Welcome to Al Yasat Private School

Joining the Al Yasat Team: What Sets Us Apart

At Al Yasat Private School, we believe that our teachers are the heartbeat of our success. What sets us apart in Abu Dhabi is our unique approach to education, where every educator is empowered to innovate within a supportive, family-oriented environment. We offer a truly holistic teaching experience that balances high academic standards - highlighted by our nationally recognized Arabic, Art, and STEM departments, national sporting successes and global ESports success - with a genuine commitment to staff well-being and professional agency.

Teachers choose Al Yasat because we are a school that values progress over perfection, where effort and mistakes are celebrated and nurtured to enhance learning. We provide cutting-edge resources, from esports and aviation labs to advanced video production suites, allowing our staff to prepare students for the careers of tomorrow and the world they will enter. We are looking for passionate teachers who care deeply and want to make a genuine difference to the children in their care, who want to belong to a community built on rich and respectful relationships and which truly values deep-rooted partnership with families. Here, you are not just an employee; you are a key architect in a "KG to College" journey that sees 90% of our graduates secure full scholarships to universities globally. Finally, we will shortly embark on the building of a new state-of-the-art High School and Science Centre, the likes of which has not been seen in Abu Dhabi, allowing the further growth and development of our educational provision, and you would be joining us at the outset of this exciting venture!

If the prospect of joining us on our genuinely exciting journey excites you, we would love to hear from you.
