## Principal

Our Principal Alistair Brownlow joined Rochester Independent College in 1997 after teaching English in Russia and Romania. Educated at St Andrews and Glasgow, Alistair teaches A-level English Literature and advises students on university applications.

# RIC at a Glance

A few of the reasons that students love Rochester Independent College:

RIC is the home of the Great British Economics Olympiad, running the competition to select the team each year that competes in the International Economics Olympiad.

Rochester is in the top 2% of schools in England for student progress at A-level, according to government league tables.

27% A\*- A, 57% A\* to B and 79% A\* to C grades in A-Level in 2024 with a non-selective intake.

40+ subjects to choose from at A-level, with any combination possible.

Full boarding on campus – students have single rooms with some en-suites.

37 minutes from London St Pancras by direct high-speed train.

Flexible one- or two-year GCSE and A-level courses with September, January, and April start dates.

Student population 60% UK and 40% international.

Royal Thai Government Scholarship students regularly join Rochester and achieve academic results.

Top 10 university placements including UAL, UCL, Manchester, Bristol, Leeds, Nottingham and Exeter.

Rochester has an excellent track record of helping students win a place on competitive courses such as Medicine, Dentistry and Law.

Winners of ISA National Award for Excellence and Innovation in Fine Art.

Boarding age from 13 years upwards

“The teaching at Rochester is rigorous and tailored to the best possible exam results. It offers a broad education combining its original focus on getting students into competitive courses such as medicine and dentistry with an emphasis on the creative arts.”

Liz Lightfoot, The Independent

# Academic Study

Students have a huge choice of subjects at Rochester – and can study them in any combination.

## What is learning like at Rochester Independent College?

- Teaching is similar to a seminar or tutorial at university. Rather than individual desks, students gather around a table where tutors encourage them to discuss different aspects of a topic critically.
- Classes are an average of just eight in size, and students have between five and eight hours contact time per subject, per week.
- All students in Sixth Form have a Personal Tutor who they meet with regularly to discuss progress, targets, and future aspirations. Students also receive one-to-one tutorials and study support sessions, where they can address any areas for improvement.
- Formal reports are regularly sent to parents, and Personal Tutors can be contacted via phone or email with any questions or concerns.

## Courses

### A-levels (Sixth Form)

A-levels are the main school-leaving qualifications in Britain, and are globally respected. At Rochester, three or four A-levels are studied over two years from a choice of 40+ different subjects, with no restrictions on the combination that can be taken.

Rochester offers variations on the main two-year A-level and GCSE options, including:

- One-year A-level courses
- A-level preparation programmes
- Re-takes of qualifications for students who wish to improve upon past results.
- One and two year GCSE courses
- Specialist Medical Courses
- Specialist Creative & Digital Media programmes

### GCSEs

GCSEs are the precursor qualification to A-levels and are usually taken in multiple subjects (from a choice of around 30) over two years. English, Maths and a Science are compulsory and all other subjects are optional.

### English Language Teaching

Expert English language support is readily available to international students who would like to improve their language skills or prepare for an IELTS exam. Classes are timetabled alongside academic subjects, and students work in groups with those at a similar level for the best possible progress.

60% of our students are native English speakers, which means it is natural for all our students to use English as a common language, improving their language skills.

# University Support

Winning a place at a top university is challenging, but our programme of tailored support gives students the best chance of success. A typical programme may run as follows:

**Beginning of Year 12/A-level:**

A tutor is assigned to every student in the Sixth Form to offer careers support and guidance on UCAS personal statements, applications, and references.

**Year 12 Autumn Term:**

International students prepare short talks about themselves and their plans for the future. This helps them articulate their aims and get quality feedback from a variety of sources.

**Year 12 Autumn Term:**

Visits to top universities in London such as the London School of Economics (LSE) and University College London (UCL), as well as UCAS exhibitions to learn about the different courses on offer.

**Year 12 Spring and Summer:**

Students attend personal statement workshops for guidance on careers, universities, and suitable summer holiday activities and work experience.

**Year 12 Spring and Summer:**

Students may also receive guidance and support from industry-leading experts at our sister companies at Dukes Education specialising in Oxbridge, Ivy League & US, Medicine and Law applications and work placement.

**Beginning of Year 13:**

Tutors, Heads of Sixth Form, and specialist UCAS staff work with every student individually to create strong university applications in the year before they apply.

“I was taught by teachers who are excellent in their subject. With the small class size, teachers were able to answer all questions and give constructive feedback to homework. In addition, there was a weekly practice test to make sure that we really understood the lessons and to make us familiar with the exam style.”

Jirayus, Rochester Alumni  
Now at Trinity College Cambridge

# University Destinations

The college’s strong results mean that each year we send a number of departing students on to study at top UK universities and Art schools. In recent years these have included:

Computing, Imperial College London	Law, London School of Economics
Dentistry, Bristol University	Mathematics, Cambridge University
Economics and Mathematics, Leeds University	Medicine, Oxford University
Film Studies, Warwick University	Natural Sciences, Cambridge University
History, King’s College London	Psychology and Philosophy, Oxford University
Law, Exeter University	Veterinary Science, Liverpool University

The abundance of creative Arts provision and teaching also means that many students progress directly to Fine Arts degrees at top institutions without a foundation year. In recent years, students have gone on to study Art, Media, Music, or Film at:

BIMM	UAL Central St Martins
Falmouth University	UAL London College of Fashion
Istituto Marangoni	University of Creative Arts
Kingston University	UCL Slade School of Art

**For the full list of university destinations, go to the back of the prospectus.**

# Life at Rochester

Situated in the beautiful and historic city of Rochester the College is conveniently located for all of London's transport links.

Rochester is situated 37 minutes southeast of London by train in the county of Kent. With its charming cobbled high street, castle, cathedral, and a range of vintage shops, bookstores, and cafes, the city is an idyllic place to study. It also enjoys excellent transport connections, with Gatwick Airport 50 minutes away by car and Heathrow Airport 70 minutes. Paris and Brussels connections from St Pancras.

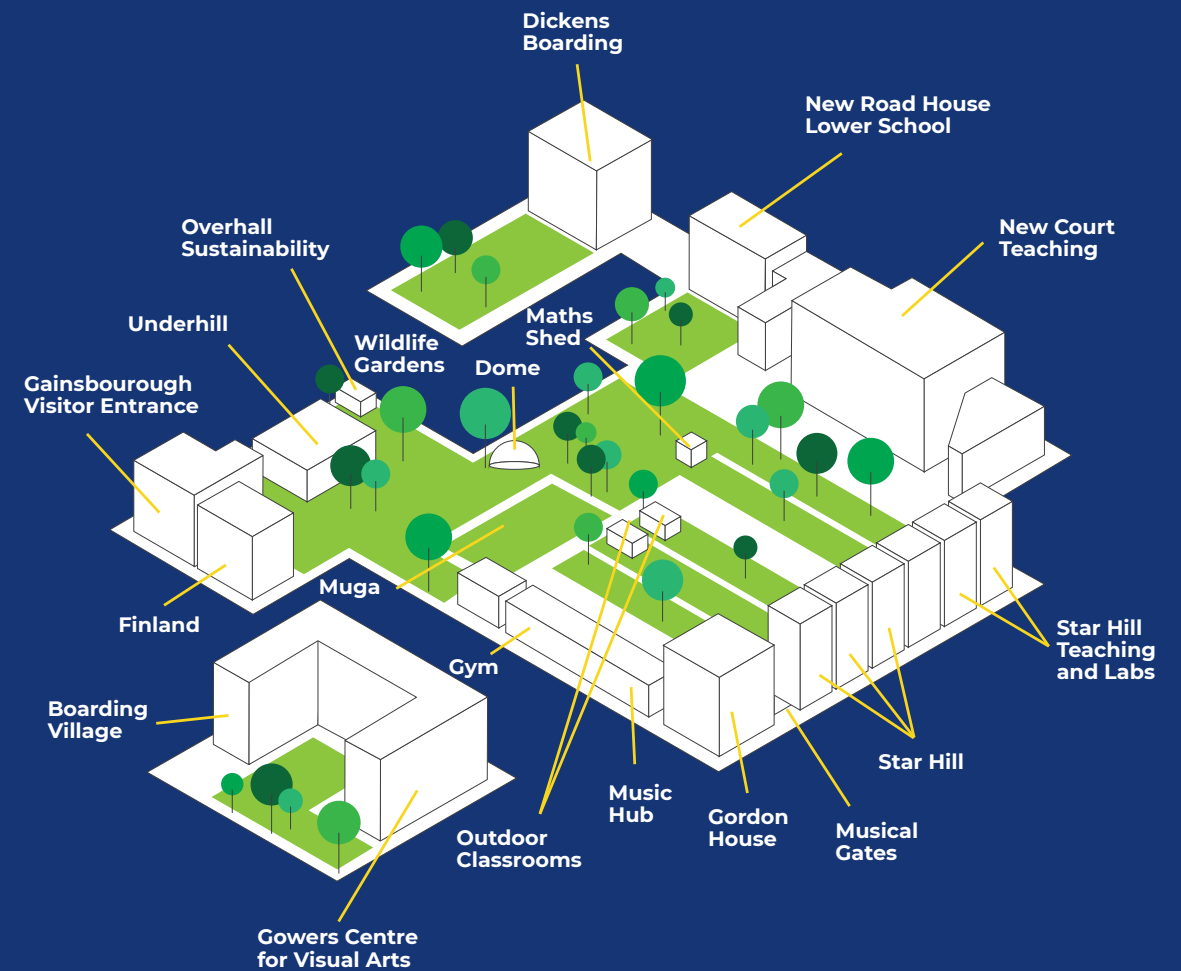

The college itself is based in our enclosed campus of historic Georgian and contemporary buildings. Our award-winning gardens, natural dye garden, underground theatre space, musical gates and Mathematics garden house all add to the college's unique and homelike atmosphere.

-  37 mins by train
-  Gatwick: 50 mins by car
-  Heathrow: 70 mins by car

# Campus Map

Our enclosed campus provides a welcoming, safe and secure environment for students.

“Pupils appreciate the peace, greenery and wildlife of the surroundings within an urban setting and enjoy the gardens for relaxation and personal reflection.”

ISI Inspection Report

# Boarding & Student Care

At Rochester we know that academic and personal development comes naturally to happy students.

We make student welfare our priority and aim to create a place where everyone feels welcome. At Rochester, teachers treat students like adults, building mutual respect. The result is that many students say they have never been happier at school.

International students are fully integrated in all aspects of the college. From academics to life outside the classroom, Rochester has an inclusive, unified student body. From 2024 a brand new state-of-the-art boarding village will be opening with ensuite study bedrooms.

## Life as a Boarder

Up to 140 of the 380 students at the college board each year. As boarding pupils, students will be part of a close, supportive community. Students all live on-site in single rooms (with some en-suites available) and breakfast, lunch, and dinner are freshly prepared on the premises. Boarding houses also have comfortable common rooms where film nights and other social activities take place every week. House Parents (Tutors who live in college) are always on site, ensuring there is someone to talk to and oversee the students at all times.

Student care at Rochester is based on developing each student's interests and helping them achieve as much as they possibly can. Personal Tutors have regular meetings to monitor students' wellbeing and discuss progress, targets and future aspirations.

“RIC has been literally transformative. I’ve felt so much happier here. You’re allowed to be yourself, be independent and discover who you are.”

Lexi, RIC Alumni

# Outside the Classroom

Our students have a huge choice of activities and clubs outside of lessons, for enrichment, personal development... or just for fun!

Rochester also organises trips outside college, designed to link students' academic studies to the wider world. These create a broader and more rounded understanding of a subject, which in turn can give students an advantage in their university applications. Activities have included visits to galleries, theatre and museums in London, trips to Bath, Oxford and Shakespeare's Stratford, surfing in Cornwall, a graffiti tour around London, a hiking trip to the Brecon Beacons and a day at Brands Hatch racing track.

The college offers clubs from chess, coding, drama, textiles, and film to yoga, photography, Dungeons and Dragons, running, basketball, boxing, debating and DoE programme. We also frequently create new clubs when students express an interest.

Rochester is one of the leading creative boarding schools in the UK, and our Arts staff are all practitioners with industry and studio experience in Filmmaking, Fine Art, Illustration, Graphic Design, Digital Media, Photography, Fashion, and Textiles. The school also has its own 100-seat theatre for small-scale productions.

All students are encouraged to stay fit and active. Onsite Rochester has its own MUGA (Multi-use games area) and well-equipped gym. The college also uses Medway Park – a multi-million-pound sports facility with swimming pool, athletics track, sports centre, fitness suite, and spa. There are also school teams for football, sailing trips and opportunities to try fencing or climbing.

Individual Music lessons are taught by peripatetic staff and there are rooms to practice individual instruments. Musical groups are active in college and there is a Rochester Summer Festival where Performing Arts students often showcase their talents.

“Students’ personal development is excellent. Students’ attitudes to their work and learning are exemplary. The college provides excellent support and guidance, which enhances students’ personal development. It is highly successful in its aim to develop self-knowledge and self-esteem.”

ISI Inspection Report

# Applications

Our only entrance requirement is your determination to work hard.

Rochester achieves superb results despite being non-selective in admissions. In our experience, students can succeed at Rochester regardless of success at previous schools.

We are also flexible enough to be able to enrol students right through the academic year, and can often help when students need to change schools at short notice.

Complete our application form by going to:

[www.rochester-college.org.uk/apply](http://www.rochester-college.org.uk/apply)

Send your latest school report, teacher reference, passport and birth certificate to [admissions@rochester-college.org.uk](mailto:admissions@rochester-college.org.uk)

You will then be invoiced for the registration fee

Attend a Zoom/Skype interview or college visit

Take an English test

Offer of a place

Complete acceptance form

Invoiced for the deposit

## Recent Awards

We’re always aiming to be the best that we can be.

**The college and its students are proud to have received the following awards:**

- Good Schools Guide awards for Mathematics, Chemistry, Film Studies and English Literature
- ISA National Award for Excellence and Innovation in Fine Arts
- Top Award in the UK for the 50th Royal Society of Chemistry Olympiad
- Student artwork is selected for the Royal Academy Student Summer Exhibition
- Winner of ISA Essay Prize
- Winner of BSA Khadija Sayer’s Photography Award
- International Centre for Economics Olympiad
