

Welcome Letter

Dear Teachers,

Welcome to Beijing Huijia Private School.

We are a lively and dynamic community where joyful learning and working in partnership is important for us. We encourage all our teachers coming across the world to respect, understand and support each other.

As one of the earliest IB school with 3 programs (PYP, MYP and DP) in China, Huijia has a 25-year inspiring history and is striving to prepare students for the future.

We deliver high-standard international curriculum, create supportive and nurturing environment and aim to be an “Innovative, Distinctive, and Global” school that can develop compassionate, enquiring, caring, responsible lifelong learners.

Teachers are also our greatest assets, and we endeavor to identify opportunities for all the teachers’ development and hope all of you enjoy your life here!
