# Richard Davidson

HEADTEACHER

## EXPERIENCE

- 28 Years International Education Leadership Experience in Malaysia, Pakistan, Portugal, Greece and the UK

## EDUCATION BACKGROUND

- University of Leeds, M.A Master in International Education Management
- University of Wales, B. Ed (Hons) Business Studies

Richard Davidson is an esteemed educator with a wealth of experience in international education leadership. With a career spanning 30 years, Richard has held significant roles in schools across Malaysia, Pakistan, Portugal, Greece, and the UK.

## A Focus on Future Readiness

At Charterhouse Malaysia, Richard finds alignment with his vision for a 'Future Ready' education programme. He passionately supports the school's mission to create lifelong learners and prepare students for a dynamic world. Richard believes in equipping students with not only academic knowledge but also essential character traits, a growth mindset, and transferable skills that will ensure their success in an ever-changing future.

# Tom Robbinson

DEPUTY  
HEADTEACHER  
(STUDENT  
DEVELOPMENT)

## EXPERIENCE

- Accomplished professional with over 30 years of experience in school leadership roles, including Head of Pastoral and Head of Community, Enrichment, and Compliance.

## EDUCATION BACKGROUND

- University of Surrey, U.K., BA Combined studies (History and Geography)
- University of Leicester, U.K., Post Graduate Diploma in Education Management

Tom Robbinson is an experienced and dedicated educator with a strong focus on student development. With over 30 years of leadership experience in schools, Tom brings a wealth of knowledge and expertise to his role as Deputy Headteacher (Student Development) at Charterhouse Malaysia.

## Education Beyond the Classroom

Tom is a passionate advocate for education beyond the confines of the classroom. He firmly believes in providing students with outstanding opportunities through community and charity initiatives, sports, and competitions. At Charterhouse Malaysia, Tom is excited to create a learning environment that goes beyond traditional boundaries, offering students unique and enriching experiences.

# Rachael Smith

DEPUTY  
HEADTEACHER  
(FUTURE READY)

## EXPERIENCE

- Experienced Assistant Principal and Head of Teaching and Learning with 11 years of expertise in creating engaging and enriching educational experiences.

## EDUCATION BACKGROUND

- University of Worcester, BA (Hons) 1st Class – Business Management and Politics
- University of Bath, MA Education – Leadership Management
- University College London, PGCE Economics and Business Education

Rachael Smith is a highly experienced educator with a passion for teaching and learning. With an impressive background in educational leadership, Rachael brings a wealth of knowledge and expertise to her role as Deputy Headteacher (Future Ready) at Charterhouse Malaysia.

## Embracing 'Future Ready' Education

Rachael advocates for problem-solving and design thinking-based pedagogies, where students take ownership of creative problem-solving. These approaches, which lie at the core of learning at Charterhouse Malaysia, make her proud to be part of a team of educators that embrace a 'Future Ready' approach to education.

# Nikki Smith

DEPUTY  
HEADTEACHER  
(ACADEMIC)

## MAIN EXPERIENCE IN THE PAST

- Experienced education professional with a background in leadership and development in the UK education sector. Held positions as a Specialist Leader in Education and Assistant Headteacher with responsibilities in pastoral care and teaching & learning.

## EDUCATION BACKGROUND

- University of Nottingham, MA - Literature & Creative Writing (Distinction)
- Specialist Schools & Academies Trust, Diploma - Middle Level Leadership
- University of Aberdeen, MA (Hons) - English Language & Literature (2.1)

Nikki Smith is a dynamic practitioner, driven by an instinctive love of learning (and her subject specialism - English Literature) and an inclusive desire to ensure that all students aspire to and achieve the highest standards of personal and academic success. With almost twenty years of experience across a variety of leadership roles in the UK & Malaysia, Nikki is highly skilled in leading transformative initiatives.

## Inclusive Focus

Even greater than achieving personal success, Nikki's firm intention is that all students use the opportunities of their 'Future Ready' curriculum at Charterhouse Malaysia to add positive value in whichever career they dedicate themselves to. She maintains a rigorous focus on the personal skill, potential and progress of every student in the school.

MALAYSIA

# ABOUT US

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# ABOUT US

## **Charterhouse Malaysia: Where 400 years of heritage meets progressive thinking**

Step into a world of boundless possibilities at Charterhouse Malaysia, where our educational concept transcends conventional teaching and learning. We empower students to thrive in an ever-changing future by embracing the transformative power of technology, communication, and social networks. Our meticulously designed programme ensures that students are truly "Future Ready," equipped with the knowledge, skills, and understanding to confidently navigate the world. At Charterhouse Malaysia, we cultivate enduring human and ethical qualities that form the foundation of responsible citizenship. Our students effortlessly navigate global communities, armed with strong language skills and a deep appreciation for diverse cultures. We foster a learning environment that encourages students to explore their full potential across all dimensions of human intelligence, shaping them into well-rounded individuals.

As Charterhouse graduates, students excel academically and possess the agility of mind to adapt creatively to changing circumstances. They forge meaningful relationships, make positive contributions, and inspire others within their social and professional spheres. Academic excellence, admission to prestigious global universities, and personal growth within the community are the hallmarks of their success. Our educational concept is grounded in living and learning together, united by a shared vision for future triumphs. Through our innovative learning environment, which leverages blended learning, artificial intelligence, and technology, students engage in immersive and dynamic educational experiences. We empower students to become adept problem solvers through Design Thinking processes, undertaking individual social and entrepreneurial projects that create tangible impacts in their communities. Our Spectra Smarts programme nurtures every facet of human intelligence, preparing students to thrive in an ever-evolving world.

## **Our Heritage: Exploring the rich history and traditions of Charterhouse.**

For over four centuries, Charterhouse has exemplified educational excellence, transforming lives through its unwavering commitment to learning. From its humble beginnings in London, where it provided opportunities for forty "poor scholars", to its present-day status as one of England's esteemed schools, Charterhouse has continuously adapted to meet the evolving needs of learners. In 1872, the school relocated to its current site in Surrey, solidifying its reputation as one of the country's distinguished "public schools". Our campus seamlessly blends traditional architecture with contemporary facilities, reflecting Charterhouse's dedication to embracing the future while honouring its illustrious past. Rooted in this rich heritage, our core values of perseverance, responsibility, moral courage, open-mindedness, and kindness permeate every aspect of our school community. They form the bedrock of our ethos, guiding students on their educational journey and instilling in them the qualities needed to thrive in a rapidly changing world.

At Charterhouse Malaysia, we cherish our heritage and strive to carry forward the legacy of excellence. Our focus is on equipping students with the knowledge, skills, and values to navigate the complexities of the modern era. As we embrace the future, we draw strength from our roots, honoring the traditions that have shaped us while embracing innovation and progress. Join us on this extraordinary educational journey, where the past merges seamlessly with the present, empowering students to unlock their full potential and prepare for a future filled with infinite possibilities.

## **Our Vision, Mission and Core Values**

At Charterhouse Malaysia, we are committed to providing an education that prepares students for the challenges and opportunities of the future. Our vision, mission, and core values drive our approach to education and shape the experiences we offer to our students.

### **Vision: Future Ready – Education for a New Reality**

We believe that education needs to evolve to meet the demands of an increasingly interconnected and technologically advanced world. Our vision is to provide Future Ready Education that goes beyond academic intelligence. We aim to develop well-rounded students who possess not only strong academic foundations but also high levels of emotional intelligence, creativity, critical thinking, and adaptability. By equipping our students with the necessary skills, knowledge, and values to succeed in a rapidly changing world, we inspire them to learn and empower them to excel.

### **Mission: Study, Create, Inspire**

Our mission is to create an educational environment where students and teachers can study, create, and inspire. We foster independent thinking, creativity, and leadership, enabling students to develop their abilities and build better lives for themselves and others. Through a rigorous academic program, project-based learning, and a culture of innovation, we empower students to think critically, solve problems, and become lifelong learners. We aim to inspire our students to make a positive impact on the world, both within our school community and beyond.

### **Core Values: Empowering Learners for Life**

At Charterhouse Malaysia, we uphold core values that guide our students in becoming responsible, compassionate, and resilient individuals. Our core values include:

**Responsibility:** We encourage our students to take ownership of their learning and actions, fostering a sense of accountability and social responsibility.

**Creativity:** We nurture creative thinking and provide opportunities for students to explore their passions, think outside the box, and develop innovative solutions.

**Empathy:** We foster an inclusive and caring community where students develop empathy and respect for others, valuing diverse perspectives and cultures.

**Perseverance:** We instill the value of perseverance and resilience, teaching students to overcome challenges and embrace a growth mindset.

**Leadership:** We cultivate leadership skills and inspire students to make a positive impact through their actions, both within the school and in society.

By integrating these core values into our educational programmes and creating a supportive environment, we aim to empower students to become lifelong learners, compassionate leaders, and active contributors to their communities.

CHARTERHOUSE  
MALAYSIA

# OUR EDUCATIONAL PROGRAMME

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# SPECTRA SMARTS

## **Unlocking your potential**

At Charterhouse Malaysia, we believe that education should go beyond academic achievement and encompass a comprehensive range of skills that prepare students for an ever-evolving future. To achieve this, we have developed Spectra Smarts, an innovative intelligence-based framework that integrates seven strands of intelligence into every aspect of our educational journey, from academics to the super curricular.

Spectra Smarts is not just a tool; it is a philosophy that underpins our entire approach to teaching and learning. It empowers our students to develop a deeper, more nuanced understanding of the world by teaching them not only what to learn, but also how to learn. From fostering critical thinking and curiosity to promoting social intelligence and adaptability, Spectra Smarts equips our students with the skills they need to thrive in a rapidly changing world.

By integrating Spectra Smarts into our pedagogical approach, we cultivate students who are not only academically prepared but also resilient, adaptable, empathetic, socially adept, and emotionally intelligent. Through the seven strands of intelligence, we guide students in constructing their own knowledge, understanding different social contexts, and developing self-awareness and confidence. Spectra Smarts enables our students to embrace challenges, think critically, and make positive contributions to society, preparing them to be Future Ready.

# DESIGN THINKING

## **Empowering students with a future-ready education**

At Charterhouse Malaysia, we integrate design thinking, an innovative problem-solving process, into our curriculum. Design thinking offers a dynamic and creative approach to tackling challenges, guiding students through five key phases: empathise, define, ideate, prototype, and test. By cultivating empathy, fostering creativity, and encouraging collaboration, our students develop the skills and confidence to approach problems with fresh perspectives.

Design thinking transcends disciplinary boundaries and is applicable across various subjects. Our students apply this flexible problem-solving approach in diverse contexts, investigating, analysing, and proposing innovative solutions. Design thinking enhances critical thinking, communication, and adaptability skills, leading to improved academic performance and examination results.

Through design thinking, we empower students to adapt to emerging technologies, embrace complexity, and approach challenges with resilience and creativity. By combining traditional examination curricula with the innovative mindset of design thinking we nurture agile thinkers, effective communicators, and compassionate contributors to society. At Charterhouse Malaysia, our commitment is to provide a future-ready education that equips students with the skills, knowledge, and mindset to thrive in a rapidly changing world.

# INDEPENDENT LEARNING PROJECTS

## **Igniting Passion and Purpose**

At Charterhouse Malaysia, our Independent Learning Projects (ILP) form an essential part of our curriculum, empowering students with the skills and experiences needed to thrive in a rapidly changing world. The ILP is both a four-year and two-year programme that takes students on a transformative learning journey, fostering critical skills such as problem-solving, critical thinking, collaboration, and metacognition. Through carefully designed units and pathways, the ILP cultivates intellectual curiosity, creative thinking, and the ability to make a positive impact on the world.

The ILP begins in Year 10 where students explore the principles of design thinking and engage in real-world challenges. They develop empathy, define problems, generate ideas, prototype solutions, and test their creations. Year 11 expands students' horizons, delving into philosophical viewpoints and developing analytical thinking and research skills. In Year 12 students choose their ILP pathway, opting for the Extended Project Qualification (EPQ) or the Community Connection pathway. The EPQ allows students to develop project management skills and complete an individual project, while the Community Connection pathway applies design thinking to address real-world issues. Year 13 focuses on students making a demonstrable impact on the community through individually managed projects.

Throughout the ILP, students' progress is assessed based on key competencies for the future, such as critical thinking, analysis, metacognition, creativity, leadership, and collaboration. The ILP prepares students for higher education and the evolving demands of the professional world. At Charterhouse Malaysia, we are committed to nurturing well-rounded individuals, equipping them with the skills, passion, and perspectives to make a positive impact. The ILP offers a unique opportunity for students to develop their interests, skills, and independence, fostering resilience and a lifelong love for learning.

# OUR CURRICULUM

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# IGCSE FOUNDATION YEAR

## Providing a Strong Academic Foundation for Future Success

The IGCSE Foundation Programme at Charterhouse Malaysia is carefully designed to equip students transitioning into Year 9 or those requiring further language development from overseas, with the essential skills and knowledge necessary for their onward academic journey. Our programme stands out through its focus on academic excellence, innovative teaching methodologies, and comprehensive skill development.

**Academic Excellence:** Our dedicated educators are committed to delivering a rigorous academic curriculum that blends traditional subjects with innovative approaches. We integrate the Spectra Smarts Framework and apply a Design Thinking approach to all subjects, enabling students to develop critical thinking, creativity, and problem-solving skills. With a strong emphasis on IGCSE content we ensure that students build a solid academic foundation.

**Project-Based Learning (PBL):** In subjects such as Science, the Arts, and Humanities, we cover IGCSE content and employ Project-Based Learning (PBL) methodologies. PBL provides students with hands-on experiences, engaging them in real-world projects that foster collaboration, critical thinking, and deeper subject understanding. By connecting classroom learning to practical applications, students develop the skills and knowledge needed to thrive in an ever-changing world.

**Language Development:** We recognise the significance of language proficiency in a globalised society. Alongside English, our programme offers language options such as Bahasa Melayu, Mandarin, Spanish or English as an Additional Language. These language programmes focus on developing effective communication, reading, and writing skills, empowering students to engage confidently with diverse cultures and perspectives.

**Sports and The Incubator:** At Charterhouse Malaysia, we understand the importance of physical fitness and technological literacy. Our IGCSE Foundation Programme includes sports activities that promote teamwork, discipline, and a healthy lifestyle. Additionally, through The Incubator, our students explore STEAM activities and entrepreneurship, enhancing their problem-solving abilities and fostering innovation.

Our IGCSE Foundation Programme provides a transformative education. With a strong emphasis on academic excellence, innovative teaching methods, and small class sizes of maximum 18 students, our programme ensures personalised attention and meaningful connections. Students have access to our Future Ready programmes, including The Forum and IGNITE, empowering them to lead, explore their passions, and make a positive impact.

# IGCSE

At Charterhouse, we believe in equipping students with the tools they need to thrive in an ever-changing world. Our IGCSE programme prepares students to adapt, innovate, and collaborate by fostering a culture of critical thinking and creativity. We are committed to providing an education that not only focuses on academic excellence but also instills a future-ready mindset, empowering students to think independently, embrace opportunities and make a positive impact in their communities and beyond.

## Direct Pathway to A Level

IGCSE serves as a strong foundation and essential preparation for the challenging A Level programme at Charterhouse Malaysia. Through our rigorous IGCSE curriculum we lay the groundwork for academic excellence and nurture the development of critical thinking, research skills, and subject knowledge. Our dedicated educators guide students in building a solid academic footing, fostering a deep understanding of core subjects and promoting independent learning. With a focus on holistic education and the integration of Spectra Smarts and Design Thinking principles, our IGCSE programme equips students with the skills, confidence, and resilience needed to excel in their A Level studies and beyond.

## Subjects Offered

- Additional Mathematics
- Art and Design
- Bahasa Melayu (Advanced)
- Bahasa Melayu (Foreign Language)
- Biology
- Chemistry
- Computer Science
- Drama
- Economics
- English as a First Language
- English Literature
- Geography
- History
- Independent Learning Project
- Mandarin (Foreign Language)
- Mandarin (First & Second Language)
- Mathematics
- Music
- Physics
- Spanish (Foreign Language)
- Sports & Physical Education

# A LEVEL

At Charterhouse Malaysia, our A Level programme provides a challenging academic experience that combines traditional subjects with innovative approaches. Through the integration of the Spectra Smarts Framework and Design Thinking, students develop essential skills such as critical thinking, creativity, and problem-solving. We build upon the foundation of IGCSE to ensure a strong academic foundation.

Our 'linear' assessment option offers flexibility for tailored teaching and focused preparation during Year 12. With exams at the end of Year 13, our dedicated educators have the freedom to design a programme that best suits the needs of their course and cohort. At Charterhouse Malaysia, we strive to provide an enriching A Level curriculum that empowers students for future success.

## **Pathway to University**

At Charterhouse Malaysia, we believe in early preparation for university applications. In Year 12, we provide students with a range of opportunities to explore their options. From university fairs and subject-specific workshops to guidance from external professionals, we help students build their choice pathways.

Our dedicated Future Pathways programme 'IGNITE' and our House Tutors provide students with structured career and university guidance and support. Our Head of Future Pathways and House Tutors assist students in developing their online portfolios and crafting compelling personal statements for university entry.

At Charterhouse Malaysia, we are committed to guiding our students on their journey to higher education, equipping them with the tools and knowledge needed for a successful transition to university life.

## **Subjects Offered**

- Art & Design
- Biology
- Business
- Chemistry
- Computer Science
- Drama
- Economics
- English Literature
- Further Mathematics
- Geography
- History
- Extended Project Qualification
- Mathematics
- Music
- Physics
- Psychology
- Spanish

CHARTERHOUSE  
MALAYSIA

# SCHOOL LIFE

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# CHARTERHOUSE FORUM

## **Unleashing Student Leadership Potential**

The Charterhouse Forum at Charterhouse Malaysia is a dynamic platform that empowers students to become future leaders who make a positive impact. Led by a democratically elected Executive Committee the Forum provides students with the tools, opportunities, and support to actively participate, assume leadership roles, and shape our school's extracurricular landscape. Within the Forum students have access to diverse clubs and societies that cater to their interests and aspirations. They can join the Music Society or Drama Club to express their artistic talents, explore projects and collaborations in the Engineering Club, or receive tailored guidance and mentorship in competitive fields like medicine through the dedicated Medical Society.

The Forum nurtures personal growth and leadership development, offering a supportive and inclusive environment where students can initiate and lead their own clubs and societies, aligning with their passions and career aspirations. Through their involvement in the Charterhouse Forum and its clubs and societies, students develop essential skills such as teamwork, communication, problem-solving, and time management. These experiences are integral to their Charterhouse Learner's Portfolio, showcasing their growth, leadership abilities, and commitment to personal development.

# CLUBS & SOCIETIES

## Unleashing Student Leadership Potential

At Charterhouse Malaysia, our clubs and societies play a vital role in igniting passion, fostering connections, and enriching students' educational experience. Led by the dedicated team of the Charterhouse Forum our diverse range of clubs and societies provides opportunities for exploration, growth, and meaningful engagement.

Joining a club or society at Charterhouse Malaysia opens up a world of possibilities. From academic subjects to arts and culture, sports and community service, students can pursue their unique interests and develop essential life skills such as teamwork, communication, and problem-solving. Under the guidance of experienced advisors, students take on leadership roles, organise events, and contribute to our learning community.

Our clubs and societies create a strong sense of community, bringing students from different backgrounds together and fostering lifelong friendships. Students actively shape the club landscape, expressing their creativity, contributing to a vibrant club culture and showcasing their talents through performances, exhibitions, and community outreach initiatives. We provide a supportive environment for students to shine, share their passions, and make a positive impact both within and beyond our school community.

# SPORTS

## Fostering Physical Well-being and Team Spirit

At Charterhouse Malaysia, we believe in the holistic development of our students where sports play a vital role in shaping their character and promoting an active and healthy lifestyle. While our campus may not have extensive sports facilities, we have established a unique arrangement that allows students to engage in sports at specialist off-campus venues, and we compete in the AIMS (Association of International Malaysian Schools) sports league. We are also proud to have state swimmers, national fencers, and gymnasts among our student ranks. We understand the importance of balancing academic pursuits with athletic commitments and our Virtual Learning Environment enables students to effectively manage their academic, competition and training schedules, ensuring they can pursue their sporting goals while maintaining their academic progress.

Every Monday and Wednesday afternoon, students are transported to dedicated facilities where they can participate in a variety of sport and fitness activities, from climbing to Zumba, and horse riding to tennis. Through our sports programme we instil values such as teamwork, resilience, and sportsmanship, empowering our students to lead active, healthy lives and experience the joy of athletic achievement. At Charterhouse Malaysia we are committed to providing a supportive and inclusive environment where students can thrive both academically and athletically, fostering their personal growth and helping them reach their full potential.

# COMMUNITY PARTNERSHIP

The Charterhouse Community Partnership (CCP) at Charterhouse Malaysia is a platform that empowers staff, parents, students, and alumni to make a meaningful impact on the lives of others and create positive change in our community. With a strong focus on service learning and social responsibility we encourage our privileged community to give back and use our resources to uplift those in need. The CCP operates under a unique student-led structure with student leaders mentored by parents, alumni, and staff. This innovative approach takes the traditional concept of a Parent Teacher Association to new heights, emphasising our students' growth and development.

# WELLBEING & COUNSELLING

At Charterhouse Malaysia, we prioritize the wellbeing of our students. We understand the important role mental health and overall wellbeing play in their development. Our goal is to ensure that every student feels valued, supported, and empowered throughout their education.

To support student wellbeing, we have a full-time Counsellor available to provide guidance, support, and a safe space for students to express their concerns. We also have a student-led Wellbeing team that organizes activities to promote positive mental health and foster connections among students.

We create a culture of empathy, kindness, and support, encouraging students to look out for one another and prioritise each other's wellbeing. Through peer support initiatives, we foster a sense of community and compassion.

Our comprehensive PSHE (Personal, Social, Health, and Economic Education) and Pastoral program covers various topics that support personal growth, resilience, and overall wellbeing. Led by our House Tutors and supported by various school staff, this program addresses areas such as emotional wellbeing, relationships, self-esteem, mental health awareness, and personal safety. We also invite external providers to enhance the program with expert talks and workshops.

CHARTERHOUSE  
MALAYSIA

# IGNITE FUTURE PATHWAYS

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

### **Inspiring and Empowering Future Pathways**

IGNITE is the flagship Future Pathways programme at Charterhouse Malaysia. Designed specifically to provide exceptional university and career guidance, IGNITE goes beyond the traditional realm of career advice to create a roadmap to success for our students, tailored to their individual passions, skills, and aspirations.

IGNITE operates at the intersection of academic achievement, personal development, and professional guidance. Our focus is not only to cultivate academic excellence but also to nurture students' understanding of their unique potential and ambitions. We seek to enlighten students about the diverse opportunities that lie ahead, empowering them to forge their unique career and university paths.

### **Charterhouse Portfolio**

The bedrock of the IGNITE programme is the Charterhouse Portfolio. This innovative online platform provides our students with a structured space where they can set realistic goals, monitor their progress, and reflect on their achievements. By documenting their academic and personal growth, students create a powerful record of their journey that enables them to make strategic decisions about their future pathways.

### **UNIFROG**

To enhance our university and career guidance, we proudly utilise the UNIFROG platform. This comprehensive tool aids students in exploring potential career paths, understanding the landscape of global universities, and crafting high-quality university applications. With UNIFROG, students can make well-informed decisions about their next steps, guided by a wealth of data and personalised support.

### **Extensive Learning Opportunities**

The IGNITE programme provides a wealth of learning opportunities such as insightful webinars, in-depth seminars, practical workshops, and inspirational lectures from industry experts. Through these experiences, students gain unique insights into various professions, industries, and academic disciplines, further enabling them to envisage and plan their future trajectories.

### **Internship Opportunities**

Furthermore, students benefit from internships that offer invaluable real-world experiences and university fairs that provide direct interaction with representatives from top universities around the globe. These opportunities help to bridge the gap between classroom learning and professional environments, offering students a taste of the diverse paths they can pursue.

In essence, IGNITE is more than a programme—it's a catalyst that accelerates our students' journey to success in the world's top universities and the careers of their choice. Through IGNITE, we inspire, empower, and guide each student towards their unique future pathways, preparing them to shine brightly in their chosen fields.

Let IGNITE be your guiding light, illuminating your path towards a successful future.

# UNIVERSITY PLACEMENT

## Pathways to Success

At Charterhouse, our students have achieved remarkable success in securing offers from prestigious universities worldwide. They have received offers and participated in interviews from renowned institutions such as the University of Oxford, University of Cambridge, Imperial College London, London School of Economics and Political Science (LSE), University College London (UCL), University of Edinburgh, University of Bristol, Durham University, as well as from Ivy League universities and other top global universities including Harvard University, Yale University, Princeton University, Stanford University, Massachusetts Institute of Technology (MIT), among others. These university destinations, within the UK and internationally, reflect the exceptional academic achievements, holistic development, and rigorous preparation our students receive at Charterhouse Malaysia.

We take pride in our students' achievements and are dedicated to supporting them in reaching their full potential as they embark on their higher education journey towards top universities worldwide.

# CAMPUS & FACILITIES

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# A CAMPUS DESIGNED FOR FUTURE READY LEARNING

At Charterhouse Malaysia, we take pride in our thoughtfully designed campus, purposefully crafted to enhance the learning experience and prepare students for a future filled with possibilities. Drawing inspiration from the research of educational futurist David Thornburg, our campus incorporates innovative learning spaces that foster collaboration, critical thinking, and creativity.

**Campfire : Engaging Learning from Experts & Storyteller**

**Cave : Self-Reflection & Individual Study**

**Village Well : Peer Collaboration & Knowledge Exchange**

**Mountain Top : Showcasing & Learning**

**Dimbleby Lecture Theatre**

**Science Laboratories**

Situated in the heart of Sri Hartamas, our school thrives within a vibrant community that serves as an extension of our educational environment. Through active engagement with the community our students gain real-world insights, develop empathy, and cultivate essential life skills. From service-learning projects to cultural partnerships with local organisations our students embark on meaningful experiences that broaden their perspectives and deepen their understanding of the world. This integration of the campus and community creates a dynamic learning ecosystem, empowering our students to become active global citizens who are prepared to navigate the complexities of the world with confidence and compassion.

# THE INCUBATOR

## **The Incubator: Nurturing Entrepreneurial Spirit and Fostering Innovation**

The ground-breaking Incubator at Charterhouse Malaysia revolutionises learning through its integration of design thinking and hands-on experiences. Located on an entire floor, it offers diverse facilities and resources, fostering a creative and collaborative environment for students to explore their passions. Linked to Design Thinking, the Incubator encourages problem-solving with empathy and experimentation, empowering students to think critically and innovate. With access to a range of resources, students develop essential skills, shape their own learning, and make a meaningful impact on the world. It is a catalyst for growth, discovery, and the unleashing of creativity.

Here are just a few examples of how students can use the Incubator to enhance their learning experiences :

### **Dance Studio**

Our dedicated dance studio provides a purpose-built space for students to explore and excel in the art of dance. With mirrored walls, specialised flooring, and high-quality sound systems, it offers the perfect environment for skill development, rehearsals, and creative expression.

### **Auditorium**

Our versatile auditorium is equipped with state-of-the-art audio-visual technology and comfortable seating, making it an ideal venue for performances, presentations, and assemblies. It brings talents to the spotlight, delivers impactful experiences, and fosters a strong sense of community within our school.

### **Music Room**

Our dedicated music room is a creative hub where students can explore their musical talents, practice instruments, and collaborate with peers. With a wide range of instruments and audio equipment, it offers an inspiring environment for skill development, music creation, and sound appreciation.

### **Recording Studio**

Our professional-grade recording studio offers students the opportunity to explore the world of audio production and recording. From capturing live performances to producing podcasts or soundtracks, this facility empowers students to experiment with sound, refine their production techniques, and unleash their creativity.

### **Orchestra Room**

The orchestra room provides a dedicated space for students to come together and create harmonious music. Equipped with high-quality instruments and acoustics, it serves as a platform for students to develop their ensemble playing skills, refine their musicality, and experience the joy of performing as part of a collective musical effort.

### **Drama Studio**

Our versatile drama studio is a dynamic space where students can unleash their creativity and explore the world of theatre arts. With adjustable lighting, movable set pieces, and a dedicated stage area, it offers students the opportunity to develop their acting skills, express themselves through dramatic performances, and collaborate on theatrical productions.

### **Maker Space**

The maker space is a dynamic workshop that inspires students to explore their creativity, innovation, and problem-solving skills. Equipped with tools, materials, and technology, it provides a platform for students to design, prototype, and construct their own projects, encouraging hands-on experimentation and entrepreneurial thinking.

### **Art and Design Studio**

Our vibrant art and design studio is a space where students can express themselves artistically and explore various artistic mediums. From painting and sculpture to digital art and graphic design, it provides a supportive environment for students to develop their artistic talents, unleash their imagination, and cultivate their unique artistic voices.

### **Design Technology Workshop**

The design technology workshop is a dynamic space where students can bring their creative ideas to life. Equipped with cutting-edge tools and equipment, it enables students to explore design thinking, engineering principles, and hands-on fabrication. From prototyping innovative solutions to tackling real-world challenges, students can hone their design and technical skills in this inspiring workshop.

### **Science Laboratories**

Our modern science laboratories provide a well-equipped environment for students to conduct experiments, explore scientific concepts, and develop their analytical and investigative skills. With state-of-the-art equipment and safety protocols in place, students have the opportunity to engage in hands-on scientific exploration and discovery, fostering their curiosity and understanding of the natural world.

CHARTERHOUSE  
MALAYSIA

# BOARDING HOUSE

**FUTURE READY  
EDUCATION FOR A NEW REALITY**

# BOARDING WITH US

## Our Home Away from Home

Crafted with meticulous care and consideration, our boarding house provides a nurturing environment for students aged 13 to 19. We assure their safety, comfort, and academic development throughout their educational journey. At the core of our boarding house is the "Home from Home" ethos, creating a warm and welcoming ambience that feels like a second family.

Our dedicated live-in House Parent provides unwavering support, acting as a mentor, guide, and friend to every student. They nurture our students both academically and personally, fostering a sense of belonging and nurturing cherished memories in the process.

Our boarding house facilities include:

- En-suite dormitory rooms (with 3 or 4 beds)
- Study space
- Lounge area with television
- Dining room
- Dry and wet kitchen
- Washing machine, iron, and ironing board
- Refrigerator
- Personal lockers
- Garden and covered patio
- Private swimming pool

For young adults living away from home, our boarding house provides familiar comforts while offering an opportunity to develop into independent, responsible learners, all under the supportive wing of the school.

## Catering

Breakfast and dinner are included in our meal plan, provided seven days a week. The menu, developed in conjunction with external caterers, ensures a healthy and balanced diet that respects the cultural and religious requirements of our students.

During the school week, students can enjoy lunch at one of the many affordable, yet high-quality food and beverage outlets in the Hartamas Shopping Mall and surrounding precinct. Weekend lunches will depend on the activities students partake in and could be within the boarding house or off-site.

## Co-Curricular Activities

All boarders are encouraged to participate in the co-curricular activity programme provided by the school. Additionally, we organise regular activities and excursions during the weekends. Our boarders take the lead in organising these activities, similar to our school clubs and societies. Community outreach forms a key part of our programme, with all boarders expected to dedicate some time to making a difference within our community.

## Transportation

Boarders travelling independently receive a welcome and departure service at all KL Airports and the KL Sentral train station. This service includes a friendly greeting by a Charterhouse staff member, assistance with check-in at the airport or train station, and transport to and from the boarding house. Furthermore, Charterhouse Malaysia offers daily transportation to and from school.

## Charterhouse Malaysia Staff

A resident Charterhouse staff member is always available to attend to the boarders' needs and to offer care, support, and guidance, whether it be social, emotional, or academic.

Boarding provides a level of independence, and students are encouraged to utilise their evenings and weekends for study, socialisation, communication with friends and family, and involvement in community projects, leisure and sport. Our resident staff are supported by the students' House Tutor and subject teachers to ensure this newfound independence is manageable and each boarder can reach their full potential.

## Boarding Fees

BOARDING DURATION	BOARDING FEES	TERM 1	TERM 2	TERM 3
