

Welcome from the Principal

It is with great pride that I welcome myself as the Principal of Landau Forte Academy QEMS. I am passionate about creating challenging and aspirational experiences for our students, and I am looking forward to leading the Academy on the next stage of its journey.

Our students demonstrate a great sense of pride and passion for their academy and our staff show a determination and desire to support learning whilst providing excellent pastoral care.

Myself and my team are committed to providing the best possible education for our students so they are stretched and challenged and can access bright futures. This academy improvement journey involves students, parents, carers, staff and the local community and I encourage all to provide feedback and support to help ensure we achieve those goals.

Finally, I'd like to thank you for taking the time to visit our website. Please feel free to contact us if you would like any more information.

Katie Adams
Principal
