Moral Purpose – Students first – a belief that all students can achieve and an unwavering commitment to pursue achievement for all.

The Role

The purpose of this role is to:

- Deliver outstanding Physics provision to a wide range of learners, through an exceptional student experience leading to positive achievement outcomes.
- Undertake a range of administrative and development duties that contribute to improving standards and achievements and the learner experience.

Main duties and responsibilities

The successful applicant will be expected to:

- Deliver and teach AS and A2 Level Physics to agreed success targets.
- Regularly review and monitor the attendance and progress of learners and follow up as required to ensure learners achieve their targets.
- Carry out, collate and feedback initial and/or diagnostic assessments to identify students' ILP and support as required, providing differentiated learning strategies to enable students to achieve their primary learning goal.
- Provide assignment and assessment material appropriate to each specific programme.

- Evaluate and assess (formative and summative) the work of learners in relation to the curriculum criteria and provide timely constructive and helpful learner feedback.
- Maintain quality systems related to the teaching of Physics including designing work schemes, lesson plans, assessment plans and assessment activities.
- Update and maintain electronic documentation to support teaching and learning, assessment and tracking of learner progress.
- Attend curriculum meetings and contribute to the continual quality improvement mechanisms (e.g. maintenance of course files, timely updating of ILPs on ProMonitor).
- Develop quality resources (including e-resources) which support the development of Physics.
- Actively develop and use new technology in teaching, learning and assessment.
- Prepare and enter learners for exams in a timely basis.
- Liaise with the Curriculum area and Learner Managers including attending IV and standardisation meetings.
- Actively support the embedding of English and Maths into vocational areas and participate in curriculum development regarding the teaching and learning of Physics.
- Keep up to date with current developments and adapt to changes in Physics.
- Share in responsibility for ensuring good standards of student's behaviour and take appropriate disciplinary action when liaising with course tutors.
- Take an active part in the recruitment of learners providing appropriate advice and guidance.
- Liaise whenever appropriate with feeder schools and support agencies.
- Contribute to the advice and guidance and assessment of prospective learners, e.g. student interviews and open days.
- Contribute to course marketing activities.

Other Corporate Responsibilities

- Reflect the vision, mission, aims and values of the College.
- Always strive for continuous improvement in your professional practice and delivery of outcomes.
- Commit to the safeguarding and promotion of the welfare of children, young people and vulnerable adults.
- Participate in the College's Performance Development Review and engage in continuous professional development.

- Continually improve teaching, learning and assessment through proactive CPD and sharing best practise.
- Support enrolment procedures as appropriate and cover for absent colleagues as appropriate.
- Be compliant with Data Protection Act arrangements and confidentiality.
- Identify the financial, health and safety, equality, safeguarding, confidentiality or other risks associated with the post's sphere of responsibility and to define and take positive action to manage these risks.
- Carry out such other duties as may reasonably be required from time to time.
