OUR SCHOOL

Our School

Carshalton Girls is a successful and welcoming school for girls aged between 11 and 18. The school has expanded in recent years, is popular in the local community and has a growing Sixth Form. The student body in our school is truly diverse, both in heritage and educational starting point.

The school is within easy commuting distance for London and surrounding counties by train, bus and car. It is a very short walk to Carshalton station for trains that take approximately 30 minutes to London Victoria, by Southern Rail, or 45 minutes to London St Pancras, by Thameslink. The school is also within easy commuting range of south London and Surrey.

Our Mission

Our mission is to be an exceptional community of teachers and learners. We are unashamedly aspirational for our students and aim to equip them with the knowledge, skills and dispositions they need to be successful, both academically and in their wider lives.

There is a culture of celebration established and reinforced by regular rewards and recognition of students' achievements. Our school values make explicit the traits and behaviours we prize.

Our Curriculum

Our curriculum has been carefully crafted to serve our students. It is made up of five component curriculums, each based on principles of relevance, coherence, communication, confidence and inspiration.

The Subject Curriculum

The subject curriculum is broad, knowledge rich and has an academic core. We prioritise the accrual of powerful knowledge not just for its own sake, but to maximise students' potential social mobility. At Key Stage 3 all students study a core offer of English, Maths, Science and MFL with all students studying History and Geography until the end of Year 9 where they choose at least one to carry forward onto GCSE. The study of STEM, Computer Science, Art, Religious Studies, Citizenship and Music continues into Year 9. At Key Stage 4 all students study separate Sciences and the vast majority also study a language. At Key Stage 5 students typically opt for three A level subjects. The traditional core of our curriculum is complemented by a range of vocation course choices at Key Stages 4 and 5.

Curriculum delivery is consistent across the school. Teaching supported by the staff handbook of practical strategies that are tried and tested to work in context. At Key Stages 3 and 4 the primary curriculum medium is bespoke workbooks produced in-house rather than the textbooks and exercise books. This reflects the care, pedagogical expertise and subject knowledge of our great teachers. There is a scheduled CPD programme, most of which is dedicated to working within departments in sessions focussing on successful development and delivery of the curriculum. Teaching is supported by a whole school behaviour system which is compassionate, clear and effectual.

The Careers Curriculum

The Careers Curriculum enables our students' successful transition to a future career path. It provides opportunities, through instruction and guidance, to build aspirations, develop capabilities, develop interests to support the making of informed decisions about subject choices and pathways. The Careers Curriculum contains a structured programme of activities to support students during key transition points at 13, 16 and 18 years old.

The Literacy Curriculum

We prioritise a culture of reading, advantaging disadvantaged students who may not read widely at home. The Literacy Curriculum is realised in a daily Tutor Reads Programme, wider

reading and subject disciplinary reading. These contain carefully selected texts, are sequenced and link across curriculum areas, providing a relevant and coherent schedule.

The Leadership Curriculum

The Leadership Curriculum provides opportunities for students to develop leadership skills through a variety of inspiring, challenging initiatives which impact positively on learning, teaching and well-being for both students and staff. Students are enabled to become effective, influential, and compassionate leaders in society through a range of inspiring leadership opportunities. The Leadership Curriculum is wide-ranging, inclusive, and accessible to all, particularly our disadvantaged students.

The Pastoral Curriculum

The Pastoral Curriculum is a broad and varied programme which enriches the experiences and improves the outcomes of our students, particularly the disadvantaged both at school, and in the wider life. The Pastoral Curriculum acknowledges that our students are growing up in an increasingly complex world where lives are lived seamlessly on and off-line, and our students are taught of the opportunities and the particular challenges this presents to girls. An excellent Pastoral Curriculum for every student is core to education at Carshalton Girls.

Our students enjoy a full range of extra-curricular activities and our staff are fully involved in this offer. We stage an annual school production and numerous music evenings. There are numerous successful sports teams and clubs and dance groups. There are a range of societies including crochet, chess, origami and LGBTQI+. We have an exciting variety of trips and visits, in school, in London, further afield and internationally.

OUR LEADERSHIP TEAM

The Senior Leadership Team has a wealth of education experience and includes two Deputy Headteachers and five Assistant Headteachers work closely and supportively with Directors and Head of Department to plan for the future development of our successful school. Collaborative and open working practices ensure coherence and clarity in the leadership and management of the school. The Local Governing Body is a strong and supportive team with considerable professional expertise.

OUR TRUST

What is the Girls' Learning Trust?

The Girls' Learning Trust is the UK's largest all-girls, all-state-funded multi-academy trust, currently comprising three high-performing schools:

- Nonsuch High School for Girls
- Wallington High School for Girls
- Carshalton High School for Girls

Together, these schools educate more than 4,500 students and employ nearly 500 staff. The Trust has a combined annual income of over £30 million and a strong reputation for academic achievement, leadership development, and inclusive practice.

What is our purpose and education mission?

Our purpose is transforming lives through girls' education.

For **students**, we help them achieve their full potential by creating an inclusive, supportive and aspirational learning environment. We equip them with the knowledge, skills, and confidence to thrive in school and in life, preparing them for their future.

For **staff**, we create a positive working environment where they are valued, supported, and motivated. We offer opportunities for development and career growth, encouraging collaboration and enabling everyone to contribute to the success of our students and the whole Trust.

For **schools**, we support and assure their education development with the freedom and autonomy to define their own values and priorities, respecting their individual character and unique identities. We promote collaboration across the Trust, enabling sharing of resources, exchanging ideas, and driving continuous improvement.

For **society**, we forge strong partnerships with parents, local groups, and other stakeholders to enrich our schools and students' educational experiences. We actively engage with the community to create a positive impact and foster a sense of civic responsibility in our students, staff and volunteers.

Our Education Mission is to empower girls to thrive through a holistic, rigorous and transformative education that nurtures their intellectual, emotional, and personal growth.

We believe in the limitless potential of our students. All our schools are empowered to develop their own education vision that reflects their local context and needs of their students. But this is underpinned by a shared belief in:

1. The transformative power of girls-only education
2. The holistic measurement of success based on the whole student
3. The prioritisation of student wellbeing and character development
4. The promotion of girls' leadership rooted in strong values
5. The value of equity, diversity and inclusion

How is a MAT different from a local authority school?

Academies within a Multi-Academy Trust (MAT) operate independently of local authorities. Unlike maintained schools, which are overseen by a local council and receive funding through the local authority, MATs receive their funding directly from the Department for Education (DfE). This gives MATs more freedom and flexibility in areas such as curriculum design, staff pay and conditions, and resource management - but it also comes with increased responsibility and accountability to central government.

In a MAT, the Trust Board and CEO are legally responsible for every aspect of the organisation's performance, including finance, compliance, governance, safeguarding, and school improvement. Local authorities no longer have any role in school oversight or intervention.

At the Girls' Learning Trust, this autonomy enables the Trust to implement its own Strategy and Operating Model, which aligns leadership, curriculum priorities, and educational assurance across all three schools. For example, the Trust sets its own policies for staffing, admissions coordination, educational development, and financial planning—while still complying with national statutory requirements. This enables the Trust to act more decisively and innovatively than would be possible under a local authority model, while remaining firmly committed to its mission of transforming lives through girls' education.

What is the history of the Girls' Learning Trust?

In 2015, Nonsuch High School for Girls formed a multi-academy trust with Wallington High School for Girls, the Nonsuch & Wallington Education Trust. In 2018, the company changed its name to Girls' Learning Trust (GLT) and later that year Carshalton High School for Girls joined the MAT.

Our schools share many characteristics and are held in high regard by the local community. They are high performing and deliver a broad, balanced and challenging curriculum setting high expectations. Students benefit from being taught by well-qualified, dedicated and committed staff who are experts in girls' education. The Trust benefits from the expertise within an executive support staff team that provides shared services for schools, including finance, estates, IT, procurement, capital development projects, HR, governance, audit and risk. This core team of professionals ensure consistent methods of operation, strong quality assurance and best value across the Trust.

Relationships in the Trust, between staff and students or between colleagues, are built on mutual trust and respect. These relationships drive school improvement and contribute to the wellbeing of everyone. Visitors often comment on the high levels of motivation and positive behaviour of the students, the commitment and professionalism of the staff and the well-equipped school buildings. Strong academic performance is complemented by highly effective pastoral care. We believe in offering a broad experience that goes well beyond the academic, and girls are encouraged to develop their confidence, independence and resilience across a wide range of enrichment and extra-curricular activities.

What makes the Girls' Learning Trust special?

While we work across the Trust to support school performance and ensure value for public money, we believe in allowing our schools autonomy in developing approaches to pedagogy and the curriculum that will deliver the very best outcomes for their students. Nevertheless, our shared commitments and the many opportunities we have for collaboration across our schools mean that we learn lots from each other and that we remain outward-focussed.

What is it like working at the Girls' Learning Trust?

Being part of the Trust means that no school works in isolation. We are stronger together—not by erasing difference, but by celebrating it in a community where excellence, equity, and empowerment are shared aims.

Staff are supported to thrive through high-quality development, cross-Trust networks, and streamlined operations that reduce workload and stress.

- Access to professional development pathways, from early career to senior leadership, aligned with a Trust-wide framework that supports progression.
- Collaboration with expert colleagues in girls' education, through forums, networks, and school-to-school support that promote both excellence and innovation.

- Staff voice embedded in strategy, with regular consultation and survey data used to inform Trust planning and improvement.
- Workload reduction and greater wellbeing, through high-quality shared services in HR, IT, finance, governance, and estates.
- Job security and career mobility within a growing, values-led Trust, enabling staff to thrive professionally without losing connection to their school's identity.

Our commitments to you

To support the achievement of our education mission, we recognise that our strength lies in the talent and dedication of our staff and we will prioritise recruitment and retention strategies that attract high performing people who align with our shared ethos and reflect the communities we serve. Professional growth and personal wellbeing are central to our approach. We will provide continuous learning and development opportunities that will help staff thrive and progress their careers. We will uphold a culture that promotes kindness, collaboration and recognition, ensuring an open, safe, supportive and inclusive environment where all individuals feel heard, valued and are empowered to contribute to our mission.

Our commitments to each other

We know that our people are our strength and deserve the highest standards. We want everyone working within our community, whether as a volunteer, contractor or member of staff, to feel valued, supported and part of a cohesive team, working in a safe environment with the resources they need to thrive. To support this aim, it is vitally important that our core commitments of integrity, collaboration and reflection are shared. These commitments should act as our reference point; they should unite and orientate us, helping us hold ourselves and each other to account.

We will act with **integrity**. It is our anchor value and ensures that we act with kindness, we maintain fairness and we are positive role models. In our interactions we will:

- Consider what we do and what we say, ensuring kindness, honesty and understanding.
- Be consistent, respectful and fair in our approach.
- Do the right thing even when it might be difficult.
- Maintain accountability, owning mistakes, understanding that working to resolve them is an essential component of long-term success.

We will be **collaborative** in our working style, looking towards cooperation and codesign where beneficial, and involving those affected by decisions in the development of solutions. In our interactions we will:

- Listen to and support each other, encouraging diverse perspectives or beliefs and providing opportunities for others to feed into work at an early stage.
- Share ideas, knowledge and learning, to help us understand and develop together.
- Encourage active participation from others in decision-making or problem-solving processes, seeking solutions that work for everyone where possible.
- Be unafraid to ask for help or support and be willing to provide the same to others.

We will take time to be **reflective**, understanding that better-decisions will be made, and better work will be produced, when we give ourselves the space to learn and develop. In our interactions we will:

- Have the courage to welcome constructive feedback from others to help us better understand.
- Provide time to reflect on our activities and ask ourselves the question, can we do it differently?
- Foster a thoughtful approach to our work, being open to learning, adapting and sharing.

- Allow others the time and space to reflect, understanding that we are all individuals with differing working styles and needs.

Additionally, we require all leaders working across the Trust to demonstrate and role model **positivity** in attitudes to day-to-day challenges and support others to do the same. As leaders in our interactions we will:

- Adopt a balanced perspective, framing setbacks as temporary and focusing on longer term goals and the bigger picture.
- Approach challenges with optimism and renewed energy.
- Exhibit a 'can do' attitude, engendering a positive mindset in others.
- Be forward thinking, pragmatic and solution focused.

Our commitment to Equity, Diversity and Inclusion

At the Girls' Learning Trust (GLT), Equity, Diversity and Inclusion (EDI) is not an optional add-on or a standalone policy area—it is a fundamental thread running through the Trust's purpose, education mission, and all five strategic priorities. Our commitment is clear: we will transform lives through girls' education by ensuring that every student and member of staff can thrive, regardless of background or identity.

The strategy embeds EDI in the following ways:

- **Strategic Integration:** EDI is interwoven across all five strategic priorities, from achieving strong outcomes and developing inclusive school cultures, to building empowered leadership and securing long-term organisational sustainability. This means EDI is considered in all key decisions, not treated as a separate initiative.
- **Data-Driven Accountability:** The Trust tracks outcomes across a wide range of characteristics—including economic disadvantage, SEND status, ethnicity, and gender identity—using this analysis to identify gaps and inform action. These insights feed into each school's development plan and the Trust's annual KPI framework, which explicitly references equity-related metrics.
- **Statutory Compliance and Beyond:** All schools are required to publish clear and measurable Equality Objectives under the Trust's Public Sector Equality Duty, but the Trust's ambition goes further. Schools are expected to engage in regular reflection on inclusion and equity, supported by central tools and challenge processes.
- **Training and Capacity Building:** The Trust provides training for leaders, teachers, governors, and central staff on issues such as unconscious bias, inclusive language, and structural disadvantage. This professional learning is built into the Operating Model and offered through Trust-wide CPD and leadership programmes.
- **Inclusive Practice and Representation:** Schools are supported to ensure that curriculum materials, displays, assemblies, and communications reflect the diversity of the communities we serve. Representation matters—students should see themselves in the content they learn, the staff who support them, and the values that underpin their school.
- **Local Reflection and Ownership:** While the strategy sets a Trust-wide direction, each school is empowered to reflect on and address its own inclusion gaps. This is supported by tools such as EDI self-assessments, consultation models, and community engagement frameworks—ensuring that inclusion work is both consistent and context-sensitive.
