The Biology Department sits within the School of Science and Maths, which forms part of the Mond Centre of Excellence for Science and Maths. The Mond Centre was opened by Professor Adrian Dixon, the Master of Peterhouse, Cambridge. The department is a Centre of Excellence for Cranton Sixth Form College due to its highly-experienced teachers and industry standard facilities. Since opening as a Centre of Excellence, student numbers have continued to increase and the Centre continues to gain regional and national recognition for its work across all subject areas. The successful candidate will also be working with colleagues in our brand new IDEA Centre. The IDEA Centre is a state of the art building which educates students using some of the most advanced industry standards and methods. The recently refurbished dedicated classrooms provide a professional environment in which students can develop their skills and gain practical experience.

We are seeking to appoint a passionate, enthusiastic and talented teacher to join the highly successful team and to teach A Level Biology. This post provides an excellent opportunity for an inspiring teacher with a passion for teaching and the ability to enthuse and motivate students, recognising that the student experience is at the heart of the college. The successful candidate will work with talented and co-operative colleagues and a supportive management team, which truly believes that outstanding Teaching and Learning are the most important elements of a successful college.

Cranton Sixth form College is committed to:

- Providing learning experiences of outstanding quality
- Investing in teaching and learning
- Offering students distinctive and valuable opportunities to develop personally, professionally and academically
- Offering an Oxbridge programme in partnership with local high schools
- Supporting every individual student to reach their full potential
- Seeking opportunities for growth
