ARCADIA SCHOOL STRATEGIC PLAN

ARCADIA

2020-2023

VISION

Nurture Lifelong Learning

We aspire to be an inclusive, world-class school of choice for parents in Dubai, where every student is happy, positive and thriving academically, socially and emotionally.

SCHOOL CULTURE, IDENTITY AND VALUES

Altruism, Respect, Compassion, Aspiration, Determination, Integrity, Adventure

	STUDENT SUPPORT AND WELLBEING	LEADERSHIP OF LEARNING	CURRICULUM DESIGN AND ADAPTATION
DEFINITION	Fostering human identity through holistic experiences.	To provide clear strategic direction and a shared ownership of learning development.	Ensuring curriculum underpins the school's purpose, identity and student experience.
MISSION	Creating a positive, happy, safe and inclusive culture within the school community. Develop every student to be a global citizen who appreciates, local heritage of the UAE.	Ensuring every student achieves and goes beyond their academic potential. Nurturing metacognition through learning skills thinking skills and conceptual understanding.	Provide unique and inclusive opportunities and pathways for all students. Maximising every student's experience through innovative design of learning.
GOALS	1. To take ownership of and maintain a distinct identity and culture generating an ethos of collective wellbeing. 2. To focus on an altruistic outlook where the school community genuinely support others.	1. Form a robust and scalable leadership of learning structure which holds the capacity to improve outcomes for all students. 2. To provide strategy, direction and clear goals for learning which are realistic and attainable.	1. To have designed a curriculum adapted for and bespoke to the Arcadia identity and culture. 2. To ensure every student can access learning experiences and pathways on their school journey.
STRATEGIES	1. Develop an approach which takes into consideration the school's vision to 'nurture lifelong learning'. 2. Foster a culture of student leadership of the school community and establish interconnected partnerships. 3. To develop stakeholder understanding of Arcadia Guiding Principles and to establish clear lines of communication.	1. Establish an effective leadership team who have the skillset, knowledge and confidence to drive school improvement. 2. Establish long term goals for learning through use of accurate data to extend learning capacity and continuity. 3. To implement the Arcadia learning pedagogy and assess its' impact on student outcomes.	1. Include all relevant stakeholder in the design and adaptation of the Arcadia curriculum, including students. 2. To have implemented a distributed leadership structure allowing for curriculum oversight and quality assurance. 3. To foster a culture of innovation and design thinking to review and refine the student experience.
