At YWIES Zhejiang Tongxiang, we provide a bilingual early childhood education setting from two to five years of age in Chinese and English, focusing on developing the whole child as a person as well as a learner. We provide a respectful and nurturing environment that encourages exploration and discovery within which adults act as enablers for all children actively to participate in and design their own learning processes.

YWIES Zhejiang Tongxiang provides an environment that enables children to interact naturally with one another and with adults and to feel increasingly comfortable about their own identity, language and culture. The Chinese and Western Co-teachers collaborate to ensure every child's social, emotional and educational needs are met. The programme is designed to ensure every child may confidently deal with future challenges they will encounter in school and the wider world.

The emergent programme provides every child with opportunities to grow a positive self-identity. The adults ensure the programme meets each child's individual developmental needs. All learning areas integrate as the children, guided by the teachers, develop their physical, personal, social, communicative and emotional capabilities. Within this emergent model, the children begin to formulate understanding of, and skills in, English and Chinese literacy, Mathematics, creativity and knowledge of the beauty and cultural diversity of the world around them.

It is critical to the children's development and success that parents actively participate in their child's learning. Our newsletters, regular reports of the child's ongoing learning journey and formal parental meetings are specifically designed to support this aim.

YWIES Zhejiang Tongxiang's Primary programme covers Chinese National Curriculum and integrates with overseas high quality educational resources. We nurture confident bilingual students with a multicultural perspective that empowers them for further study at the highest levels in either or both languages.

Our learning activities are topic based and cover multiple subject areas, so that children may make meaningful connections between the learning and the world around them. The focus is on providing valid answers to real world problems. Our positive and joyful learning environment encourages children's curiosity, helps them develop critical thinking skills and empowers them to produce creative responses.

Our Western and Chinese teachers work collaboratively to create a genuinely holistic bilingual learning environment. Time is allocated for teachers to plan together, both horizontally, across the same grade levels and vertically, with different age children working together on some units. Teachers share equal responsibility for developing children as independent learners and thinkers. We further ensure that teachers engage in regular professional development, through which they develop themselves as practitioners and lifelong learners.

Every child lies at the heart of our work. Our learning environment is positive, nurturing and empathic, in which each child's individual personality is respected. Our educational approach builds confidence in all children, empowering them to experiment and be creative with their learning. We equally focus children's understanding on how good character is formed through values such as integrity, honesty, respect and genuine care for the welfare of others, and teamwork.

YWIES believes in the function of education of enhancing human qualities in an all-round way, instead of mere transmission of knowledge and skills. Therefore, YWIES offers a fully rounded and balanced education which cultivates whole-person development. Students will build up a strong academic foundation, obtain internationally recognised qualifications, develop a global mindset and learn to respect and tolerate all things and everyone. Using an integrated curriculum, the school ensures a smooth transition between different key stage levels of education through to graduation. Through regular curriculum, feature curriculum, character education, theme classes, China Studies and Somerset Yew Wah Classroom, UK, we can achieve the goal of holistic education which prepares children for becoming pillars of society with leadership ability, confidence and integrity. Students develop creativity, reasoning power and critical thinking skills which erect solid foundations for their lifelong learning, and acquire leadership skills, self-confidence, positive learning attitudes, self-motivation, self-management and independent decision-making. The bilingual and co-cultural environment nurtures students by ripening their skills and abilities to work independently and co-operatively, and developing a global mindset tolerant of all things and everyone.

Character Education – Understand, Participate in and Contribute to Society

We believe the foundation of education is the formation of character, so we strive to develop responsible global citizens. YWIES has specially designed various projects and activities to build up students' knowledge and practical experience for life and work. Students learn to assume responsibilities to family, school, the community and others. Every year students will have opportunities for social services such as visiting homes for the aged and orphanages. English Immersion Environment

YWIES Zhejiang Tongxiang applies Co-Principal and Co-Teaching models, with foreign teachers and Chinese teachers working closely together. Not only is English taught by native speaking teachers, but all subjects (apart from Chinese Language) are also taught in English by foreign teachers with related specialised qualifications. Our students truly experience international teaching styles in a cross-cultural and English immersion environment. Students through a variety of learning activities can acquire English knowledge, develop personal interests and improve language skills. During formal lessons, students participate in a standard curriculum from the UK. After school, they take part in various activities that are led or guided by foreign teachers, such as sports teams and competitions, music, bands, choirs, drama contests, etc.

English as an Additional Language (EAL)

YWIES Zhejiang Tongxiang has an excellent team of professional foreign teachers who are experienced in teaching English as a second language. Using a student-centred approach, our teachers tailor the coursework for students of different English proficiency levels and provide them with appropriate assistance so that their English standard can be enhanced.

Primary students for whom English is an additional language may participate in the English as an Additional Language (EAL) programme. The English proficiency level of all non-native English speakers is assessed on entry to YWIES Zhejiang Tongxiang, and language programme placement is determined on an individual basis. All four language skills are taught: listening, speaking, reading and writing, and applied to developing literacy across all areas of the curriculum. The length of the programme is determined by the level of the students' English proficiency and their progress. By building and developing English proficiency in every student, we help them to establish a foundation of critical communication skill that is necessary for future success.

海外学习 Overseas Learning

英国萨默塞特耀华教室

萨默塞特耀华教室是耀华每年定期举办的特色课程之一，是耀华小学及中学课程的重要组成部分，所有六年级、八年级及十年的学生必须参加。2006年耀华在英国萨默塞特传统英式小村庄的西布利(Sibley's Barn)设立校舍，让学生亲身体验全英语学习环境，迄今已逾十年之久。为了让更多学生有机会在海外学习并使课程更丰富，耀华于2016年建立萨默塞特英语学习中心新校舍——Knowle Hall。这个英国维多利亚式庄园校舍位于西布利校舍附近，占地15英亩。英国校舍让耀华学生沉浸于纯英语环境，提高英语水平；同时，更能增进国际文化交流，并增强学生的自信心及独立能力，使学生学会团队合作、提高领导力。学生回国后会在学校课堂延续在萨默塞特的学习内容。

世界教室

世界教室是一个跨越校舍的教学理念，把耀华教育模式的核心部份——亲身体验及专题研习——进一步实践。世界教室更是耀华独特的项目，让学生有机会认识及理解世界主要文化，包括欧洲、非洲、中东、太平洋地区和英美国家。

通过跨文化的亲身经验，世界教室增加学生对其他文化的认识和理解，发展学生批判性思维及理解不同观点的能力。这课程培养学生的跨文化知识及技能、国际思维及态度，令学生成为对家庭、社群及社会有承担的世界公民，为应对不断演变的现今世代做好准备。每个旅程均包括参观学校、与当地学生互动及参与悉心安排的社区服务活动，培养学生关心社会的态度，并把友好、同情和仁爱之心化为行动。

Somerset Yew Wah Classroom, UK

Somerset Yew Wah Classroom programme is a unique English language and life education programme in the Yew Wah curriculum. It is a key component of Yew Wah's Primary and Secondary curriculum and is offered to our Grade 6, Grade 8 and Grade 10 students in each academic year. In 2006 Yew Wah established the Somerset English Learning and Cultural Centre to create occasions for students to experience an authentic English environment. The Centre is located in a traditional English village in Somerset Sibley's Barn. In order to further enrich our programme and provide more opportunities for students, a new campus has also been established in 2016, known as Knowle Hall, a newly redecorated Victorian-era country house, built on 15 acres of land in beautiful open parkland, situated close to our Sibley Barn's Centre. Through this Somerset Yew Wah Classroom, Yew Wah students have the opportunity to immerse themselves in a truly English language learning environment to gain cross-cultural experience and to enhance students' self-confidence, independence, teamwork and leadership. The educational programme in Somerset will be continued upon students' return to China.

World Classroom

World Classroom is a concept of learning beyond the school building walls. It is an extension of the experimental, project-based learning at the core of the YWIES educational model. The World Classroom programme is just one unique experience that allows students to experience major cultures of the world, including European, African, Middle Eastern, Pacific and Anglo-American.

Through first-hand cross-cultural experiences, the programme increases students' awareness and understanding of other cultures, promotes critical thinking, and helps students develop an appreciation of other viewpoints. The programme ultimately helps prepare our students for an evolving modern world by nurturing their cross-cultural knowledge and skills, international-mindedness and attitudes on their path to becoming true global citizens with a commitment to serve family, community and society. Each trip includes an integrated school visit with local students, as well as carefully selected community service projects to foster a more socially aware outlook among our students, and allow them to put kindness, compassion and benevolence into action.

Trips and Excursions

YWIES outing arrangements allow students to enhance the societal visions, enrich the life experience and strengthen the abilities of communication and problem-solving skills during the trips and excursions.

艺术与音乐

Art and Music

艺术和音乐是耀华教育理念和目标的根本，旨在为学生提供全面均衡的教育。这范畴的一个关键环节是确保他们在学习时期广泛地接触各种音乐和艺术。

驻校艺术家

耀华特设驻校艺术家计划，提供一个独特的学习机遇，让学生与当代专业艺术家在课堂上交流切磋。学生有机会直接从专业的艺术家身上，认识中国及海外饶富活力的艺术风貌，发展创意和美感，学习技巧和艺术形式。学校鼓励所有艺术家带领校内各类型艺术项目，由跨课程项目到壁画，同时创作自己的专业艺术作品。

小提琴课程

小提琴课程是幼儿园中班至小学三年级的必修课，之后可作为选修课。耀华的年轻小提琴手有机会在不同的校内及公开场合表演，展示过人的音乐才艺，在表演经验中建立自信，且培养毕生受用的音乐鉴赏能力。

戏剧课程

戏剧课是耀华的特色课程之一，从小学一年级开始学习戏剧表演的基础，并在学校的戏剧和音乐剧活动参与演出。到初中阶段，每星期有两节戏剧课学习戏剧、舞蹈和形体表演。学生不仅学习有关戏剧表演的技巧和表演的艺术形式，他们还能借此增进自己的演讲技巧，终生受用。校园设有剧场，可进行各种戏剧制作、表演及大型音乐剧。

Art and music are fundamental to the YWIES philosophy and objectives that seek to provide students with a well-rounded and balanced education. A key component of this is to ensure they have wide exposure to a variety of music and art during their time at school.

Artist-in-Residence (AIR)

YWIES offers a unique educational opportunity called the Artist-in-Residence programme, in which a contemporary, working artist interacts with students in class. Students have the chance to learn about the dynamic art scene in China and worldwide, and to develop creativity and aesthetic sense, learning techniques and art forms straight from a professional artist. The artists are encouraged to lead various art projects in the school from cross-curricular projects to murals, as well as building their own professional body of artwork.

Violin Programme

Students receive violin lessons from K4 to Grade 3, with lessons becoming optional activities thereafter. These young violinists have numerous opportunities to display their talents in school concerts and musicals, as well as public performances, contributing to their self-confidence as they learn to perform on stage, as well as to their development of a lifelong appreciation for music.

Drama Programme

Drama is a central part of our English curriculum, and is very much a part of the teaching at YWIES, starting from Grade 1, where students learn the fundamentals of drama and start to perform in school plays and musical theatre. In our Lower Secondary programme, all students take two sessions of drama each week, focusing on learning drama, dance and performance. In this way, all Lower Secondary students not only learn about drama skills and performance as an art form, but also improve their presentation skills, benefitting them in any future profession. Our theatre facilities support a variety of productions, from intimate drama performances to full-scale musicals.
