Ethos and School Values

Join us in our brand new premises!

Grow, Build, Achieve

Our ethos and values begin with our motto: *Grow, Build, Achieve*. This in turn is driven by our philosophy that tomorrow's world is in today's classroom.

We create a family atmosphere in our school to help pupils develop their own personality in a secure and caring environment. We also recognise each child as an individual and take an inspiring, independent and creative approach to teaching so that a love of learning is instilled in them.

Furthermore, we commit ourselves to four core values:

We build trust through our teacher-pupil relationships to create a safe and caring learning environment.

We cherish one another and promote positive and respectful behaviour so that everyone feels valued.

We encourage seeing with others' eyes, hearing with others' ears, and feeling with others' hearts.

We deliver varied and inspiring lessons so our pupils become passionate about their subjects.

By promoting our ethos and values throughout the school alongside our vision and mission statements, we focus on the development of our pupils' academic, physical and emotional needs. We believe this equips them with the necessary skills to become independent life-long learners and enables them to act with thoughtfulness and humanity in our society.

Sincerely,

Mrs Mariam Al-Ali, School Director
