

Vision

Our vision is to make a positive social impact by leading the development of education locally and internationally.

Mission Statement

Our mission is to empower students to fulfil their potential as responsible, innovative, and open-minded global citizens through the development of high-quality academic skills and social competencies.

Ethos and school values

Our shared ethos and values guide our daily actions and intentions and form our code of ethics. At CIS International School we pride ourselves on being:

1. **People-centered** - We are a community of learners who believe everyone is a talent. This is our starting point. We believe in people and value their viewpoints.
2. **Open** - We embrace dialogue encouraging the free and respectful exchange of opinions and ideas. We are approachable, honest and act with integrity at all times.
3. **Responsible** - We act mindfully and respectfully towards everyone and everything in our environment. We take personal responsibility and accountability for our actions.
4. **Innovative** - We believe learning goes beyond the classroom. We strive to continually improve and trust there is always a better way of doing what we do.
5. **Globally-minded and diverse** - We celebrate the individual differences and beliefs of all people. We actively engage in the world and the communities in which we live.
