SUBJECT INFORMATION PACK:

Teacher of Maths

Joining an Inspirational Team!

Our Team

The successful applicant will be joining a department which has a reputation in the school for being committed to teaching and learning and prioritising the requirements of the students. We are a genuinely supportive and friendly team who work collaboratively to plan engaging and challenging activities.

The current Progress Leader (Head of Department) joined us in the last academic year and is driving the department forward in innovative ways. This is such an exciting time to join this team and be part of shaping the future!

This Role

We are looking for an outstanding classroom practitioner who is passionate about the subject, hard-working, able to work collaboratively, develop resources and someone who wants to join the department on the road to outstanding.

Our Facilities

We are well-resourced, all rooms have digital projectors and whiteboards and staff are provided with laptops. There are ICT facilities within the learning centre for student use.

Our Curriculum

Students sit an examination within the first couple of weeks after joining Year 7 and this result, coupled with their Key Stage 2 level is used to place them in an appropriate set. The content of the work that is covered is determined by their set but all students will be introduced to GCSE style questions as early as Year 7. Termly assessments take place in each year group and the timetable allows for students to be moved between groups accordingly.

We currently follow the AQA specification at both GCSE and 'A' level and are fortunate to have a team of experienced teachers who can extend students' learning across all key stages.

We are proud of the work we do at Latimer and we genuinely look forward to meeting someone likeminded. If you share our passion and enthusiasm, we would love you to apply for this post!

Job Description
