Vision & Mission

HERITAGE
INTERNATIONAL SCHOOL

Our vision statement is to make a difference through education.

Our mission is to educate the leaders of tomorrow, providing the knowledge, skills and values they need to make our world a better place.

@ Heritage Education Group

Vision & Mission

HERITAGE
INTERNATIONAL SCHOOL

Each element of the School's mission - to educate leaders to make our world a better place - is infused with meaning.

Let us discover this together:

Leaders of tomorrow

By leaders, we mean people around us who have a certain type of skills: the knowledge and competence that comes from their learning and experience, and their ability to motivate others to learn, grow and act accordingly. It involves recognizing that you are a true leader only when you have earned the trust of others, and when others recognise you as such.

Leaders do not *learn* their place in the world - they *make* their place in the world.

Vision & Mission

HERITAGE
INTERNATIONAL SCHOOL

Make a Difference

Making a difference is when people create real value for society, and who create value before claiming value. There are many ways of making a positive difference: as a student, as a teacher, as a parent, as an active citizen of your community. Indeed, what distinguishes Heritage School is that our students and staff members demonstrate, develop and disseminate leadership skills in all that we do.

Make our world a better place

We understand that our world is changing and has challenging issues which require a global perspective. To address these challenging problems the world needs more leaders with a global mindset.

That is why our first component of the mission is educating leaders, which we do in many ways - through our academic curriculum, value based learning, and much more.

@ Heritage Education Group

Community Values

The mission of Heritage School is to educate leaders who make our world a better place. Achieving this mission requires a trustful and respectful environment where people are free to express themselves and to continually seek truth and excellence in what they do.

Students, staff, parents and our alumni accept these principles when they join the Heritage community. In doing so, they agree to follow the following Community Values:

- Respect
- Growth Mindset
- Responsibility

The School is a living model of these values. To this end, everyone has a personal responsibility to integrate these values into every aspect of their experience here. Through our personal commitment to these values, we create an environment in which all can achieve their full potential. Our values are a set of guiding principles for all that we do, wherever we are and with everyone we meet.

Respect

We act with no harm to other's feelings and seek to treat one another the way we want to be treated. We honor diversity and consider ideas and opinions that are new or different to our own.

@ Heritage Education Group

Growth Mindset

Our abilities change and grow through determination and resilience, by setting high goals and being open to innovation. We accept difficulties and failures as opportunities to grow and we seek inspiration in others' success.

@ Heritage Education Group

Responsibility

HERITAGE
INTERNATIONAL SCHOOL

We are ready to own tasks and duties and get them done. We are conscious of the actions we take and confident in making difficult choices. We are responsible for ourselves, others and our environment.
