SCHOOL BALA-CITY

Our mission

Our mission is to provide an outstanding education in a diverse, multicultural and multilingual environment, inspiring all our students to reach their true potential and to act as responsible participants in a global society. We aim to teach academic and life skills with equal importance, and prepare our children for an uncertain future.

Our values

Responsibility – we teach and expect all our children and staff to understand their commitment to learning and making a positive contribution to society. This includes being responsible to ourselves by living a healthy lifestyle. We teach that we are ultimately responsible for the health of society as a whole

Respect – we expect our community to understand and respect what we have in common and what makes us different, and to apply this to our wider lives

Confidence – we are always ready to take on a new challenge, and we are not afraid to take risks. And we never give up!

Open-mindedness – we understand that the world is a changing place, that the future is unwritten, and we must always be ready to adapt to what we foresee by changing our thinking

Trustworthiness – we foster an understanding of the importance of being honest, reliable and sincere

Ambition – our children understand that they can be whatever they want to be, and we help them to understand how to get to where they want to be

Identity – we teach our children to be proud of their national identity, their unique local character and their global citizenship
