Teacher of Art & Design
To start January 2018 (maternity cover, for one year in the first instance)
MPS/UPS plus London Fringe Allowance
Closing Date: Tuesday 2nd January 2018
We welcome early applications

Are you passionate about teaching Art and Design? Would you like to join a team of dedicated and reflective practitioners whose aim is to help students of all abilities develop the skills and qualities which will allow them to excel in the future?

Furze Platt is a highly successful mixed comprehensive school serving the children of Maidenhead. 1200 boys and girls of all abilities thrive at our school. We are a highly ambitious, high-achieving and fully inclusive school providing an outstanding education for all. We want our students to enjoy the time they spend with us by providing an education which is broad, stimulating and rewarding. We are also proud of the range of extra-curricular opportunities we provide for students outside of the classroom.

We are currently recruiting a Teacher of Art and Design to join our successful and expanding school. We are particularly keen to talk to applicants who can deliver graphics skills in Design and Technology to KS3 students.

We can offer you:-

- the harmonious and friendly atmosphere which exists on our campus
- the opportunity to join a happy and successful school which has been rated as one of the country's highest achieving comprehensive schools by the SSAT, with excellent exam results and whose Progress 8 score is in the top 24% of schools nationally
- fantastic support from your line manager and a Senior Leadership Team who genuinely want to see you succeed and develop here at Furze Platt. NQTs are allocated a mentor, a reduced timetable and the opportunity to attend training sessions run by specialists from a group of Maidenhead schools
- career opportunities allowing you to grow professionally within Furze Platt including working parties and coaching for experienced teachers and leadership training for aspiring and existing middle and senior leaders
- the chance to teach Art & Design in our Sixth Form which has 250 students
- excellent on-site facilities
- access to a newly installed gym
- your own laptop, student laptops and interactive whiteboards
- access to an employee advice service which provides information, helpful resources and other services.
- Invitations to whole school social events including our Christmas party and gatherings to celebrate success

The successful candidate will:

- be confident to deliver KS3, KS4 and KS5 lessons in Art and Design as well as having excellent subject knowledge and a passion for teaching a subject which consistently achieves outstanding exam results at both GCSE and A level
- be able to deliver engaging lessons which inspire and encourage all students to value the importance of Art & Design in everyday life
- be a newly qualified or experienced teacher

Interested applicants are welcome to talk to Mrs Debbie Harding, HR Manager debbie.harding@furzeplatt.net about this post, or to visit the school. To learn more about our school please refer to our website www.furzeplatt.com.

Furze Platt Senior School is committed to safeguarding and promoting the welfare of children and young people and we expect all staff to share this commitment. This post is subject to an enhanced disclosure via the Disclosure and Barring Service.

Dear Candidate,

Thank you for your interest in this post, and I hope you find the information provided useful.

Furze Platt is an extremely rewarding school in which to work and was rated 'Good' by Ofsted in our most recent inspection (September 2016).

As our values and vision statement notes, 'Our successful school is a happy, safe and caring learning community where achievement is promoted, potential realised and young people flourish.' We have nearly 170 caring, committed and good humoured teaching and support staff together with a diverse student body of 1250 students, who come to school ready to learn and who are supportive of the school's policies and procedures. This is a school where staff and students work together to achieve high standards and excellent outcomes.

'Pupils achieve highly at this school' - Ofsted 2016

Our student body is taken from the town of Maidenhead, 30 miles west of London, and from other parts of Berkshire and Buckinghamshire. Whilst overall the area is affluent, ours is a true comprehensive school, with students from all social, economic and ethnic backgrounds. The school is popular and well regarded in the local community. The achievement of most students is good or better and has been significantly above national averages for 4 years running. Both girls and boys make significantly better progress than children nationally.

'The quality of teaching and learning is strong. Teachers' strong subject knowledge and good behaviour management skills help pupils to learn effectively' - Ofsted 2016

We are also a very inclusive school, and our vertical tutor group system, with six tutor groups in each of eight houses, emphasises the sense of community. We have a specialist unit for students with autistic spectrum disorder, and provide excellent support for those with academic or emotional difficulties.

Our curriculum is broad and balanced, and aims to meet the differing needs of students. We operate a two year Key Stage Three to allow students to make accelerated progress and to embark on their GCSE studies in Year 9.

At Key Stage Four our curriculum provides an appropriate mix of academic GCSE subjects including English Language and English Literature, maths, and both combined and separate sciences. Students can also opt for more vocational subjects. Standards are very high and students' progress and attainment are significantly above the national average.

The Sixth Form is an undoubted strength of Furze Platt, with the broad curriculum offer and high standard of teaching leading to excellent examination results. A very large number of sixth formers progress to university, including Russell Group universities and Oxbridge. Sixth form students are also expected to undertake community work in or out of school, including paired reading and maths schemes, and act as subject prefects or mentors. They make a significant contribution to the school. The Sixth Form block boasts state of the art teaching rooms, study facilities and a common room.

‘Teaching in the Sixth Form is consistently good... students made very strong progress in both academic and vocational subjects [and] are excellent role models for younger pupils... the proportion of A* and A grades has also increased’ - Ofsted 2016

We have excellent ICT facilities, with all departments having either a separate ICT suite or large numbers of laptops for student use. Our VLE (‘FP Online’) is first class, and enables staff and students to collaborate simultaneously over the Google ‘cloud.’ All teaching staff have their own school laptop.

We also believe passionately in music, drama, the arts and sport, and have excellent facilities to support these. In particular, over the past five years two state of the art Drama studios, including a small theatre, have been built; a new Dance studio has been constructed; while our Music department has been completely redesigned, and now houses a professional recording studio, practice rooms and classrooms. As would be expected, there are a large number of music and drama productions, both on a large and small scale. We have recently completed a significant sports development programme and Furze Platt Leisure Centre opened on site in 2015.

We have a strong team of teaching staff and are committed to developing our teaching still further, and thus to ensure that even more students reach their full potential. To this end, we invest heavily in teachers’ professional development. In addition to twilight staff development time and teaching and learning-focused INSET days, staff are encouraged to join working parties focusing on aspects of pedagogy and benefit from staff coaching. Where appropriate, staff attend external courses, and we encourage staff to visit other schools to see examples of best practice.

Furze Platt is an exciting school to work in, and this is an exciting time to join us on our journey. I hope that the information in this pack inspires you to apply to work with us. Should you require any further information, then please visit our website (www.furzeplatt.com) or contact me via my P.A. Mrs Jacky Phillips email jacky.phillips@furzeplatt.net.

With best wishes

Tanya White
Headteacher

Job Description – Teacher

Purpose: To ensure the greatest possible progress and development of students, through high quality teaching and learning, and appropriate pastoral support. To challenge and support all students to achieve their best by:

- Setting consistently high expectations and standards
- Sharing a love of your subject and of learning
- Enthusiasing, engaging and motivating students
- Inspiring trust and confidence in students and colleagues

Main duties:

- To maintain thorough and up to date subject knowledge and pedagogy
- To plan lessons and sequences of lessons and to support students in meeting their personal and academic potential
- To use a range of effective strategies for teaching and for behaviour management, as detailed in the school's Learning Policy and Behaviour Policy
- To ensure the effective deployment of classroom support where appropriate
- To use and analyse performance data including prior learning data, progress data and external examination data when planning lessons, and in order to establish and set expectations, targets and action plans for individuals and groups of students
- To assess, monitor and record progress of students in teaching and tutorial groups
- To set home learning regularly and in accordance with the school's Homework, Marking and Assessment Policy
- To mark work regularly, provide appropriate feedback, and ensure this feedback is acted upon, in accordance with the school's Homework, Marking and Assessment Policy
- To communicate students' progress with parents and carers
- To take part in marketing and liaison activities, such as Open Evenings, Parents' Evenings, Options Evenings and Celebration Events
- To engage actively in your own Performance Management and to take responsibility for your own Professional Development within the context of the school's Performance Management and Professional Development policies
- To be a team player within your department and house, contributing to department meetings, improvement plans and self evaluation processes.
- To contribute and where appropriate to lead on departmental learning plans including Schemes of Learning or Schemes of Work
- To work with, learn from, and support departmental and House colleagues
- To cooperate with colleagues to ensure a sharing and effective use of resources and to inform the process of ordering and allocation of equipment and materials
- To alert relevant staff to problems experienced by students and to work with those staff to implement solutions

Other duties:

- Where appropriate, to assume pastoral responsibility either for a mixed age Key Stage 3 and 4 tutor group or a Sixth Form tutor group, as part of the school's house system
- As a form tutor, to produce appropriate reports and otherwise liaise with parents as required
- To be aware of and assume the appropriate level of responsibility for safeguarding and promoting the welfare of children and to report any concerns in accordance with the school's Child Protection policy
- To comply with the school's Health and Safety Policy
- To undertake any other duties not mentioned above, commensurate with the level of the post

Furze Platt Senior School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

Art Design and Technology

The Art, Design and Technology Department at Furze Platt Senior School aims to provide a stimulating and dynamic learning experience for all students. The department's highly successful teaching and learning approaches and curricula enable students to develop passion and expertise in a wide range of media and skills. A wide variety of Art and Technology subjects are studied at KS3 and a range of specialist subject choices are offered at KS4 and KS5.

The Art, Design and Technology department is proud of and values the achievement of its students. At the heart of our curriculum is an emphasis on creativity and personalised learning. We place a high value on each student's personal response. Stimulating creativity and thought beyond the curriculum is an important focus. We encourage students to enter local and national competitions and we organise visits and trips to a range of art galleries and museums. We invite local and world famous artists and designers into school to explain their work and inspire students. We are very proud of our students' work which we display both in school and in public places such as the local town centres.

Accommodation, Resources and Facilities

The department is housed in three suited areas with nine classrooms. It is equipped with two dedicated computer suites with specialist ICT software and hardware. The Technology facilities include a laser cutter, and two 3D printers. The art department is largely open plan with a purpose built gallery space to showcase students' work; we also have a fully equipped photography studio.

Staffing

Head of Art, Design & Technology

Five additional full time specialist teachers, 1 part-time specialist teacher

Three specialist technicians

One specialist learning support assistant

Curriculum

KS3	Students learn in mixed ability groups and follow the National Curriculum. The focus of the two-year Key Stage 3 curriculum is to embed skills and knowledge about a variety of media and processes to enable students to be GCSE ready. Students learn the basic language of design (line, shape, pattern, colour, form etc) and are introduced to relevant historical and cultural references. Pupils will rotate in Technology between Food Technology and Product Design, and remain with a teacher and a class in Art and Design. In Technology KS3 assignments include a keyring project, where they learn skills in plastic, wood and metal, and they also design the packaging for the key ring in a graphics module. In Year 8 students produce a mobile phone holder from acrylic using the laser cutter, and an eco-friendly earphone tidy project.
KS4	Year 10 and Year 11 students choose from a range of GCSE subjects in Art and Technology: Art and Design, Graphic Products, Resistant Materials, and Food and Nutrition. Our current Year 9 students are the first cohort tackling a 3-year Key Stage 4, and choose from Art and Design, Food Preparation and Nutrition, or Design and Technology.
KS5	We offer a variety of A levels across the department. In Art students can opt for A level Art, Craft and Design or A level Photography. These are popular subjects with many students opting to take both. In Design Technology we offer A-level Product Design. Product Design results have improved year on year and work produced by the students in this subject is innovative and original.

Extra-Curricular Provision

We have an open door policy in the department that allows KS5 students to work in designated areas in their spare time, all sixth form students also have access to key equipment in their free time such as the workshops or the laser cutter allowing their work and projects to develop independently. We run catch up clubs after school in all KS4 disciplines enabling student to access extra support they need with their GCSEs. At KS3 we run a food club for year 7 and 8 plus Green Power Club in Design Technology, which allows younger learners to explore new skills outside of the dynamic curriculum we offer. We also have a developing Sixth form Art, Design and Technology student leadership team that support key Art and Design events throughout the year.
