Welcome to Aster!

I am delighted that you are interested in joining one of Bangkok's newest international schools. Aster International School Bangkok opened in August 2022. Our school is offering British-style international school, using an enhanced version of the English National Curriculum.

Joining Aster International School Bangkok at the beginning of our journey gives you, the teachers, the chance to influence every aspect of the school's development. We are looking for teachers who are excited by the challenge of innovation, collaboration and creativity as we build an approach to learning that is suitable for mid-twenty-first-century global citizens.

Aster International School Bangkok is housed in a purpose-built campus. The classrooms are large and well-resourced. The school has specialist rooms for science, music, art, ICT, and PE, as well as extensive outdoor space, right in the heart of Bangkok. The school is located in the Sathorn area of the city, giving easy access to all that Bangkok has to offer.

We welcome applications from suitably qualified teachers who are excited by the opportunity to join a rapidly growing and thriving international school. In return, we offer a competitive package enabling our teachers to enjoy a comfortable lifestyle in one of the world's greatest cities.

Best wishes
