

Thank you for taking the time to consider a role at Poltair School.

Poltair has been through a dramatic and transformational journey with outcomes now above national and, for disadvantaged students, in the top 10% for the South West. Our ambitions for the school go far beyond these simple measurements. Poltair is a school steeped in history at the heart of a very supportive community in St Austell. Our first choices have risen from 80 to 180, in two years, with numbers on roll rising to be above PAN for the first time in 20 years.

Poltair is a school where so much is happening. We're currently undertaking a considerable refurbishment in order to upgrade the learning environments and facilities available to our students. Our new Library area opened in September 2021, placing a wonderful collection of books at the heart of school; to reflect the importance reading has within the Poltair experience. Alongside the Library, we now benefit from a new Reception and The Arc and Arc 2 - our two new large IT suites. Work is underway to reconfigure and refurbish the Art & DT block, to create a suite of state-of-the-art learning spaces for Art, DT, Catering, Music, Drama and Vocational Studies. Alongside these substantial upgrades to the Poltair buildings and facilities, we have also introduced some exciting and pioneering changes to our teaching & learning offer. Summer 2022 saw the schools best GCSE results in history and with the development of both curriculum delivery and enrichment experiences, there really couldn't be a better time to be considering Poltair School.

Our mission is to ensure that every child leaves school with the confidence and character to take charge of their futures and reach their potential. We will challenge them to be the very best that they can be. We provide a wealth of learning opportunities and experiences that develop their confidence and character.

Teaching is what makes the difference to the young people that we serve, within our coastal environment it is important that we widen the world for our children and raise their aspirations through exceptional teaching, through this we will change their lives.

Our children have responded incredibly well to the challenges we have given them and if you, like us believe that our job is to remove all barriers to a child's success, then please come and visit.

You will be joining a growing team of committed professionals who support each other, challenge each other and value the company of each other. You will not only be joining Poltair but joining part of Cornwall Education Learning Trust, one of the largest Trusts in Cornwall that will offer you not only the professional challenge and support but substantial careers opportunities. As part of CELT you will be able to tap into a network of colleagues working within similar schools with a similar cohort and challenges.

Mark Everett
Headteacher
