

'Achieving Excellence'

Dear Candidate

Thank you for your interest in working with us here at Al Ain English Speaking School, Abu Dhabi.

It is a great time to be applying to the school as it grows in numbers and in build projects. We have just completed fitting astro turf to the pitch and a magnificent new admin building which was recently opened by Her Excellency, Sara Mussalah who heads up the Private Schools & Quality Assurance for the Abu Dhabi Department of Knowledge & Education.

We have just broken ground on site to build a new 550 seat auditorium, and a brand new Year 3-6 building which will also have purpose built primary science labs and another gymnasium.

We are very blessed with facilities here and due to the vision and continuing generosity of the owner and chairman, we see our results improve year on year and the inspection grade rise, as we head on a journey to Outstanding.

I am very proud of all our students here and I have recently had the pleasure in awarding 3 students that gained Cambridge Exam Board High Achievers Awards in A Level English Literature and History; The Highest Mark in the UAE for A Level French, and our star student, Roy, who gained The Highest Mark in the World from Pearson, for iGCSE French. He sat it one year early in Year 10! This highlights the wonderful students that you will encounter should you be successful in gaining a post.

You will also have the opportunity to work with a fantastic team of dedicated teachers and senior teachers that are supportive and passionate about what we do. Most have also worked in Outstanding School in the UK and have the goal of driving this school towards the top.

We encourage and award commitment and after 2 years, we give staff the opportunity to apply for one of our full bursaries towards Master Degrees and high value CPD i.e. NPQML, NPQSL.

I would like to thank you for showing an interest in Al Ain English Speaking School and I wish you well with your application.

Yours sincerely

Andrew Thomas B.Ed (Hons) M.Phil NPQH  
Principal
