

What makes our school unique

1. our holistic approach to education since 1978

Nadeen School has a holistic approach to education. This means that we focus on and develop all aspects of the child and treat each aspect with equal importance.

2. our caring and supportive community

We take pride in offering a caring and supportive community by the way we support, encourage and help one another.

3. our enriching international experience

With over 50 nationalities and a range of events, celebrations and key days making this a true international experience. Our students have many opportunities of a range of cultures, countries and languages from around the world.

4. our extensive English provision

We offer a high-quality provision for English across our entire school in class and through our EAL programme. Students make rapid progress in their acquisition and application of English.

5. our progressive and innovative learning opportunities for all

Our qualified, dedicated and committed staff members model our philosophy each day. Our students enjoy 'hands on' learning, collaboration and enquiry through an inclusive and positive learning environment.

6. our nurturing and personalised approach

Knowing every individual, what they enjoy, their passions and how they learn best.

**Rated 'outstanding' by the Bahrain Quality Authority
COBIS and British Schools Overseas**

Respect - Unity - Compassion - Growth

Join us as we move to our new state of the art campus in the heart of Dilmunia in Spring 2023, where we will continue to offer an outstanding British education to students from Nursery to Year 13.

Our new school in Dilmunia

Nadeen School has been offering an outstanding education in the heart of Manama since 1978. We are excited to be moving to new premises in Dilmunia, where we can take the best of who we are and enhance this through access to fantastic, world-class facilities. We are also excited to be able to offer our unique brand of education to a wider age-range, eventually offering learning for young people up to Year 13 (Grade 12). The new school will have fantastic new sports and swimming facilities as well as an amazing performing arts and music centre. Our new school will also have spacious classrooms and specialist curriculum spaces for science, art and design-technology, computing and technology, and cooking and life skills.

Our mission

Our mission is to provide a caring, nurturing and empowering environment in which all children can learn and thrive. Our children and team have the skills and mindset to:

- think, explore and grow
- celebrate and respect ourselves and the people around us
- be compassionate and have a positive impact on the world

Our vision

We want our children to grow and develop their emotional, creative, social, imaginative, spiritual and physical sides as well as their academic and intellectual sides. We also instill in our children the importance of finding their own identity, meaning, and purpose in life through connection to their community, the natural world and through encouraging personal and collective responsibility. We are a child-centred, inclusive and diverse family with a shared love of learning.

Admissions open for 2023-2024
