Mill House School is a vibrant and nurturing independent day school located in the beautiful village of Meriden, Solihull. We specialise in supporting young people aged 11–19 who find large group settings challenging and who thrive in a more personalised, alternative approach to education.

All our pupils have an EHCP, and most are diagnosed with autism, so our small, close-knit environment is carefully designed to meet their individual needs. With a strong focus on personal growth, emotional wellbeing, and academic achievement, we empower every student to flourish at their own pace.

At Mill House, learning extends beyond the classroom. We offer a broad curriculum that leads to meaningful qualifications, preparing students confidently for their next steps into further education, training, or employment. Our small size allows us to build deep, trusting relationships with each young person and their family. We don't just teach — we nurture potential, build confidence, and create lasting change.

Our staff team is at the heart of what makes Mill House special — caring, collaborative, and passionate about making a real difference every single day. We believe in supporting our staff as much as we support our students, offering regular professional development opportunities, and a genuinely positive, welcoming environment where everyone's contribution is valued.

If you are passionate about working in a school where relationships are central, where creativity and positivity are encouraged, and where the impact of your work is truly visible, then Mill House School could be the perfect place for you. Join us and be part of a community where every day is an opportunity to change lives for the better.
