# Open Letter from our Principal

The Hill Primary Academy is a primary school in the heart of its community. As Principal, I am immensely proud to lead such a welcoming, hardworking and caring team. Also, to be able to work with kind, respectful children who want to learn and develop their understanding of the world is a privilege!

We are a vibrant, friendly two form entry primary school. We are proud to be a part of the Astrea Academy Trust, a family of 27 schools across South Yorkshire and Cambridgeshire with a proven track record of school improvement. 'Inspiring Beyond Measure' embodies The Trusts passion by stating our commitment to 'educate, not just school'.

The Astrea dispositions of Resilience, Empathy, Aspiration, Contribution and Happiness are encouraged and nurtured in all of our students in our academy and also in our staff – at both the academy and Trust level.

With over 370 pupils aged between 3-11 at The Hill Primary Academy, we have a strong ethos of inclusion. We encourage all children to be confident, independent learners, caring for themselves as well as others around them. We set ourselves high standards of respect, resilience and achievement. As a team we are constantly striving to provide our children with the best possible education and a range of opportunities.

At The Hill Primary Academy, our aim is to empower children in a life full of choices. We hope to provide experiences and the knowledge so that children can make informed decisions, encouraging children to take risks and to learn from their previous choices to help them to make better, informed choices as they move through life. We aim to foster a love of learning and develop enquiring minds through a curriculum especially tailored to our school and the needs of the children. Our curriculum drivers; heritage, knowledge of the world, cultural diversity, aspiration and healthy minds and bodies help our curriculum take shape. These drivers are our passions. We also place a high emphasis on the development of basic skills to support our children. We ensure that our children value themselves as unique individuals, respecting the differences and working together as a community to enable our children to develop as responsible citizens.

Last year the school opened a successful community hub that supports adult learning, mental health and wellbeing and a number of opportunities for members of the community to come together for a collective cause. We hope to continue our work on this over the coming years to strengthen our community links. Parent partnerships are regarded with upmost importance at The Hill. Only when working with parents and carers and sharing a common goal, do we achieve the very best for our children.

# About Astrea

Astrea is an ambitious, dynamic and young trust with a mission to tackle historic educational disadvantage and raise quality standards across all of our schools. Our academies are based across South Yorkshire and Cambridgeshire, often in areas or at schools which have experienced generationally poor educational opportunities. Our role is to change that. We have grown rapidly over the last four years and now educate around 14,000 students in 27 academies and settings. Whilst our educational outcomes have improved over the last 4 years, they are not yet as strong as we would like them to be, nor as strong as our students and communities deserve. With this in mind, we are entering a new period in our development. We are increasingly clear and specific about our vision for behaviour, curriculum and teaching quality.

## Key Characteristics of our academies:

- High aspirations, with a firm emphasis on academic attainment
- A knowledge-rich curriculum that develops a general knowledge of the world not simply for progression for the workplace, but for the love of the acquisition of knowledge
- A calm and purposeful learning environment built on mutual respect and centralised behaviour systems
- Outstanding pastoral care with the provision of specific trust delivered SEMH services where appropriate to the pupil
- Standardised reading and arithmetic catch-up programmes for pupils where this is relevant that are taught by specialists
- Active parental and community involvement
- A broad range of extra-curricular activities including sports, music, performing arts and academic clubs

## Objectives for pupils:

- Encourage all children to be confident, hard-working and ambitious, regardless of background
- Transmit a core body of knowledge to all pupils and the ability to think for themselves in order to be aware of the world around them
- To be active and thoughtful participants in their local community
- To be successful in achieving their qualifications at both GCSE and A Level

## A knowledge-rich education:

- By a knowledge-rich education we mean a rigorous and extensive, knowledge-based education that draws its material and methods from the best and most important work in both the humanities and the sciences.
- The aim of a core-knowledge education is not primarily to prepare pupils for a job or career, it is more to transform their minds so that they are able to make reasonable and astute judgments and engage fruitfully in conversation and debate – not just about contemporary issues, but also about the universal questions that have been troubling mankind throughout history.
- We want children to leave our schools with the confidence that comes from possessing an essential general knowledge. A knowledge-rich education should not confine itself to the Western canon, but should embrace other cultures and traditions. What that canon includes will be subject to review, but will always be closely connected to the history and the present nature of the society in which we live, including our international connections.
