**THE BRITISH SCHOOL
YANGON**

A NORD ANGLIA EDUCATION SCHOOL

Welcome to Our School

Message from the Principal

Dear Applicant,

May I firstly thank you for your interest in The British School Yangon. As a prospective teacher for our school, we would like you to gain a flavour of our organisation, what makes us unique and what it is like to be part of our school.

Nord Anglia Education is the world's leading premium schools' organisation. We are a fast-paced and growing family of 76 schools located across 31 countries including the Americas, Europe, China, Southeast Asia, India, the UK and the Middle East. Together, our schools educate 68000 students from kindergarten through to the end of secondary school.

Our schools are united by one philosophy; we are ambitious for our students, our people and family of schools. This means that we want every student to achieve more than may have ever thought possible, which we ensure through personalised learning enhanced with unique global opportunities.

The education is delivered through a British-style curriculum leading to IGCSE / A Level qualifications. We believe that our school offers first class facilities resourced to the highest level and staffed with dedicated, skilled and committed teachers, ensuring the

education on offer is amongst the very best available anywhere in the world. Our teaching teams are well qualified, strong, innovative, and have a huge passion for teaching in a dual-language environment. Our teachers and support staff are constantly seeking to enhance the experience for our children both in and outside the classroom. Often this is done using the most modern technology, but our classrooms remain ordered and disciplined and we place great value on trusting relationships between students and their teachers. The students themselves are highly motivated, intelligent, respectful and very hard-working.

We consider our teachers to be our schools' most valuable and important resource. It is important for the continued improvement of the schools that we recruit and retain good teachers who, in return, enjoy their experience with us and benefit professionally from their time here. We strive to ensure that relationships are based on mutual respect, trust and understanding and that colleagues feel their contributions within the schools are valued, their needs are recognised and that their participation makes a difference to them personally and to the organisation as a whole. To achieve this desired outcome, the schools have well-planned induction programmes, varied and interesting

continuous professional learning opportunities and supportive systems for performance management.

Underpinning all that we do as a school is the belief that all children can be successful at school and they should be encouraged to make the most of their talents. We are ambitious for their success. This can be achieved in a variety of ways. Academic success is valued highly, but it is also our belief that the all-round development of each child is just as important.

Through an extensive extra-curricular programme, our school provides a wide range of opportunities for each child to succeed. Achievement and effort is then recognised, praised and celebrated. This helps a child build confidence, self-respect and a strong sense of teamwork. We want our students to feel proud of themselves and of our school. We expect a lot from our children as we encourage them to mature into adaptable, responsible and accomplished individuals.

The students are confidently and independently prepared for life as global citizens. The traditional virtues of good manners, politeness and tolerance, for us translated into multi-cultural contexts, still count for

so much in life and these values are consistently reinforced for our students. We also want our students to recognise and respond to the responsibilities we all have to people less fortunate than ourselves.

I am delighted that you have read this far and are interested in becoming part of our team here at BSY. We are a growing school and have much to offer. If you are successful, I am sure you will find the post professionally stimulating and very rewarding. Your time in Myanmar also promises to be personally enriching.

I look forward to hearing from you.

The British School Yangon

Nord Anglia Education

Nord Anglia Education is the world's leading premium schools organisation, with campuses located across 31 countries in the Americas, Europe, China, Southeast Asia and the Middle East. Together, our 76 schools educate more than 69,000 students from kindergarten through to the end of secondary / high school. We are driven by one unifying philosophy: we are ambitious for our schools, students, teachers, staff and communities, and we inspire every child who attends a Nord Anglia Education school to achieve more than they ever imagined possible.

The British School Yangon

The British School Yangon (BSY) was established in August 2014 and later became part of Nord Anglia Education and its global family of schools. At BSY we provide personalised, inspiring learning to over 400 students in EYFS, Primary, and Secondary up to year 12.

Our brand-new school boasts a purpose-built, state-of-the-art facility, which includes a covered sports field, a 25-metre pool, two gymnasiums, and a climbing wall. The Science Department has state-of-art science labs

and the Arts Programme has a 500-seat theatre with specialist music, drama and art rooms. All year groups have extensive play facilities and outdoor spaces. The latest technology features strongly throughout the school. The School even accommodates the all-famous Yangon Bakehouse coffee shop, with irresistible home baked goods to remind you of home!

Experiences *beyond the ordinary*

Staffing

There is a blend of expat and local teachers all hand-picked to deliver our unique programmes of instruction. For Primary Teachers - All classes are paired so that each class has an accompanying teaching assistant.

The teacher who would most likely enjoy and indeed prosper in this new setting would:

- Have an affinity for teaching non-native speakers of English
- Be able to engage and inspire new learners of English
- Enjoy the challenge of working in a relatively new school at the beginning of its learning curve
- Be open to, and willing to share ideas, and is committed to continued professional learning
- Relish the prospect of collegial planning and teaching with a Myanmar colleague
- Be creative in the design and delivery of a new curriculum
- Be energetic and prepared to go that extra mile in shaping a new school's future

Students

Students at BSY are bright, confident and creative individuals with a great desire for learning. They have many opportunities to explore new interests and build connections beyond the classroom that will support them for years to come.

What Makes BSY and Myanmar Special?

- Part of Nord Anglia Education group of premium schools
- World class collaborations around the world
- Adoption of the internationally respected, world class British education system

International Teaching

If you haven't taught overseas before, you might like to consider whether you are the sort of person who is able to easily adapt to teaching in another country by considering how you would respond to the following general advice:

- Learn as much as possible about the host country in advance so that have realistic expectations
- Anticipate a challenging adjustment period of at least three months before making a decision about the move and whether you like it or not
- Do not expect to be able to replicate your current lifestyle. Look for what is there, not for what isn't
- Always try to understand the host country perspective. It will be different!
- Develop a tolerance for ambiguity and frustration by being flexible and open towards the new culture
- Do not expect of the new culture the same sense of urgency or availability of conveniences
- Look for ways to strengthen and maintain your enthusiasm; In all things be flexible
- Maintain a sense of humour, but most importantly be ready to laugh at yourself

Salary and Benefits

We offer a professional working environment and an attractive remuneration and benefits package that includes a tax-free salary, accommodation, free education for up to two dependents, medical insurance, annual return flights, a settling in allowance and a contract renewal incentive bonus. Exact details will be presented at interview.

The Application Process

If you are interested in any of our vacancies and you feel you can inspire our students please apply for this vacancy using [our recruitment portal operated by Job Train](#). Further information can be obtained from the recruitment portal, as well as from our website at www.britishschoolyangon.org. You will need to upload a letter of application and an up-to-date CV, which must include a recent professional photograph and the contact details of two educational referees.

Closing date for applications is as stated on the specific post advert. We reserve the right to pursue good applications and appoint earlier. As such, all interested candidates are advised to apply as soon as possible.

Myanmar Summary of Salary and Benefits 2022

Basic salaries within South and East Asia rarely match those of schools in the UK or indeed some other parts of the world. However, the cost of living within Myanmar is so inexpensive that our teachers usually declare that they have a higher standard of living on the lower salary and are still able to save and travel around the region during school holidays.

The school currently has a fixed salary that is reviewed annually. Salaries are quoted and paid in USA Dollars. The quoted salaries are net of personal income tax –the school pays this for you. The salary is reviewed annually to take account of inflation and to keep the school competitive. It will be presented at interview where it will be put into the context of life in Myanmar and the other benefits we provide for teachers.

The current benefits available for overseas teachers include:

- Furnished accommodation – The school rents accommodation on behalf of its teachers or provides (at its own discretion) a housing allowance
- Two children educated free of charge per teacher
- Health insurance for teacher, spouse and all dependent children
- Annual return air tickets for the teacher, spouse and all dependent children
- A settling in allowance
- A contract renewal incentive bonus scheme
