

Our mission statement

At Ascot, students develop according to their needs in a welcoming, family environment. The challenging curriculum enables our students to become adaptable lifelong learners. Our intercultural ethos strives to promote a strong sense of respect for all.

A message from our headmaster

Thank you for taking the time to learn more about Ascot. I extend a warm welcome to all from our learning community. The information within the following pages will give you an overview of the programmes on offer at Ascot International School. However, in order to feel the warmth of our school, you need to visit the campus, to see the smiling faces of the children as they run into school, to see them play together and hear their laughter. We are very proud of our school and its culture, it is a culture of support where students can take risks and explore learning. This culture has been built over 24 years and every member of the school contributes to its success; children, parents, teachers, TAs, maids, nannies and support staff.

We have received authorisation from many external accreditation boards who attest to the fact that the education on offer is of a high international standard. All of the teachers at Ascot are certified educators and native English speakers from western countries, including the UK, America and Canada.

The accreditation status that we have achieved so far include International Baccalaureate Organisation (IBO), the Council of International Schools (CIS) and we are an authorised examination centre for IGCSE examinations for the Cambridge International Examinations (CIE) boards. We are also accredited by national bodies in Thailand, which include the Office for National Education Standards and Quality Assessment (ONESQA) and the Office of the Private Education Commission (OPEC).

Ascot International School offers a nurturing, caring environment where everyone is valued and has a voice. I believe that it is a unique school and encourage you to come to visit us to see for yourself.

I look forward to welcoming you to our school.

Gary Booth

LOWER PRIMARY

ระดับอนุบาล

(NURSERY – YEAR 1)

AGES อายุ 2-6 ปี

The Lower Primary school at Ascot is committed to providing students with hands on and experiential learning opportunities. With a strong emphasis on learning through play and exploration, we encourage our students to have ownership over their learning opportunities. Our dedicated and qualified teaching team ensures that our vision, mission, values and the essential elements of the IB Primary Years Programme underpin all aspects of Lower Primary. A low student to teacher ratio ensures that students are provided with direct support where and when needed.

UPPER PRIMARY

ระดับประถม

(YEAR 2 – YEAR 6)

AGES อายุ 6-11 ปี

Ascot's Upper Primary school encourages students to be active participants in the planning and direction of their inquiries. Through collaborative and transdisciplinary approaches to exploring authentic and relevant issues, students develop the skills needed for their next stage of education in Ascot's Secondary Years. These core IB PYP approaches also prepare our students to become successful global citizens in a dynamic world.

SECONDARY YEARS

ระดับมัธยม

(YEAR 7 – YEAR 13)

AGES อายุ 11-18 ปี

Students study a broad and balanced range of subjects in Years 7 to 9, from Mathematics to Creative Arts and Geography to Mandarin. Towards the end of these years, students will choose from a variety of optional subjects to study in more detail at IGCSE level, concluding with external examinations from the UK. The curriculum for Years 10 and 11 follows the Cambridge IGCSE, the world's most popular international curriculum for this age group.

Our Secondary school culminates in the IB Diploma Programme (DP) for Years 12 and 13, providing not only a thorough academic preparation for university but also critical thinking and research skills embedded throughout the course. The IB DP is an internationally recognized qualification that is accepted worldwide and is highly regarded among elite universities.

An IB World School

Ascot International School is an IB World School authorised for the International Baccalaureate Primary Years Programme (IB PYP) and the Diploma Programme (IB DP). We are one of just a few schools in Bangkok to offer multiple IB programmes.

The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world. This is accomplished by applying the 10 attributes of the IB learner profile. IB learners strive to be inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced and reflective.

OUR FACILITIES

The green campus of Ascot features 4 main academic buildings (Lower Primary, Upper Primary and 2 Secondary buildings) including 2 indoor gymnasiums, a covered swimming pool, and one of the largest football fields of any school in Bangkok.

Students enjoy our state of the art classrooms, libraries, science labs, music rooms and art studio. We recently expanded our facilities to include a new auditorium, 2 primary libraries, futsal stadium, dance studio and covered parking lot.
