

ISH Recruitment information package

We are very proud of the quality of education that we provide for the students of all ages and nationalities and ISH can proudly say that it is a true International School with 2000 students on roll from over 101 nationalities. Our mission statement reflects this **“Curious, Connected and Compassionate”** and we aim to inspire personal excellence in our strong and diverse community. ISH has been serving the community of The Hague for many years.

We joined the Primary and Secondary schools together when we moved to our current Kijkduin campus in the south of the city. The Primary School prides itself on being the first school in the world to be awarded ‘Mastering’ in the accreditation of the International Primary Curriculum (IPC) in 2009. In 2013, we were also awarded ‘Re-mastering’, another wonderful achievement.

The Secondary School follows the International Baccalaureate (IB) Middle Years Programme (MYP), Diploma Programme (DP) and Career-Related Programme (CP) and our results at both MYP and DP are above the world average. ISH Secondary School is an IB World School accredited by the CIS.

We aim to develop in all of our young people the capacity for life-long learning by providing a holistic education that focuses on more than academic success. We provide many opportunities for our students both inside and outside of the classroom with a rich extra-curricular programme that runs in synergy with our academic programmes, with the addition of a pastoral mentoring programme within ISH Secondary. This reflects our commitment to enable happy and healthy students by investing in their emotional and social wellbeing.

Living in The Hague

“The Hague has many faces: international city of peace and justice, Royal residence, European city and multicultural hub.”: www.denhaag.nl/english

The Hague is a beautiful city located behind the sand dunes and adjacent to miles of clean and attractive beaches. It is the only major city in the Netherlands that lies directly at the sea, and it is known as 'the largest village in Europe' although it continues to grow in size. It is the seat of Dutch government and home to the Royal Family. It has a beautiful historic city centre and numerous 'Pleins' (squares) where one can sit out and enjoy a drink and a snack. The city has beautiful architecture, numerous canals and an excellent public transport system. One of the particular pleasures of living in The Hague is the opportunity to cycle through the sand dunes alongside the beach. There are also extensive cycling routes to explore. In fact, most of our staff cycle to school. The Hague has an excellent shopping centre and is one of the best cities in Europe for eating out. One of the more noticeable features of The Hague is the profusion of parks in the city. It is one of the greenest cities in Europe as well as being a safe, friendly and relaxing place to live.

Child Safeguarding/Certificate of Good Conduct (VOG)

Aligned with the recommendations of the International Task Force on Child Protection, we hold ourselves to a high standard of effective recruiting practices with specific attention to child protection.

To this end, all those appointed at The International School of The Hague are required to obtain a Certificate of good conduct (in Dutch: VOG)

Dutch Law requires a Certificate of Good Conduct (in Dutch: VOG) for positions in primary and secondary education. The decision to issue this certificate lies with the Ministry of Justice (in Dutch: Dienst Justis). Your appointment with The Rijnlands Lyceum Foundation takes place on condition that you obtain a VOG. The original certificate of good conduct

needs to be submitted to the HR department in time and within the deadlines given by Dienst Justis.

This procedure will be explained in further detail by your HR contact person together with other terms and conditions of your employment. Needless to say, Rijnlands will reimburse all costs in relation to the above.

Qualifications required

Our requirement is for experienced teachers, with academic and teaching qualifications, and an international background. It is expected that teachers will have taught outside the Netherlands. The main criteria for selection, therefore, are;

- University degree and teaching qualification that is recognized by the Dutch Education Authorities (DUO),
- successful classroom teaching experience,
- knowledge of international curricula desirable,
- international teaching experience/teaching outside the Netherlands (apart from Dutch department posts),
- English to native or near native speaker level.

If you are appointed as a teacher, you must bring original diplomas and qualifications to the interview with your HR contact person in which the terms and conditions of employment will be explained to you.

Recruitment code

The recruitment code contains rules that The Rijnlands Lyceum Foundation should take into account during the recruitment and selection of candidates to fill vacancies.

This code is drawn up in accordance with the Rijnlands Lyceum Foundation Privacy Policy, the Privacy Rules of Procedure for the Processing of Personal Data of Staff in Secondary and secondary education and the regulations of the General Data Protection Regulation, GDPR, (in Dutch "AVG"). Repayment obligation

A descending repayment obligation is applicable for the compensation as described in bullets 1 and 2 for three years after reimbursement.

30% ruling

Under the 30% ruling, international staff can receive tax exemption for a ¹maximum of 30% of their annual gross salary.

The 30% ruling is meant as a compensation for the extraterritorial costs that expats incur while living abroad. The 30% ruling applies to staff that have been recruited from abroad. The rule can only be applied if income tax is paid in the Netherlands. The duration of the 30% ruling is currently subject to political decision-making and is decreased to a 5 year period.

You are eligible for this allowance if you meet a number of [conditions](#):

- Specific expertise; the applicant must possess specific expertise which is not or hardly available on the Dutch Labour market.
- Salary criteria; your annual gross salary has to be at least € 38,374.- (fiscal wage 2020) or;
- if you are aged below 30 and you are awarded a Dutch Master's qualification in university education or an equivalent foreign qualification, and your annual gross salary wage exceeds € 29,149.- (fiscal wage 2020) and;

HR assistance

HR will assist you in the application process and will send the completed **application form** to the Dutch Tax Authorities. The content of the application itself is your responsibility. More information can be found on the website of the [Dutch Tax Authorities](#).

School fees

It is Rijnlands' policy to waive the school fees for children of international staff recruited from abroad on the condition that the 30% ruling is granted. School fees are waived for the two eldest children only. All additional costs, such as a Deposit Fee (a fee of € 1000,- deposit, to be paid once only and refunded when conditions are met, please refer to our website at <https://www.ishthehague.nl/join-us/admissions/school-fees> for more information), examination fees, MYP Diploma fees, books, IT devices etc., are for your own account.

¹ A minimum fiscal salary of euro 37.296,- (or euro 28.350) is required after reduction of the 30% ruling is applied. This means that the percentage for your tax advantage is not necessarily 30 % but can be lower in order to ensure that the 30% ruling (gross) deduction does not lower the salary to below the required minimum.

Please bear in mind that the school fee waiver applies as long as you have the 30% ruling; when the 30% ruling expires, so will the school fee waiver. Any staff who do not qualify for the 30% are unfortunately not entitled to this due to Dutch tax law.

Additional Rijnlands terms and conditions of employment

In addition to the above benefits, staff are given a number of options for tax advantage under the so called “cafeteria scheme”.

Cafeteria scheme

Rijnlands staff can participate in the “cafeteria scheme”. This is a scheme that provides you a tax benefit on your salary, because part of your gross earnings can be used as a tax free allowance.

The scheme consists of a bicycle plan (up to € 1250,- and one bike per 5 years only), sport subscription plan (up to € 270,- per year), union membership scheme and a tax benefit on your commuting expenses.

Medical Insurance

In The Netherlands, it is compulsory to have medical insurance. Basic costs are around € 100 per month per adult. Children are included into their parent’s insurance without any additional costs until they reach the age of 18. There is also the option to take out additional medical insurance (dentist) to individual needs and requirements. You can find more information here.

Discount

Rijnlands Lyceum offers all employees various discounts on collective insurances: (including healthcare, car, legal aid, home contents, accident, liability insurance and disability insurance).

Professional Development

The school has a very generous staff development budget and, having identified specific needs during their goal setting; it is possible that members of staff can attend appropriate courses overseas or at home. However, the majority of the professional development is organised through the school.

ABP Pension

As of the commencement of your employment, you will accrue pension with **Algemeen Burgerlijk Pensioenfonds (ABP)**. ABP is the pension fund for employees working within the educational sectors. ABP provides income security for old age retirement (not state pension), in the event of death or occupational disability.

You can find more information at www.abp.nl/english. For your information, we organize an annual ABP presentation at the schools.
