

## What do you like best at Thomas Whitham Sixth Form?

- It's a very nice place and small. It is easy to talk to each student and it's easy to talk to the teachers. Everyone is so friendly and the teachers are willing to help their students.
- The small class sizes help with tailoring learning to help those who sometimes struggle and the community feel makes you feel welcome creating an atmosphere fit for learning.
- Everyone is caring and this makes you feel a part of the Sixth Form.
- The small class sizes and relationships built with the teachers as it creates a much better learning environment
- Teachers are very helpful and will give up their time to help. It's a small campus
- The variety and diversity of the people here and the care the teachers put into the lessons.
- The small class sizes mean that you can easily have one-to-one time with teachers if you are struggling or need something to be explained in a different way
- The small class sizes and they keep records of all student progress so they will help you with options if you are not on target
- The facilities, teaching and everything really, especially the support
- It's very small and everyone is friendly. Also the class sizes allow teachers to help everyone individually
- I love the teachers as they are very sweet-natured, friendly and amiable and i also love the environment as it is has solitude, solace and silence.

I really enjoy the small class sizes which allows you to create a good relationship and great class discussions with my teachers and peers. The teachers are amazing and demand the best out of a student and really help offer them all the help they need to achieve the best grades possible.
